Kevin & Annabele

VHF Net Monday - Friday Opening at 0800 on 72 and then switching to 68.

10-2019 SV Longta We bought a pair of sails from Lee Sails in Hong Kong. We were in Nuku Hiva and we used Kevin (Nuku Hiva Yacht Services) as our agent. We used the "yacht in transit" process because of the value of the purchase. Everything was handled seamlessly and our sails arrived (earlier than originally quoted!) on the Aranui.

AMATRANSIT - Bollere Logistics Polynésie

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Mail : emilie@amatransit.pf

Jean-Pierre was my initial contact and the person I dealt with face-to-face. He speaks pretty good English. He's either the owner or the Manager. I think Emilie did most of the leg work and I emailed back and forth with her for some details. I usually sent my inquiries to both of them. Jean-Pierre made the deliveries personally, though, dropping them off at the marina gate using his own car. I usually paid him in cash at the time of delivery, but also paid cash into an account at their bank directly across the street from the marina when some minor adjustments were necessary.

I did three imports with Bollore. The first was just an iPad that had gotten tangled up in red tape in the mail. Jean-Pierre did this for free, I think because I'd been personally referred to him by a mutual friend and because we'd already started discussing my bigger shipment. The second was house batteries, etc, amounting to about \$4500. The third was a new-used helm pedestal valued at about \$500. I'd say Bollore's fees on these worked out to about 5%. There were no hassles on any of these, only time and patience required, none due to delays that I would attribute to Bollore.

Actual shipping into Tahiti was out of Los Angeles through Vanguard at:

LALA FARAIMO JR.
South Pacific Islands Supervisor
Direct: (310) 604-2699 Fax: (310) 847-8008
Vanguard Logistics Services (USA), inc.
2665 E Del Amo Blvd Rancho Dominguez CA 90221
LinkedIn | vanguardlogistics.com

As I understand it Vanguard also used to act as an import agent here but, due to some bad actors among us cruisers, won't do that anymore and I only used their shipping service. Although the requirements for paperwork were a hassle, I had no trouble with Vanguard themselves at all.
Roy (SV Mabruka) 9-2018

Gondrand Transit & Voyages

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.541653

Longitude: -149.56863

[view in google maps](#)

Gondrand Transit & Voyages

We used Gondrand for both importing a battery charger and also importing the boat.

Battery charger was in customs less than 4 hours before I had it in hand!

The company is used by the majority of boats that want to import their vessel into French Polynesia. We can highly recommend them. (Jacaranda)

They are located very close to McDonalds in city center.

I have only dealt with them via email and phone - Yes importation was all handled via email and phone. (Jacaranda)

Michele Lichon
douane.1ppt@gondrand.pf

Laurent BAUDIT
Gondrand Transit & Voyages

Commercial-exploitation.ppt@gondrand.pf
Direction.ppt@gondrand.pf

10-2022 SV Auntie

AVOID!! Complete fail on Gondrand, largely because of their US partners, I.L.S. Bottom paint I use not available here any longer so bought 8 gallons in Miami and had Gondrand handle all shipping. In the US, I.L.S. lost 4 gallons, and damaged the remaining 4 gallons beyond use. They did not communicate this, had I not repeatedly asked for updates I would still not know. Gondrand's insurance would not cover because it never reached the dock. AVOID!!

Poly Trans
Island: Tahiti

NOT recommended by numerous cruisers who used them and will never use them again. They do not process yacht in transit status and basically were very difficult to work with.

If using Vanguard in LA as the US shipper they give you an option of 2 agents to use.

Polynesia Yacht Services
Island: Tahiti

Polynesia Yacht Services (PYS)
Laurent Bernaert
Tel:(689)87 77 12 30
polynesia.yacht.services@gmail.com

Excellent reports from numerous yachts that have used Laurent. Speaks English

10-2019 SV Amilie We first used PYS when Oyster retained him as yacht agent for the 2013/4 Oyster World Rally

We contacted him, again, when in Mexico before departing for Nuka Hiva last Spring 2018

PYS use Kevin (NHYS) in Nuka Hiva and our Fuel Duty Free Certificate were available on arrival, together with Kevin sorting out the paperwork for our entry in FP

Marina Taina seems to be pretty well booked up whatever time of year & we've met many cruisers who've been denied berths and moorings because fully booked. PYS have arranged our bookings and we've always been allocated a berth.

We were recommended Matt Rigging Services when in Marina Taina, again he seemed constantly booked up, when we contacted PYS we were on the schedule and it was worth the 10% fee charged for going through Laurent.

We've had occasion to import spares, new sails & a new generator over the past 18 months, each time PYS have sorted clearance at Customs and delivery to Marina Taina within 24 hours of goods arriving in Papeete Airport.

As an avid cigar smoker I found myself ordering cigars through PYS to fly them to Rangiroa. They were bought at wholesale, not retail, and even including the 10% buyers fee and freight to Rangiroa they were 30% cheaper than the shop in Papeete.

If you want to enjoy cruising these beautiful islands & minimise the time waiting for spares & services we highly recommend using PYS."

Handles the Oyster Rally when it comes thru.

1-22 SV Sea Bear Today we returned to Marina Papeete from Fakarava, and on arrival at the dock, I looked in your guide for someone to take a look at our air conditioners which haven't worked for the past 18 months. I goggled on line and found R.E.G. climatisation. I can't remember the man's name but he was downtown and came to our boat within 20 minutes. He was a lovely local man who spoke only a little bit of english, but with google translate, we managed well to explain the issues. He had both aircons up and running within 2 hours, and his price was very reasonable. He was very professional and took his time to properly evaluate the units. Even went the extra mile to discuss possible future issues and what we could do about them should they arise. As well, he returned with a cannister of refrigerant for us to use at a future date if needed. He said he was happy to also consult online if we had any further issues. All in all a great experience and highly recommended!

AIRLINES / AIRPORTS

Air New Zealand

Island: **Tahiti**

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: **-17.540352**

Longitude: **-149.567921**

[view in google maps](#)

Ave du General de Gaulle

City side of Vaiama Center

Near LAN office.

Air Tahiti

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.53965

Longitude: -149.566922

[view in google maps](#)

Local FP interisland airline

Telephone 40 86 60 67

Office in Papeete is near the Market.

They have service to almost every island throughout FP. Prices are modest. If over sixty there is a discount card worth exploring. Flights are often booked up to a month ahead but changing or cancelling flights is a maximum of 1,000xpf so checking for cancellations is often fruitful. Luggage allowances are 7kg but a scuba c-card gets you a free extra 5kg and connections to international flight increases your allowance. The per kg extra baggage rates are very modest but your luggage may be sent along later.

What we do is

1. Check the Air Tahiti flight for space.
2. Book our international ticket
3. Bring a copy of our international flight to Air Tahiti so they can mark your ticket as an international flight. You are then allowed 20kgs (2016 Jacaranda)

Air Tahiti Nui

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: 17.539648

Longitude: -149.56692

[view in google maps](#)

This is the international part of Air Tahiti. They can be booked online and booked through a number of booking sites. Seats can only be reserved by going to the office. Plenty of English speaking staff.

They are adjacent to the Marie (City Hall) on the East side corner.

AirCalin

Island: [Tahiti](#)

New Caledonia airlines. Services islands in the South Pacific

<https://us.aircalin.com/en/the-company/the-fleet>

American Airlines (Extra Bags)

Island: [Tahiti](#)

American Airlines

We booked our tickets via AA and they ticketed us on Air Tahiti Nui.

2015

What surprised us was we were allowed 2 large bags each. The next year(2016)

I forgot and booked on Air Tahiti Nui and found we ended up paying extra for our second bag. So check the prices and baggage allowances before you book.

(Jacaranda)

24

French Bee

Island: [Tahiti](#)

French Bee is now flying into Papeete

Hawaiian Airlines

Island: [Tahiti](#)

They fly in on Sat. 1x a week

International Airport

Island: [Tahiti](#)

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: [-17.556755](#)

Longitude: [-149.611411](#)

[view in google maps](#)

The international airport in Tahiti is called Fa'a'a. It is a 15-minute drive away from the city center but there can be high traffic in the direction Airport->Papeete early in the morning up to 8am, and starting at around 3:30pm until 5pm in the direction Papeete->Airport.

Buses

Airport - Papeete

There is a bus stand directly across the street from the airport. Buses run randomly weekdays and Sat during the day.

Papeete - Airport

You can catch the bus near the central market. Mon-Sat during daylight hours

Taxis

There is a taxi stand right in front of the Papeete marina (the one in the city center) on the other side of the road very close to the Vaima shopping center next to the Rétro bar.

Depending on time of day taxi's from city center run about 20-25\$. Bags also contribute to cost. Also the number of people as well will increase the cost

LAN

Island: [Tahiti](#)

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: [-17.540271](#)

Longitude: [-149.567822](#)

[view in google maps](#)

Often has special rates to Rapa Nui. Go into the office to ask.

Address: Avenue du Maréchal Foch

Part of the Vaima Center on the city side of the center not the water side

Located close to the Cathedral

Especially cool is the festival that lasts 2 weeks in Rapa Nui that is terrific. We were able to book at the last minute and found a very good deal. We did go into the LAN office for the discounted airfare.
Jacaranda

Quantas Airlines (Extra Bags)

Island: [Tahiti](#)

Quantas Airlines

We booked our tickets via Quantas to LAX and they ticketed us on Air Tahiti Nui.

2017-2018

What surprised us was we were allowed 2 large bags each. 50lbs each. Yet booking direct with Air Tahiti Nui allows only 1 checked bag. So check the prices and baggage allowances before you book.
(Jacaranda)

United Airlines

Island: [Tahiti](#)

United is now flying into Papeete

ALCOHOL

Ariki Noa Noa

Island: Tahiti

Ariki Noa Noa

Tahitian Import Export

They sell liquor in bulk and at discounted rates. You can buy a 10L drum of tasty rum for \$160/drum. There is no additional cost for the container. They only accept cash, but there is a Banco Socredo right next to their building.

Location is Zone Industrielle del la Punaruu.

Even though the containers look exactly alike (blue 10L drums) and they both have stickers, the rum inside and the cost is different when comparing Ariki Noa Noa to Tamure Rhum. The Ariki Noa Noa rum is smoother and does not have the typical bite that "Rhum" offers and you will save about \$15-\$20 per drum if you purchase at Ariki Noa Noa. Of course, it is not as convenient as Tamure Rhum which is located near Carrefour, but it is worth the drive for better tasting and cheaper rum

6-21 SV Sugar Shack recommendation

Bora Bora Bar Retro

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.539986

[view in google maps](#)

Kim Fa SAS

+689 40 54 56 00

Fare Ute next to Yune Tung. Close to Hotel Sarah Nui (across the small stream)

If you are checking your boat out of the country in Papeete, you can buy alcohol duty free at Kim Fa, a retailer in Papeete centre. They will bring the alcohol to the dock.

Les 3 Brasseurs

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.536231

Longitude: -149.568086

[view in google maps](#)

Lat/Long (-17.53618, -149.56792)

Les 3 Brasseurs in Papeete is a local brewery that has a decent selection of beers. on Monday nights beers and flat breads are half price.

Tamure Rhum (Rum in Bulk)

Island: Tahiti

Tamure Rhum(Rum in bulk)

Location: Juice stand by the Puinaaia Carrefour

Contact: 89 71 01 47 or FB Messenger.

More info at <https://m.facebook.com/profile.php?id=410835222429912> or <https://tamurerhum.com/>

Local distillery making good quality local spirits and juices from locally grown sugar cane and fruits. Their bottles can be found in Carrefour and other grocery stores. They also have a sugar cane juice stand next to the Carrefour in Punaia (close to Taina) where they offer rum in bulk ('en vrac') in 5 and 10 liter jugs, as well as flavored rums. When buying in bulk, you get a significant discount off their white and dark rums - about 30% off. Call or message in advance to pick up your order at their stand. Cash only.

They also ship to other islands using maritime freight for a modest fee. We got our order in Fakarava on the Cobia, and payed through local bank transfer.

They speak OK English.

More info at <https://m.facebook.com/profile.php?id=410835222429912> or <https://tamurerhum.com/>

6-21 SV Sugar Shack

Tamure Rum is located at the juice stand across from Carrefour (Marina Taina) will also arrange for 10L drums of rum. They offer white rum 38 proof \$180/drum or 47 proof \$220/drum or Brown rum 38 proof at \$180/drum or 45 proof \$200/drum. The container is an additional \$500 and it usually takes a few days to get.

ALTERNATOR AND STARTER REPAIRS

Alternator and Starter Shop

Island: Tahiti

[Update from August 2022: The old person who was running this business is not working anymore. I heard that his son took over but the shop described below may not exist anymore or may have moved. Please let us know if you have any info]

Galet (or Gally)

Small alternator and starter shop on Tipaerui road. No sign but look for row of white tour buses on the west side of road (right). The shop is behind the buses. Speaks no english but has a test bench and is knee deep in old parts. Would not charge to test alternator.

Punaauia

Winds, Motors and Altenators. Installations

5-2024 SV Indioko., I would simply say that he was able to work magic on our old rusty onan Cummins generator. We removed the genset at marina Taina and dropped it directly onto his truck. He took it away, was able to rewind the stator, built a new metal base and stands to replace the rusted out one and even helped me work out a way to gain both 110 and 240v power out of the single genset. After a quick paint job (mainly to hold the rust in a roughly generator looking shape) he was keen to show us it working before dropping it off back in the marina for us to reinstall. Brilliantly kind and helpful guy and first on my list for generator repair.

11-2020 SV Moira I have recently had to replace my generator with a used unit that needed to be reconditioned, tested, installed and troubleshot aboard. Laurent and Kevin at Chan et Fils SARL in Puna'auia have done an outstanding job and I would like to recommend them to be added to your guide.

A project like that is never easy and they have gone out of their way to see it through.

Rebuild motors including starters and alternators.

In Fare Ute on side street next to Total. Just before the Mobil station on the port side of the street.

Does not speak English but using Google translate worked well

3-2022 Recently reported that Laurent from Chan et Fils SARL also owns this shop.

12-2020 SV Hedonism

The location is as advertised in the TCG but you could possibly walk right by it. Suffice to say, do not look for a "storefront". It is a two man working shop. You enter through the garage door directly into the working shop. He does not speak English but very quickly pulls out his phone with Google Translate at the ready.

I brought in my Hitachi Alternator that Deiselec had first said a couple of months previous, "no parts" and then said cannot fix with out even looking at it. (tried to sell me a new one). Enipac said it would be next week before he could look at it. The next day I decided to email him asking him if there was any chance of getting it sooner as we were hoping to depart. That evening he emailed me 5 photos of my alternator including the problem (burnt diode) and the winding. There was also a photo of my alternator on the test bench. He advised that it would be ready the next day. He replaced the diode, repaired the windings and "baked it". Total cost was 15000xpf which I thought was reasonable.

My suggestion if you are going to visit, type out a note of what you want done including what you are bringing in (12 volt alternator, 80 amp) and what you would like done (trouble shoot, repair etc) and run Google Translate before you print it. It will make things easier.

I would not hesitate to return.

Arue PK 4
email: yctahiti@mail.pf
Tel: 40 42 78 03

VHF 6

The anchorage around Tahiti Yacht club is generally in the twenty meter range. The club charges 1500xpf a week for the dingy dock and access to their hot water showers. They also have good clothes washing facilities. Carrefour is close and several food trucks come every night. Their moorings are rarely available and cost is high. You can take diesel but not water there but the maveuvoring room is very tight (wouldn't recommend for a full keel boat for sure.) You can occasionally get an end tie for a day or two on one of their docks. WiFi is available from adjacent cafe.

12-2019 Current reports are there is no anchoring allowed near the club

2017- It was reported by Rob on Tiger Beetle that the Gendarme came by in their boat and told all the anchor outs they area is not an anchorage. Ask at the club for further updates

MC import
Address:
204 allée Pierre Loti
Vallée de Titioro-Papeete
BP 140957-98701 ARUE
Tel: (689)40547954
Fax:(689)40547952
@: mcimport@mail.pf
BP 140957 - 98701 ARUE

contact name was Pierre and that he spoke good English.

This should be your first stop.

MC Imports is easy to spot, they have a large "MC Imports" sign under the apex of the metal clad warehouse, dark grey. It is on the right hand side going up/south on Avenue Pierre Loti. It is 50m beyond the short cross street called Pont de la Fautaua over the creek on your left. More precise position is 17 32.593S 149 33.205W.

The opening to the warehouse is on Pierre Loti.

About 500m beyond Carreira fabric store on the same road

Some Notes of Interest

Visited MC Imports today and saw the batteries they had there. The battery of interest to us is their WINNER SOLAR W6A. Sold by an Greek company VIOSY and said to be made in Korea. They knew the Trojan and said it was made in the same place but...no evidence. In every way it looks like a Trojan T105 even down to the caps and lifting lugs on the top of the box. Just is white not brown/red. It is a GC2 225Ah at the 20hour rate just like the T105. I have a cycles vs DOD graph too and it seems to outperform the T105 on that score. Case height is 9.75" and to top of stud is 10.50". Width and length are 7.13" and 10.25".

Their price for Winner 6 volt was 26200 xpf if sold as "in transit."

Have a very large stock.

6-20-17

Price for a YIT is 83840 CFP for 4 with no VAT and including a 20% discount. The 16% VAT is not charged if you present yacht & customs papers and passport.

11-2017 after buying 4 6V batteries in Sept Found them not having as high of working voltage as the older Trojans. But them seem ok

02-2019 following up after 18 months off use. I am pleased with the batteries and would buy again. But I have found that over watering them kills them for 2-3 weeks. So I have been only putting a small amount of battery water in and not topping up Jacaranda

BOAT BROKERS

Raiatea Yacht Sales

Island: Raiatea

Raiatea Yacht Sales
(+689) 87 29 06 09 / (+689) 87 27 79 38
info@raiatea-yacht.com
<https://www.raiatea-yacht.com/index.php?page=accueil&lang=en>

8-2023 SV Indy We decided to list our boat with Raiatea Yachts mostly because other brokers in French Polynesia would not represent an older monohull priced less than \$150k. We were also attracted at the 8% commission rate (vs 10% elsewhere). We have come to learn that you get what you pay for...

We had one of the brokers come and take a tour of the boat, we have them a through overview of the ins and outs of how the boat worked and the codes for everything. After reviewing the condition of the boat and then equipment, we asked their opinion of our asking price and she said it was a good price for the kind of boat we had. Fast forward a month, we are back state-side and they write us saying our boat is way overpriced, and if we want any chance of selling it we need to drop the price by 50%. Suddenly it felt like we were not on the same team any more.

If they would have done any research, they would have known that was a ridiculous thing to ask of us for the kind of boat we have and how equipped it is.

Communication with Raiatea Yachts was generally terrible. Each time they showed the boat, they sent a different member of their team who was seeing the boat for the first time and had no idea what was going on. They couldn't figure out how to flush the head during a showing, so they sent a frantic email to us saying that the head was broken. Then they went totally quiet for 2 weeks and didnt reply to anything! At another showing, the rep they sent didnt even know where the boat was located, or where the key was, so they are scrambling around unprofessionally trying to show the boat. It was a giant cluster %\$@%

We hired an independent boat-watcher who did a great job; however had a very difficult time dealing with Raiatea Yachts as well.

There were numerous times they called our boat watcher to 1)clean the boat 2)ask if the boat was clean 3)open up the boat for them. We hired a boat watcher independently of them to take care of the boat for us in our absence. The brokers were extremely demanding of him and treated him like one of their employees. To the point that we were worried he would quit due to how they treated him. Isn't that why we gave Raiatea Yachts a tour of the boat, gave them the code of the boat, and agreed to pay 8% of the sale price for the effort they put into selling it?

Luckily we were able to sell the boat outside of them but I seriously do not recommend using this brokerage for any of your boat sales. They are unprofessional, rude, and uncommunicative.

6-21 Name withheld by request

I had been looking at boats for 3 years. Finally saw one of the type I wanted very cheap online and made offer instantly it was just listed It was accepted (Melodie was broker) I arranged to fly down have boat inspected. Cost me a fortune of work time off of flight of Airbnb of inspection etc etc. I'm on papeete 7 days I ask a question i get no answer for two days I flew and spent all that money to wait in an Airbnb room? I don't think so So I asked another question but this time I didn't wait I made steps to find my own answers from the owners. I got the owners phone number from locals and called them. Melodie was all upset I went around her but told her why I did so. Then I bought the boat (pictures were were ten years old and it was decrepit compared to them) but I wanted a boat and it was cheap I didn't want to waste a fortune having come to see it for nothing (10% of boat price+) So... Then transaction was finished and I was sending friendly emails back and forth to the old owners. And I got a bit of info....the boat had been listed for a year. Wait what? When I saw it it was new listing.. I checked two three times a week all the time. So.. they had been under the impression that it was listed globally and it had not been.. for. A year they had had it for sale and paid marina fees.etc. while she did what?

2019 SV Jacaranda - We tried to use Melodie at Raiatea Yacht Sales in 2019. We wanted to fly from Tahiti to Bora to look and possibly purchase a catamaran she had listed. First she never got back to me after repeated emails and calls. I finally asked friends to stop by her office in Tahiti and tell her that they would not leave until she contacted me. We had a very short schedule to make a flight to Bora as we were departing for Calif in a few days. She never arranged a showing and said she would get back to me....

6-19 SV Recalada gave her a contract to sell their boat. After a year of terrible service and very little action they dropped her and went with another broker. They were very disappointed with her

BOAT CARDS

Vista Print

Island: Tahiti

Vista Print

<https://www.vistaprint.com/>

5/2022 SV Tavae

printing boat cards, business cards, leaflets... It is much cheaper to make it/print it somewhere else and ship it here...

I found out that printing here 100 business/boats cards will cost you around \$80!!! That is hilarious!

I made our boat cards (500 pcs, double sided, color) online (vistaprint.com in our case vistaprint.nl for Holland) for 30 EUR for delivery in Holland. Our daughter sent it to us with a regular post in bubble envelope for 25 EUR. It took 2 weeks to arrive here. Tracking number is important for that because the envelope came to the post office by Marina Papeete. So, you have to see that your package arrived and go to pick it up. You have 2 weeks to pick it up. After that time, package is going back to the sender.

He does Diesels diagnostics, repair, maintenance

Can watch your boat and do as little or as much as you want.

12-2022 SV Auntie

Highly recommend Adrián to care for your boat. He watched my boat for 4 months while I was away, I received regular reports and pictures, and everything he cared for was in great shape upon my return. He's THE guy.

09-2022 SV Kaipa Nui

September 2022 - Adrian did an exceptional job watching our boat for nearly two months while we were out of country. He sent regular reports (including photos) and was responsive to questions. At our request, he arranged for our props to be cleaned and ensured the diver used the specific scrub pad we provided. He even took the initiative to use sikaflex to reattach a small grill over a ventilation opening when he noticed it had fallen off after our temporary 'repair' failed. We appreciate his attention to detail, his commitment to doing good work, and the way he follows through on the tasks he's assigned. Adrian is a solid guy, a true professional, and he has our strong recommendation.

10/21 SV Ziskakan. Adrian at Taina Boat Watch did an excellent job taking care of our boat while we spent time away from Tahiti. He was communicative, knowledgeable, and always gave us professional service, sending us regular updates with any important information and making sure that our boat was in tip top shape for our return. Due to personal matters we had to leave our boat empty for six months per year for a number of years. It gave us tremendous peace of mind to know that we had someone with Adrian's work ethic and expertise to care for it while we were away.

Valery Friedel (Marina Papeete & Taina)

Island: Tahiti

Valery Friedel" PH 87 26 89 52.

(SV Coco) 12-19

Valery is a very nice guy and helped me with many little handyman repairs and buying parts. Great English and he works hard and fast which keeps the costs down. He also looks after boats for absent owners. He has almost completed a circumnavigation himself in previous years so thoroughly experienced in most things yachting or prepared to give it a go.

Yacht Club Area. If you are staying near Tahiti Yatch Club in Arue, buses run from very early until at least 6 pm. Walk across the big sports field to Ave General de Gaulle then a few hundred meters east, stand on the pavement (sidewalk) in front of the funeral home/marble counter tops shop. Wave at any bus you see as they approach. They tend to run about every 20-30 minutes. The cost in Dec 2016 was 200xpf one-way and 360xpf return. The smaller buses go by the nearby Carrefour but this can't be a 15 minute walk. The big buses stop in the same bus stand as the bus to Faa and Marina Taina. The small buses stop next to the town hall, the Marie.

Marina Taina. The bus stand for Marina Taina from Papeete is a block south east of the main market (marche) just around from Vodaphone. If your French is poor just say Marina Taina to the bus driver and he will tell you yea or nay. The Omotara bus or the Paea/Papara bus go by the Marina. The cost in 2017 was 200 xpf or 340xpf return. The bus drops you just in front of the Marina. Coming back just cross at the pedestrian crossing and look for the bus stop sign.

Walking in Papeete From the Papeete Marina to Fare Ute is 14 minutes at a steady pace. Ocean 2000 is twenty minutes as is Hyper Bricolage. Its similar from the bus stops if you're coming from the out lying areas. Champion is about 10 minutes from Marina Papeete.

Further comments on why some folks can download android app from play station and others can not.

Thanks to SV Hedonsim 1-22

NOT all Android phones can download the APP. IF you have a FP phone and it was purchased here, Google Play should allow you to download. BUT, if you have a Google account not based in FP, you will not see the App as being available. We have 2 phones, one with a Vini Sim and one a Google Fi. Neither is able to download the APP because our Google Acct. is not in FP. I spent considerable time trying to figure it out. Apparently you can change your Google Location and download it but you are only allowed to do that once per year.

Google Play it will not even show up. Go on the web to the Tere Tahiti site and click on "download the APP" and this is what you get IF you do not have a FP based account.

You can obtain the app for android here: <https://play.google.com/store/apps/details?id=com.spec.mobiv.teretahiti>

C

CO2 REFILLS

CO2 Refills DIY

Island: Tahiti

4-2023 Price is still 4960xpf delivery 1469xpf and tax +16% 5 kg is will fill about 9 bottles.

2-2022 About dry ice and filling soda stream bottles in Tahiti... My husband went this morning (you should arrange the date and time with Gaspac). He is back and this is what he got and how he is doing it: he got pellets shape dry ice and now he is filling 400gr per bottle.

Of course, he removed the top of the bottles.

More info: 5kg is min to buy. With 5kg with filled 8 bottles and we have some leftovers.

The price for 5kg = \$49.60

2-20 Additional info

I am planning to buy carbon dioxide CO2 dry ice to fill Sodastream bottles in Tahiti.

Any top fitting can be filled including our US style tops. We have 2 bottles and the minimum purchase will fill about 8 bottles. I think last time the total cost was about 5000 francs.

So about 6 USD per 330g bottle.

Dry ice available in Papeete. See entry for GazPac under same heading

Lots of You Tube videos on how to refill your bottle. Very Easy

<https://www.youtube.com/watch?fbclid=IwAR31a0bkgzxE-iim2xbGljdIVJTUnhxOvOwC0G5YLx77P2EVZoZLKrYu1Ts&v=ee7fvfGVIFY&feature=youtu.be>

<https://youtu.be/BVIVqNQXJTk>

If you put in the weight stated on the label. Sometimes 450g, 425g or 410g. All these different weights claim to make 60 litres of drink! Presumably more or less fizzy.

You need to weigh the bottle then zero the scales to make sure you don't overfill

Comments from DV Dash filling in NZ I thought we ordered "pellets" both times. The first time we got lovely "tubes" of dry ice we could easily pick up with tongs and drop in, about the size of glue sticks. This past time we got a box full of what looked more like frozen rice! (Different distributor) it was a bit more cumbersome to funnel into canister, but it worked.

A kitchen or postal scale helps. You can put empty canister on it and zero scale and add dry ice to the proper amount. Kind of fun like a high school science lab day!

Call ahead to schedule appointment

They package industrial and food grade gases. CO2 cylinder refill and dry ice. You need to call them because they don't process every product every day.

2-2022 5kg is min to buy. With 5kg with filled 8 bottles and we have some leftovers. The price for 5kg = \$40

8-2020 Cruisers reported filling tanks with Co2 for beverages

Andrew Nelson reports Gazpac is the answer.

You need to unscrew the top and fill with the correct weight of dry ice(from Gazpac) . Very easy and cheap. Minimum purchase fills about 6 bottles app 5000xpf

5/2021 SV Cyrolia

For canvas work, Tahiti Sails. Sebastian and his team did my dodger and bimini for my Jeanneau 53, and the work exceeded my already extremely high expectations.

12-2020 SV Barracuda of Islay Tahiti Sails have just made us a smart new spray hood for Barracuda, and it's actually better than the original - we're very pleased with it. Guillaume is great to work with: very professional, listens well, does what he promises, is clear about timescales and costs, and pays attention to detail. All this and he speaks good English too. NB We were warned that our fabric would take six weeks to arrive from NZ - so worth allowing plenty of time for canvas work.

Ocean Sails Tahiti

Island: [Tahiti](#)

Michel 689-8771-1686 (oceansailstahiti@gmail.com)

9-2019 SV Sugar Shack

We had **Oceans Sails** (Michel Pegart Maitre Voilier) do repair work on our sail bag and he did not do a good job. After visiting his sail loft and speaking to him about types of threads used and process, we felt confident he'd do good work. We asked him to quote the repairs on our sail bag (strengthen and reinforce) and small spinnaker (we blew out clew). The sail bag was the priority as we had a backup spinnaker.

With the sail bag we asked him to patch the small holes, reinforce all stitching, reinforce the batten sleeves, and re-attach our name flap which came off. He said it would be “no problem, easy job, and could be done in a few weeks at very little money.” Several weeks later, my husband went to pick it up and paid \$600 (more than a little money to us, but our bad for not getting an exact quote first). When my husband went to install the sail bag, he noticed several areas had the new stitching already coming out (Michel failed to lock stitch the beginning and ends). In addition, in several places the stitching was crooked when it should have been straight. Unfortunately, we had guests coming and needed the sail bag up. So, my husband finished with the install before we had to leave.

In addition, with the spinnaker he said it would cost well over \$1,000 to repair or he would have to cut it down and charge a little less. This is an 18-year-old spinnaker so it was not worth the cost to repair. We took it back.

We were very disappointed in the work from Ocean Sails. We had higher expectations since he had several good reviews, the loft was professional and he “said all the right things.” **Very poor craftsmanship and work.**

Airborne 9-2018

We had him take our sails down and fix up any tears or chafing on them (14,500 nm), and he fixed our SS bracket that lifts our main sail (rounded and polished it to stop the cutting action it had at the head of the main when it was down), he rounded the ends of our battens so that they now slip into the pockets with little effort. He fixed the lazy jack sail bag that had gotten frayed on a passage when the second reef line became tangled around the end. He did a great job of repairing it and making sure that it did not look like a repair at all. It was a brand new North Sail cradle (they don't like it when you refer to it as a bag), so we wanted to make sure it did not look like it had been repaired, and Michel made it look better than new He also is building an enclosure for the fly bridge stair wells on our L450 to stop rain from soaking the rear cockpit. He speaks English and French and is very personable. He charges about what everyone else in Tahiti charges (about \$60/hr). He is very busy in high season, but seems to have more time in low season.

Canvas work

7-2022 SV Liward Just had Sellerie Marine de Tahiti do a complicated repair of our Bimini. Charlotte did a fantastic job, on time, and the price was reasonable. She is very professional and uses the proper materials and machine. It does not even look like a repair. Charlotte speaks English. Very happy with her service and quality!

5-2022 SV Auntie After 2 no shows by a competitor, I contacted Charlotte to make a new mainsail cover. She is in demand and busy, but she kept in communication until the promised start date. Worth the wait! This is the best mainsail cover I've ever had made! The fit is perfect, the craftsmanship top notch, and Charlotte and her crew are friendly and helpful.

05-2022 SV CAPALL MARA They did a relatively small job for us but it involved innovation.

They came promptly and finished a day early.

Will speaks excellent English.

They do cushions, awnings and sail covers.

03-2022 SV Airborne Charlotte Jardin, Sellerie Marine de Tahiti, recently completed a new bimini and shades for our boat. She provided excellent customer support, and good communication in English (note she also speaks fluent Spanish and French).

Her company offers an excellent supply of quality sample materials for the project which she orders ahead of the start of sewing. After making the templates on board our boat, she completes the cutting and sewing etc. in her large workshop in Tipaeru; Charlotte lives on a boat in the Taina Marina area. Charlotte was always courteous and responsive to requests for changes. Charlotte honored her quotation which detailed materials and labor estimates. We feel very happy with the results and have recommended her to several other boats who have used or plan to use her company

Carpentry, Fiberglass & Spraying

8-21 SV Airborne We have had Christian do a couple of jobs for us in the last four months. The first was to cut a new nav panel with all the holes for radios, and MFD pre-cut. He knew we were going to do a carbon wrap so he finished it so there were no surface imperfections that would show through the wrap. The workmanship was perfect and was on time. The second was a set of teak bow pulpit seats on our catamaran. Again, the workmanship was excellent.

He is not cheap, but the products delivered are excellent and on time.

I highly recommend him"

Recommended by the 2016/2017 Super Yacht Guide.

I just saw a spar he painted and it looked terrific (Jacaranda 2017)

Located airport area

89 50 44 77

Echo Car Rental phone +689 40 54 29 0

Two options with ECO car

1. They will deliver the car to you with all the paperwork and CC machine - easy and fast
2. They will pick you up and take you to the airport office - This may take hours like it did for us. Plus we had to return it to them again another hour.

First time we rented from them they came to the Papeete Marina and we saw option #1 as quick, efficient and only took about 10 minutes

Second time we rented they picked us up and transported us to their airport office. This took 2 hours with traffic, 10 people in front of us when we arrived. Plus we had to return the car to the airport office as well - another hour++ wasted.

MAKE SURE YOU INSIST ON OPTION 1

1-22 SV Marauder. Highly recommends Maeva.

If you happen to be in Cooks Bay Moorea and are in DESPERATE need for a baby sitter, **Orchilea Maeva Faaruia-Smith** is an amazing woman and she is based in Maharepa. I haven't transitioned very gracefully into juggling parenthood / cruising/boat maintenance / working quite as well as some of my peers. How others do it so well is a feat and I have nothing but respect for those peeps. But if you're ever in need of a sitter to watch your little loves as if they were family while you get stuff done onboard, Maeva is gracious, kind, she sends pics throughout the day of the kids, and she works with your budget. I truly believe she just....loves children, and that was exactly what we needed in a pinch for our 2 year old and 2 month old.

CHINESE MEDICINES / HERBS

Pacific Natura Papeete

Island: Tahiti

Looking for specialty teas try
Carrefour Organics Section

Coffee

Island: Tahiti

Finding decent coffee beans in FP can be a hit or miss. The following stores have been known to carry coffee beans

Maxi - Starbucks beans (Flavored - Vanilla, Hazelnut, etc). They do have large tins of ground Folgers coffee.

Careefour Papeete - stocks coffee beans

Champion - Papeete usually stocks coffee and some beans

Polynesian Trading Company (Kirkland Products) used to carry coffee beans (1-19)

Champion - Mo'orea (Viarae) often has coffee beans.

Super U Mo'orea Cooks Bay also stocks coffee beans but often sells out

But like anything if you see it buy it!

Let me know if you find other stores that carry coffee beans and I will add them here

Thanks
Chuck

Coffee Shop Tahiti

[view in google maps](#)

There is an Apple reseller called IVEA in the Vaima shopping center, facing the city center marina. They fix computers in the shop and honor Apple care warranties. Linda had her Mac BookPro repaired after it crashed. They charge 5,000cpf to have a look and come up with an estimate.

For more information, see [Apple Computers](#)

Atom Electronic

Island: Tahiti

Atom Electronic

atom-electronic.fr

+689 40 57 16 16

Two locations: Two branches, a small one at 13 Rue Cook (1 street along from Champion) and a much bigger one at the Point de l'est - 68 Rue du Marechal Foch

13 Rue Cook,

68 Rue du Maréchal Foch

4-21 SV Barracuda Atom Electronic are excellent. They will do a free diagnostic very quickly - generally in a couple of days, compared with Service Point who asked for XPF3000 and took 2 weeks. They repaired my MacBook Pro in 24 hours and at a reasonable price (as they had parts in stock). They also have reconditioned phones in stock, again reasonably priced, and I am very happy with the one I bought from them. You can get a quote for repairs online at their website at atom-electronic.fr

Carrefour
Island: Tahiti

We needed to replace several failed consumer electronic items in Papeete. Tablets and Phones can be repaired near the Papeete Marina. Carrefour has 1 and 2 gigabyte external hard drives at fairly reasonable prices. We found a demonstration model, brand name laptop for \$317 (US) at Carrefour with a two year in store warranty included. A new Samsung smart phone built to IP67 military specs for waterproofness was only \$272 (US) when purchased along with a Vini contract.

contact@pmi.pf

SV Hedonism

Serge and Lionel both speak good English and are very accommodating. This place was recommended to me by another computer repair shop! I called them from the first shop and they stuck around over lunch to wait for me to arrive. This is not a computer sales store. These guys are in the repair business and are out on repair calls to various businesses each day so it is imperative to call first to be sure they are in the shop. They work on Dell, Toshiba, Lenovo and so on...

My Dell computer fried the motherboard. They trouble shot it and then gave me the "bad news". They

pointed out it would take a couple of weeks to get it in from the US. I decided to buy a new computer back home and have it shipped along with a motherboard. They did NOT charge me anything for the trouble shooting. Just happy when I said I would bring it in when it arrived for them to install. When they did, the charge was about 10600 XPF.

Covid (What to Do)

Island: Tahiti

01-01-2021

nb This information is intended for cruisers - not for those flying in by air.

FP-wide Covid helpline number - +689 40 45 50 00

Covid testing sites <https://www.service-public.pf/dsp/covid-19/centre-depistage/?fbclid=IwAR3qxHkVOvC36OMay6N6PegcQ-Eb4JE4yrFw5VgnjNh3koSEPkiUzJ5rGzs>
Part 1

- As at January 1, you don't need a doctor's prescription to get a Covid-19 test any more

- if you have symptoms and want a test, go to the Institut Louis Malarde in Paofai,

Papeete. This is located at the junction of rue des Poilus tahitiens and rue du 5 mars 1797 - two blocks behind the Paofai Temple (pink church) near Champion <https://goo.gl/maps/P4MMKNS9iUJgZ3wTA>.

This is open M-F 0730-1500, S-S 0730-1200. Tel +689 40 416 416/472. Email cov-check@ilm.pf

- follow the signs outside the building for the Covid testing site. Once you find the testing location (clearly marked, on the side street), you go to the first 'station' where you need to show your ID, and give your phone number (international number accepted).

You then go to the next station where you will get tested. They will take two samples. The first is for the rapid test, where results take 15 minutes. Sit in the waiting area until your name is called with the results of the rapid test.

- If the result is positive, you will usually be told to go home and self-isolate.
- If the result is negative, they will send the second of the two samples for testing, which takes up to 2 days.
- you will be given a form with a link to access the test results, including your personal ID and password, and told to isolate until results are in.
- Test results are usually available online within 48 hours but many have been available sooner. You will receive a text once your results are available.

1-21

Part 2 submitted by SV Kini

"I felt unwell a few days before Christmas, on a Saturday. I phoned the 15 (SAMU= emergencies), told about my symptoms, the doctor on duty said they might be Covid, instructed me to take paracetamol, and get tested on the Monday. There is a "Kiosque Santé" in front of Paofai Temple. There was zero queue, I was attended by 3 friendly nurses all for myself. Nothing to pay. They did the antigenic test first, which gives a result in 20', or proves nothing, which was the case. Then PCR. Result 2 days later by sms (I was negative). All quick, free, easy and friendly."

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.534006

Longitude: -149.577083

[view in google maps](#)

The customs office is located on Motu Uta. It is a large 2 story white building with a large "Douane" sign out front.

Customs # (689)40 50 55 50. Hours Monday thru Friday officially 0730 to 1530, and open through lunch but they are really grateful if you come not at lunch time, and not after 3...

trafficmaritime@portppt.pf

cce-polynesie@douane.finances.gouv.fr

You can take your dinghy over there. Look for the Pilot boats

Enter the front door its now first door on left a plaque "Yachting".

Present your old duty free certificate if renewing or your green entrance paper given to you at the gendarme at first port of entry.

For other customs information contact Mme Frebault, cce-polynesie@douane.finances.gouv.fr

If you are in the out islands and either need to renew or obtain a new certificate AND have friends in Papeete you can email them copies of the paperwork along with a letter of authorization. Might save you from having to pay the agent fees.

Thomas Tél/Fax **40.56.47.15**

cell **87.78.03.20**

mooreacoursier@mail.pf

Found this guy on the recommendation of a friend and then later Michel (from the chandlery near Taina). Nice guy named Thomas. Speaks fairly good English. He drives to Tahiti every weekday and cruises around picking up various items people ordered from stores. Then he brings them back to Moorea and delivers them. I ordered a fuel filter and some misc stuff from Michel late this afternoon. Thomas promises to have it delivered to either the quay near Tiki anchorage or Woody's house if we're off the boat. But he'll deliver it to wherever access is closest to wherever the cruiser is anchored. About \$35. Epic.
<http://www.mooreacoursier.pf/index.php?nx=ACC> By Naoma

10-18

Sent an email to Thomas 3 hours ago and just received a response. A quote to pick up a 25kg anchor in Tiana Marina and Cooks Bay 2300F

Anchor was delivered promptly the next day and the driver even carried it to the dinghy!

Recommended highly by Jacaranda

Delivery service on the island of Tahiti

8-21 SV Tintamarre This is a delivery service on Tahiti. We wanted to send a dinghy we borrowed (so almost 50kg) from Raiatea Carenage to Taravao Marina. The Carenage delivered it to the docks in Raiatea (free), the boat freight was 1500 pf....Then Fenua Livraison (Freddy) collected it and drove it to our friends at Taravao. (8000 pf). Freddy was a great communicator, did exactly as promised, and I would definitely use his service again if I needed to.

His services are used by Tahiti Crew and Raiatea Carenage.

7-2022 SV Imagine reported that Maton is a very good dentist

SV Dash Bora Bora I went to the dentist due to a filling falling out, and found out I needed ROOT CANAL! Went to Dr Jacques Maton, located immediately next to Aloe Cafe across from the Chin Lee Market. I was walk-in, saw me in 15 minutes. Xray and diagnosis, local anesthesia, root canal within the hour. Less than \$200US. The following day and appointment for a cap, 1 hour in chair, cap and done..\$100US. He also included a copy of my xray by email! I paid in FP \$ as his exchange rate would have cost me a bit more. His English is very good, office modern and spotless.

12-2020 SV Hanna - Correction on location reported by Ocean Star in 2019. See current location using google earth or Maps.me

12-2020 SV Hanna Also I want to add a positive experience with a dentist in Huahine. He was recommended by a French cruiser. His name is Jimmy Yeung Youk, office phone 40-68-88-00. He speaks good enough English and his assistant speaks a little also. We each had a satisfactory cleaning (no x-ray) for XPF 8,000. Doug went back yesterday for repair to a broken tooth, XPF 12,000. His office is in a green, single story building immediately past the Gendarmes barracks in town, not far from the public clinic. There is a small sign on the fence with opening hours. Each time we've made appointments, it's been a two week wait for the next available appt.

9-2019 SV Ocean Star

Had an unplanned need for a dentist in Huahine, found Dr. Yeung Youk (Jimmy) near the Avis rental, on 2nd floor above a medical doctors office. Speaks excellent English, fast & efficient.

Island: Raiatea

Dentist
Dr. Blais Rahiti
87 26 65 62
cabinet.dentaire.avera@gmail.com

Submitted by Jaye & Irwin on Winsome who have used the services of this woman many times

Ok ,the wonderful, very wonderful dentist here in Raiatea..very young beautiful Tahitian woman speaks gorgeous English (daughter of mixed marriage- mother is native English speaker). Dr. Blais Rahiti : her office is 7 kilometers south of uturoa in Avera where there is a pharmacy and medical clinic. There is a Beach where you can dinghy to right next to her clinic which is next to the post office. Avera is the first town south of the bay Vairahi...which is the bay where the Trois cascades hike starts. There are some moorings there and some mud/ sand to anchor in. There is also a small fish coop marina where you can leave dinghy and get fresh water there at Vairahi. Her cabinet number is 87 26 65 62...the only downside is Miri (her assistant- who answers the phone, does speak very little English so it can be a bit challenging to make apptmts and they are busy because she is so good (ie. Gentle,small hands and very conscious about pain management, clear speaking, and very knowledgeable with a brand

new office and equipment..sonic cleaning and camera x-ray all right there)....

Dr Laurent Sautel
Island: Tahiti

Dr SAUTEL
40838870
<https://www.facebook.com/laurent.sautel>

From SV Freevol 8-2019

Dr Sautel is a very skilled surgeon in dentistry. He did his studies in USA so I guess he should speak good english.

He did the implants on Bernard both on the upper and bottom jaws. He did the stitching then took the stitches away and then took the print for positioning the new teeth after verifying every thing had sealed properly. Bernard was very pleased with his job and found him friendly.

His former dentist was there to learn how to do it and she finished the job by placing the new teeth. All this took some time because of the healing of the jaw bone.

He is located on the Pamatai hill in Faa'a, I think there is a bus that goes there from Papeete

[view in google maps](#)

Veronique Perez Eyard
Work phone 40425666
Vini phone number 87739962
Email adresse:veronique.eyrard@mail.pf

Can make appointments via email.

Located a few blocks from Papeete Marina

Veronique accepts cash or bank transfer but not credit card. She speaks reasonable english.

Her practice is in Passage Cardella or Rue Titiaivai. It is one street west of the Cathedral off Place Notre-Dame.

The street has two names and both names are on signs at the end of the street.

If you can find the restaurant L'O à la Bouche its across the street and down about 50 meters

The building is between restaurants on the left side walking south along Rue Titiaivai. Veroniques plaque appears with several others out on the street beside the doorway.

There is an intercom beside the door to get access. Ask for the door code when you make an appointment.

Appointments can be arranged by phone or email. She attends 3 days each week (Monday, Tuesday and Thursday) and works into the evenings. The surgery is shared with another woman dentist for the other days.

She is highly recommended by a number of people

7-2019

Highly recommended by this happy customer. I had a metal crown fitted to a molar for \$550 US

4-25-2019 SV Nehenehe

I had a single root canal. Cost was 24060 xpf. While I truly liked the demeanor of the dentist, her workmanship was mediocre.

She made two significant errors, both of which are not really retrievable ones.

1. She inserted the files past the apex of my root and into the boney space
2. She did not completely get the root canal filled with the root filler.

In addition there were several other concerns that were minor:

- She was not using an x-ray holder and had me hold the sensor in place with my finger. She had to retake two x-rays
 - She did not use a rubber damn with also increases the risk of contamination.
 - The dentist did not communicate at all during the procedure and this lead to problems at two points.
-

- I was not offered a lead apron or safety glasses.
She did a great job of numbing my jaw, it was the best job of freezing me I have ever experienced at a dentist. Her office and operatory was beautifully clean and up to date, she was on time and very friendly. She spoke English well. I still like her but would probably seek another dentist that had better technical skills.

11-2018 Linda just had her teeth cleaned and some bonding of a chipped tooth. She came home singing Veronique's praises!

Next to Fast Print

He speaks English

10-2020 Sugar Shack Matt had a filling that was bothering him so we emailed him on a Sunday (during a holiday weekend) thinking we would not hear from him until Tuesday. However, we got a reply within a few hours with an appointment date and time!

Matt ended up having a very infected wisdom tooth that had to be extracted and a neighboring tooth with a cavity that had to be filled. Dr. Sand was very good, offered to reschedule so we could think about it, and when we declined got to work. He was as gentle as can be expected for having a tooth pulled, and provided a prescription for antibiotics, gauze, and pain meds. He was efficient, and reasonably priced. The work in the U.S. would have cost well over \$1000 with insurance and Matt walked out less than \$200

plus medicine costs at pharmacy for \$25.

2-21 SV Venture Lady

Happy for you to include following recommendation in the TCG for Dr Maxence Sand Highly recommend. Good English speaker with extremely well equipped/modern surgery. I had complex root canal treatments in Oct 20. Then I broke a tooth in January 21 and he repaired it with a crown within 24 hrs so that we didn't miss a weather window to depart Papeete.

11-2020 SV Tintamarre Recommended. Speaks good English. Nice surgery. I only needed a check up and clean, but know other cruisers needing more major treatment who were very happy

9-2020 SV Shiraz Young French dentist. Speaks good English. Modern clean facility on the first floor. I recommend him.

11-18

We both had dental work, crowns and extraction. Very satisfied. Near Cathedral Center City. Turn up the street that Air Tahiti is on and about 3/4 same side of the street next to a copy store is an entrance to his office - 1st floor (2nd floor to North Americans)

10-18 SV Little Wing

Can highly recommend Dr Maxence.

He is a very gentle and thorough dentist. I found that my french was not up to par to fully communicate some of the discussion about what needed to be done to have a root canal and crown. Emailing was a great way to set up an appointment and discuss any concerns that one may have about any procedures. I would certainly recommend Dr. Sand Maxence for any dental work.

5-2019 Kiapa Nui
Dominique is now independent and is not part of STH.

Highly recommend him for Diesel work

9-18 SV Airborne

Dominique is a diesel and electrical mechanic... He lives on Moorea, but works in Papeete. He is associated with STH in Papeete and they had referred us to him when we had engine issues in Moorea. He came out on a Sunday to our boat to help us. When we continued to have issues he met us at the dock when we arrived in Papeete for further diagnosis and repairs. Great service. Speaks English and French. I'm not sure if he is an STH employee or a sub contractor, but there is some connection to STH (Yanmar dealer).

2018 SV Amelie

Amelie's agent Laurent recommend Dominique and was he contacted directly.

Stephen highly recommends Dominique after using him to remove and install a generator. He always showed up on time, great work ethic and did a wonderful job. 6000xpf per hour

Diesel-Clinic owner Adrian Pataki Engineering Technician
(+689) 87 28 60 83
svattila@gmail.com

Diagnostics, repair, technical consulting

Located by Marina Taina, Punaauia
Speaks: English, French & Spanish

Excellent mechanic from diagnosing small problems to complete rebuilds. Reliable and knowledgeable as to where to get parts and find machine shops.

9-2021 SV Ipanema Very please with the work Adrian did for me.

10-2020 SV Marauder: We are repowering with Adrian, ordering a new Beta Marine inboard through him. He has incredibly helpful, friendly, knowledgeable, and for those who don't speak French, he speaks

English! He is a certified dealer of Beta Marine engines and therefore also handles warranty work. We highly recommend Adrian and Diesel Clinic Tahiti if you find yourself forced to repower in French Polynesia. Prices aren't that bad, certainly not as steep as Yanmar engines through Sin Tun Hing Marine. The Beta Marine inboard is also built custom to you/your boat, which is pretty cool. If you dispose of the old engine properly and you're a boat in transit, you don't need to pay the custom fees on the new engine! We recycled ours at SOREMAT right next to Technimarine in town

2-2020 SV Avatar We would like to give a reference for Adrian Pataki. We have been in FP for 4 1/2 years. We have used Adrian in several capacities over this time. We have had him watch our sailboat, Avatar, when away on a trip to the US. also several mechanical projects, repairs and a gen-set replacement as he is the Beta Dealer for FP. Adrian has always been on time, does what he says he will do. And one of the few Marine Mechanics that I have been in contact with that does not overbook himself. I was in the Auto repair business for over 15 years and have known good technicians and Adrian in my opinion is good, honest, fair and knowledgeable. Shelly and I whole heartedly recommend him.

6-2018 Jacaranda We have used Adrian multiple times and can highly recommend him 100%. He is very honest and knowledgeable and not only did some work on our Yanmar but we used him to replace a cutlass bearing, align the shaft and do some keel bolt work.

11-23 SV Elvira reported he has retired

Pacific Marine -Dominique Fily

Island: Tahiti

Dominique

689-8774-8861

pacificmarinepf@gmail.com

11-23 SV Elvira

Dominic and Ven helped us with a bad waterintake in our Volvo D2-55, taking it a part and cleaning everything, changing some parts. Motor is working good. They were kind, but had a very hard time to show up to appointed times, even though we prepared many weeks in advance.

The second part they did fuck us up seriously. They had an idea of how to stop exhaust water getting into the motor. They gave us a choice of manual or electric. Then they asked us to order the parts from Ali Express, took many weeks and takes a lot of work with customs. Ended at like 300 \$. Then there idea of solution did not work, and they just stopped communicating, yelling at us for costing them a lot of money..... We were already delayed for departure and we had to find a solution in a few days even if we had waited for Dominique for many weeks. So please, if possible, work with someone else.

10-21 SV Alila Dominique does all kind of Diesel engines. Now he lives in Papeete . We had some problems with our main engine 140 hp yanmar engine. He repaired the turbo, the gear box, put a new elbow in. For this work he had to take the muffler and the air cooler off. Nothing was a problem for him. He worked so professional and did a fantastic job. In two days everything was done, he understood

totally that a boat without engine on anchor is not what you dream of. He really knows his job and we had fully confidence. He definitely is the guy if you have engine problems. We can highly recommend him.

1-21 SV Cyrolia Dominique has been my mechanic for my 2010 Jeanneau 53, since I bought it in December 2020. I have 110 hp Yanmar, and a 5.5 KW Onan generator. Dominique is extremely professional, and as highly skilled of a mechanic as I've ever met anywhere. He specializes in Yanmar, but I believe he can work on just about any type of engine (he used to work for Yanmar I believe). For any issue I have had, he instantly knows what the problem is, is able to articulate it and repair it. He's professional, and his rates are reasonable and fair. Because he is good, he should be scheduled in advance. My experience with Dominique has been extremely positive.

01-21 SV BENG T We would like to recommend Dominique Fily, the diesel mechanic. He did a great job getting our engine going again. Competent, experienced and a nice guy. Speaks reasonable English.

5-2019 Kiapa Nui
Dominique is now independent and is not part of STH.

Highly recommend him for Diesel work

8-20 ? on a recent FP FB page had 6 people recommend Dominic.

9-18 SV Airborne

Sail The Way – Rudy
Island: Tahiti

Sail The Way – Rudy
Cell Phone: 87 300 864
email: rudy@sailtheway.com
languages: English, Dutch, German
Location: Papeete

Diesel mechanic: Everything what can go wrong or needs maintenance in the engine room: oil- filters, fuel filters, fuel lines, air filters, anodes, mixing elbows, exhaust plumbing, alternators and (external) regulators (12/24 V), starters and relays, starter battery, V-belts, injectors, dripless seals, stuffing box, raw water- and fresh water pumps, water hoses, bilge pumps, head gasket replacements, valve adjustment...

2-22 SV Matador I have seen many satisfied customers after Rudy has successfully solved their problems. I can recommend his thorough approach, tidy work and great ability to think problems through, resulting in correct diagnosis and permanent solutions. I would not hesitate to recommend his services.

1-22 SV Wandersurf I limped into Nuku Hiva on my Vagabond 39 after a long journey from Panama. Transmission shot and mast track popping off in a section where the wood rotted away. Rudy helped me pull my transmission, diagnose the issue and put me in touch with a company to order a replacement. He also guided me through the process of repairing my mast. He is extremely knowledgeable and helpful with all things Marine related. He was just someone who helped work on my boat he became a friend. I highly recommend his services.

12-21 SY Mary Ann I want to send a recommendation regarding Sail The Way, both for electric/electronic work, and as a diesel mechanic.

He also worked on my boat to relocate a day tank and did a superb job.

Lastly, as we had to leave the boat while on the hard undergoing various jobs, Rudy took over the management of all contractors, and when I returned, all was done - and well done.

Rudy is a calm, organized and thorough man who knows what he's doing.
Very highly recommended.

7-21 SV Harmony - Outremer 5X - Rudy's extensive knowledge of marine diesel mechanic was impressive to say the least. There is no job related to diesel engines that I wouldn't trust Rudy to tackle. His attention to detail and going above and beyond with preventative measures to ensure engine longevity was greatly appreciated. I highly recommend Rudy in this field and trust his skills, knowledge and character to get you moving forward under power quickly.

1-21 SV Juffa Rudy is an accomplished electrician and mechanic who managed to repair our Dometic freezer when others failed to do so. His fees are reasonable and he is an experienced cruiser who understands our needs and is a pleasure to work with.

When our Yanmar 3YM30 blew it's cylinder head gasket he again undertook the repairs and got us going in an efficient and well organized manner.

We can highly recommend Rudy to our fellow cruisers.

2018 SV Pavo Real I would highly recommend Rudy-Sail the Way for those in need of electrical, diesel and general boat repairs. When sailing in Panama my vessel, a Lagoon 410 catamaran, was struck by lightning. It was a direct hit to the mast and the electrical damage was extensive. Nearly all the electronics on the boat were damaged. Navigation, radar, radios, charger/inverter, vessel lighting, engine sensors and helm gages were fried. I hired Rudy of Sail the Way to do the repairs. He did an amazing job. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself. Most of the boat needed to be rewired. He discovered many wiring issues beyond just simple repair and reconstructed the entire system including the electrical panel and breakers. All my systems now work better than ever.

When we were hauled out he discovered some issues with through hull fittings and removed old no longer used valves and repaired the hull. Once back in the water he was able to get my two Yanmar diesel engine running in top shape. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself.

We were truly lucky to have Rudy available to do the work. He was very busy with repair work on other vessels, including removing and repairing a keel on a large sailboat that had run aground. Fortunately, he committed himself to our job and installed systems as the arrived in Panama from the US. He is now in Tahiti and sailors there are lucky to have such an amazing individual available to their vessels.

1-19 SV Rosa dos Ventos I (Edwin Bovill) am writing this email to give an assessment of work done by

Rudy S'hut on our Brewer 44 Cutter (1989) Rosa dos Ventos in 2018 at Shelter Bay, Panama.

Electrical: Rudy S'hout installed a new Raymarine EV400 Sail Pilot system in our boat Rosa dos Ventos. Putting this state of the art system into our 28 year old boat was a challenge given the age of our boat and the complexity of the new system and fitting it together in an antiquated wiring system etc. Rudy S'hout did a superb job. He is incredibly knowledgeable about on board electrical systems. The system has performed flawlessly up to the present time. I give him my highest rating (5 out of 5) for the work he did for us and will point out that my rating was echoed by many other cruisers in Shelter Bay.

Mechanical: We also had some problems with our Onan 6KW generator with which he helped us. Again he did a superb job trouble shooting and fixing both mechanical and electrical systems (5 out of 5).

Also see Marine Electronics for more on Rudy

10-2019 SV Panache

STH Marine did the 1,000-hour service on our Yanmar diesel engines. The mechanics were good, but their manager gave them the wrong manual and then interpreted it incorrectly. They set my valves incorrectly. It took me weeks to convince them that they were wrong. They finally relented, agreed I was correct and fixed their mistake. I wonder how many boats in Tahiti are operating with the wrong valve settings

For more information, see [Marine Suppliers](#)

Thomas Lefebvre

Island: Tahiti

Thomas Lefebvre

+689 87 30 40 63

11-23 SV Elvira Thomas helped us out with an exhaust solution. He is nice, fast, good priced and professional. He is though more of a mechanic than a specialist on diesel motors.

4-23 We blew out our wet exhaust leaving marina Taina on a Saturday. We ended up out in the mooring field in front of the airport. Another sailer called him for us, and he came out on his boat on Sunday to look at our engine. He gave us his recommendation, we got into Papeete that afternoon, and he came and replaced the exhaust on Monday. He's been doing a lot of work on our friends boat next to us, an older catana 38

Esteban Galvez Dinghy Repair
Contact: 87 32 67 29
estebangalvez@gmail.com
SV Phoenix
Raiatea

Located near 3 waterfall bay

We put tractor air chambers inside, we patch any holes it may have, and eventually we paint them with special paint.

7-2021 SV Domini Esteban is fantastic. He managed to save our dinghy which, after going over a metal spike at night, had a massive hole ripped out of two of the three chambers. It really seemed beyond repair, but with a few tractor tyre inner tubes he managed to somehow make it as good as new. He can also repair and service outboards.

He's charges fairly, does a great job and speaks Spanish, English and French fluently.

And on top of all that - he's a really nice bloke.

I can absolutely recommend him to any cruiser with dinghy problems.

There are in the Apooti Marina complex

From FP FB page

4-2023 did a dive with Hemisphere Sub Plongée (Raiatea), and they were great with some visiting friends who were on their first dive post certification. Always kept an eye on everyone and was good at explaining our dive plan. Just based on that, I bet they'd be good for someone going through dive certification. Worth stopping by to see if they'll be a good fit.

STH Marine Taina Marina (Service)

Island: [Tahiti](#)

10-2019 SV Panache
We took our dive tanks to the STH Marine shop at Marina Taina. I asked for a visual inspection. Without consulting me, they decided to do a pressure test and a valve inspection as well. We got the tanks back and loaded them onto the boat. We didn't use them until we got to Bora. Once we got there, we found that the valves on 3 of the tanks were faulty, rendering the tanks unusable. The problem was that they had only tightened the packing nut by hand. The nut needs to have 60 ft-lbs of torque! Take your tanks to Nautisport for service.

subtechnology@mail.pf

Can do Hydros, repair compressors and fill tanks

Sub Technology is Just past the Naval Base but before the Mobile Station on side street towards the harbour.

Tanks in French Polynesia (legally) must be hydro tested every five years and VIP tested annually. You must have paperwork for each test or it will technically illegal for a shop to refill your tank.

Another shop named Argos is at the far eastern end of Motu Uta and were recommended by a scuba shop for hydro testing. Nautisport will handle the testing but at a premium.

I've a commercial diving company Travaux sous marins du Pacifique ,and I've a sailing boat (Sun Odyssey 42')

With my diving crew we used to make different jobs and under boats , we can do:

Hull cleaning ,and report for Nez Zealand entrance,(sailing boat , yachts and big ship)

Anodes changes

Propeller cleaning or change (when damaged)

Hull pass change (without take the boat out of the sea)

Inspections + report.

Repairs

All my staff and myself speak English and if necessary we can move to different islands of French Polynesia

05-2021 SV Ourialys 2 Just a word on Phil. I found him through another contact I found on your guide, and he was very quick and accommodating in getting our underwater hull inspection done as a final check on a boat purchase settlement. He was very responsive in using Whatsapp, and sent boat photos and videos through quickly.

+689 40 53 30 10

Multilingual.

Walk-in

Many cruisers we know use Dr. Prevost in Pape'ete and have come back with great reviews. Not only is he a good physician, personable, and has a great bedside manner, he speaks French and English.

He recently moved his practice from the Clinique Paofai to a new location.

He has taken over the old veterinary clinic. There is a pharmacy next door: Pharmacie Maeva.

To make an appointment, scheduling is now even easier, he has an online booking site. Often times appointments can be booked the same day or the next day. You can still contact his office by phone for an appointment as well: <https://doctofenua.pf/doctors/5fc90f4df1dda7004fb47143>

Above info supplied by SV Cream Puff

12-2022 SV Auntie

Great experience with Dr Prevost. Easy appointments, knowledgeable and thorough. Nice man too!

5-22 SV Wind Dragon Dr Prevost is great and speaks English very well

7-20 SV Sugar Shack

Dr. Prevost was able to see us same day appointment) for 7000xpf or about \$70). He was able to refill prescriptions and provide new scripts. Lab fees are separate but can be submitted right next-door Lab hours 0630-1600). Dr. Prevost's English is excellent and he is very kind and prompt

7-2019 SV Panache We found Dr. Prevost to be an excellent and experienced General Practitioner

2-2019 SV Kapia Nui General medicine and he was awesome. Good English, thorough, comic nerd. He was great, super personable and funny. We highly recommended him.

10-2018 SV Hedonism

We arrived without appointment and he advised that he would see me but I would need to wait a bit so he could see his patients that had appointments. That is fair. We waited about 1 ½ hours. He spent about 30 minutes with me and gave me a requisition for various blood tests. We also made an appointment for the next morning to go over the results. The Lab is the next door over from his office.

Cost for this 1st visit was XPF 7000

The lab work was 3990 that included various blood work and urine tests.

They also gave me a code and password so I could view the results on-line later in the day. (as they did for later test including the Cat Scan. It even allowed me to download the actual Cat Scan!

9-2017 SV Jacaranda Highly recommended

Dr. Lafitte GP (Taravoa -Port Phaeton)

Island: Tahiti

Physician:

Dr. Lafitte.

+689 40 57 21 88.

A group of physicians has offices next to the pharmacy.

10-2020 SV Baloo Dr Lafitte administered a vaccination we'd purchased at the pharmacy. (Measles) This was done on a walk-in basis. – Baloo

Generalities

Island: Tahiti

All medical staff several cruisers have used have been of a high standard. Consultation visits are currently costed at 3,600 xpf (approx \$34 US). In Papeete there are two General Practice physicians across from the Tourist Office on the quay. Dr Andrew Carpe speaks reasonably good English and has specialist training hyperbaric medicine 40 4256 67. Walk-ins are often seen without long waits.

Specialists and technical procedures are available at hospital and at two private clinics. The hospital prices appear to be substantially less expensive than the private clinics. For example these charges were incurred at the main hospital: Sonogram of neck (thyroid) --\$64.80; Chest Xray --\$46.80; Consultation with ENT including upper airway endoscopy -- \$55.80 (in US dollars.) Hospital appointments can be a long wait but our experience is walk-ins are generally seen within two hours. No problem since most cruisers are "time millionaires." The main Hospital for FP is Hospital du Taaone on Charles de Gaulle ask at the bus station near the Marie if they go past the hospital.

Dr Fennira
PAOFAI CLINIC / PAPEETE-TAHITI
40-46-18-43

10-21 SV Sugar Shack She works on Tuesdays. She is very thorough, kind, and speaks English. My visit which included an exam and about 12 spots being frozen cost about \$65. I would recommend her!!!

5-21 SV Kiapa Nui - I recently saw Dr. Fennira per seeing her name in the TCG...thank you. :) She was as close to an derm you'd find in California. The best so far out here. She took her time, she went over almost EVERY piece of skin (she even slid my boobs out from my bikini top and looked underneath), bottoms of feet and she looked closely at the ears. The only place she actually didn't look was my nor Ryan's bum. She zapped me 34 times. She speaks great English and is keen to practice more and more. She likes having foreigners coming in and the interactions. She listens, she explains, and understands other methods like using Efedex but uses that gnarly cream as a last resort. I had a spot on my arm that appeared AFTER using Efedex so she zapped it about 4 LONG times and really got it. She wants to see me again in 2 months for that specific spot and if it reappears she wants to take a biopsy. She was extremely thorough. She will cut out spots if needed anywhere on the body except for the face.

SV Tintamarre I saw a Dr Fennira at this clinic. Very pleasant lady, who spoke good English. Currently (in covid times) easy to get an appointment. If treatment is required the additional cost over a check up is only a few dollars.

Dermatologist Dr Picault

Dermatologist Dr Ruiz

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.540534

Longitude: -149.569559

[view in google maps](#)

Dr. Solene Ruiz

Dr. Ruiz's work website: <https://www.drruizdermatologuetahiti.com>
Here you can find the link to the doctofenua site and all her contact info.
40 42 20 51 (office)
87 27 00 22 (cell)
docteurruizsolene@gmail.com

<https://doctofenua.pf> and create an account and start selecting which department, location (if you know) and doctor. More and more doctors are going this route. Their whole schedule shows up and you can pick and choose which day and which time you would like and for how long (15 mins = a consult, 30 min slot or a 45 min slot).

Across from the Papeete Marina in the yellow building second floor west of Post Office. Very Close to the entrance to Hotel Tiare

See GE photo:

When you get in that area look for metal plaques with names next to a doorway. It's fairly easy to find once you know generally where to look. Take the elevator to the 2nd floor. Her office is at the end of the hall.

7-2022 SV Auntie Excellent doctor, good experience. She is thorough, professional, and freezes things off with good equipment. She also advised cutting off one lesion, and did an excellent job of it. Her office is located directly across from Marina Papeete in a the yellow building (Real Estate office on ground floor) and the stairs to get up to her office are at the right far right of the yellow building. This is the same office was formerly run by Dr. Oviada. There is no receptionist at the time of review, but she is prompt at returning calls.

5-21 SV Kiapa Nui taken from a report of numerous dermatologists that they have seen.

Dr. Ruiz speaks a bit of English but more than what she leads on to speak and understand. She's a sweet doctor in my opinion. She takes her time with you. I spent a whole hour with her as she cut out a spot that made me uneasy and we sent it to the lab. She also froze off what I asked her to freeze off. She took her time to look over my skin but did not check the bottoms of the feet and ears. I was told by Dr. Fennira that she is very good a surgically removing spots, her speciality is removing spots on the face.

Dermatologist Dr. Jean Pierre Bernadat

Island: Tahiti

Office in Vaimoanatea Building across from front entrance of Champion, 1st floor, Entrance A

Excellent english and a very caring doctor

Gastroenterology, Dr. Pierre-Alain Cougard

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.536483

Longitude: -149.560206

[view in google maps](#)

Dr. Pierre-Alain Cougard.

Hepato-Gastro-Enterologue (Gastroenterologist).

Clinique Mamao.

40 50 69 00.

12-21 SV Kiapa Nui Speaks excellent English, including medical terminology. He is timely, very friendly, skilled/experienced, professional, and has a great 'bedside manner'. We were referred to him by our GP Dr. Prevost. He and his husband own the clinic with their offices and the procedure rooms. I don't remember the name of their anesthesiologist but he was also good (but only speaks French). Dr Cougard's staff of assistants and nurses was also exceptional. The facility was clean, well equipped, comfortable, and modern without being "flashy" if you know what I mean. After the procedure Dr Cougard met with us to give a detailed report of his findings and to answer any questions with patience and detail. When I had a last minute question on the Sunday afternoon before my procedure I sent a message to his clinic email address and was stunned to quickly get a personal reply from him answering my question in a friendly familiar but professional way. So far he's impressed me to the point I'm comfortable ranking him amongst the top doctors I've experienced.

Gynecologist Dr. Violaine Bertrand DINH-GIA

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.544029

secretairebertrand@gmail.com

>>>>>> NOTE: Address Change <<<<<<<

9/21 Moved to a new location. 1 block from Paofai clinic. Between Paofai parking lot and Rue Cook. On Blvd de la Reine Pomare. Between to the Galerie des Tropiques and the podologue office.

11-2021 SV Sugar Shack She did a full breast exam, pelvic exam, ultrasound, pap smear for 9000xpf + labs. She is very pleasant and professional. Speaks English. When you enter her office, go to the receptionist furthest from the door as the other person is for a different doctor.

SV SugarShack 8-2020 She was able to fit me in the same week. Dr. Bertrand is lovely, kind, and speaks wonderful English. For a general checkup she did a full breast exam, a sonogram and a pap-smear for 14000xpf (\$140). Her lab is a few blocks away and she will give you a map. Very pleasant experience.

Optometrist Dr. Nochez Yannick

Island: Tahiti

Dr. Nochez Yannick, Opthamologiste
Center Medical Prince Hanoi

3-2021 SV Auntie Recommended by friends of friends. Made appointment by phone for 2 days in future, arrived 30 mins before scheduled appt, receptionist had no record of appointment but remembered the phone call, re-scheduled me for 11 days in future. While I was pondering the wisdom of returning, I asked 1 other patient In waiting room if they thought the doctor was good. Reply was not so much, "it takes him 10 appointments to do what other clinics can do in 2 appointments". Never saw doctor, no first hand knowledge, receptionist not friendly or helpful, made appointment at a different clinic.

Side note: I've learned it is best to go to the clinic /office to make the initial appointment as you then have a piece of paper to show receptionists.

Optometrist: Dr. Laurent Grillot (Taravoa -Port Phaeton)

Island: Tahiti

Optometrist:

Dr. Laurent Grillot.

+689 87 32 26 09.

Located in the Centre Taimoe Bldg. 2nd floor across from the Super U on RT 3. The main number for Centre Taimoe is +689 87 79 48 24. Offices located at the opposite end of the dentist suite. "Maladies et Chirurgies des Yeux" (Diseases and eye surgeries).

10-2020 SV Baloo We had basic eye exams. Very up-to-date equipment and a busy office. Speaks very little English. He has several offices in Tahiti. All our appointments were for 9:30 Tuesday, first come, first serve.

Dr. Karem Djenadi speaks fluent English and is a sailor himself. He is extremely professional, extremely kind and polite. He does not rush you, is very efficient and thorough. My husband and I are both Physical Therapists and have worked with hundreds of Ortho MDs and he ranks amongst the top.

Osteopath Boyer Marion

Island: Tahiti

Osteopath Boyer Marion
boyermarion.os@gmail.com
89 53 22 18

She doesn't currently have an office.. she does home calls / visits on the boat as well! She lives close to Faa'a.

3-2021 SV Selavi

Thanks to everyone that sent recommendations for a chiro/ osteopath around Tahtii.... i ended up seeing Marion who was awesome. She's an osteopath, very thorough. Best part, aside from her adjusting my hips/back into proper alignment 🙌... was she came out to the boat for a "home visit"! Not having a car this was a huge perk for us. She was lovely to work with and I highly recommend her. I'll leave her phone in the comments if you're interested. I believe she speaks a little English as well for the non French speakers.

I'm pleased to inform the group that we are opening E-Bikes Rangiroa on the Tiputa side.

The bikes are All-terrain electric fat bike, great for a safe and pleasant ride on the Tiputa road. Some mountain bikes and kids bikes are also available.

Prices for E-bike are

2500fr half a day.

3000 fr full day

2500 fr/each for a full day if more than 3 bikes.

Prices for mountain bike are

1500 fr half a day.

2000 fr full day .

1500 fr/each for a full day if more than 3 bikes.

Price for a kids bike is 1000 fr full day flat.

EAR DROPS

Ear Drops for Swimmers Ear

Island: Tahiti

A recent discussion in the FP Cruiser Facebook Page with a member looking for ear drops.

Making your own ear drops

A quick google search found a article by the Mayo Clinic —At-home preventive treatment. If you know you don't have a punctured eardrum, you can use homemade preventive eardrops before and after swimming. A mixture of 1 part white vinegar to 1 part rubbing alcohol may help promote drying and prevent the growth of bacteria and fungi that can cause swimmer's ear. Pour 1 teaspoon (about 5 milliliters) of the solution into each ear and let it drain back out. Similar over-the-counter solutions may be available at your drugstore

You can find isopropyl alcohol at some of the larger supermarkets, near where you find band aids, etc. It's a small bottle, 250 ml, labeled "Alcool pour l'hygiene cutanee". Hansaplast is one brand I found in a few shops and U has it's own brand.very common mix..

50-50 white vinegar and rubbing alcohol.. as noted in a previous post

6-2023 Another vote for Manutea with Electroxpert. He did a great job resolving several electrical issues for us during our very recent visit to Tahiti.

Guy Cordier

Island: [Tahiti](#)

I spoke to you on the dock the other day about the retirement of Richard Lecler. He passed on the name of a recommended and vetted replacement. The guy I contacted is named Guy Cordier, is French, lives aboard at Taiaina, sails to NZ in November every year for cyclone season. He speaks English pretty well as well as French and Spanish. He was prompt and thorough and fixed my stuff in good time. I had a 12v problem he searched out and solved, a 120v he searched out and solved and is going to help me replace my old battery bank and expand my amp hours capacity. He has a partner that he says is more a pure electrician but Guy does lots of other stuff (generator repair, watermaker repair, even epoxy and fiberglass repair).

His contact is as follows:

Guy (pronounced in the French way) Cordier

10-19 (SV Anatasia) I had a very good experience with a new electrician, Petrouch Elec. Bruno and his wife are live aboards on their yacht Petrouchka on a mooring in Taina.

They came from Patagonia and Antartica, so are very aware of the needs and problems that can occur on a yacht. Bruno can very well help himself in English. He is correct in his appointments and very honest. He can be contacted for more then only electricity works, also mechanic and computer/electronics is in his skills.

Richard Neufeld
Island: Raiatea

87-731579 richard_neufeld@yahoo.com

Located in Raiatea.

8-2022 FP FB Big shout out to Richard. He had been exceptional. Sorted out our windlass - repaired brushed etc - came and installed and tested to make sure. Nothing was to much of a problem. Gave us the local knowledge on replacing batteries and drove us to site and even helped take old ones back to store. Cant thank him enough. He also knows every trade and will happily point you in the right direction for whatever you need. Highly recommended...

6-2022 SV Magic Carpet Based on Raiatea, English first language Richard Neufeld has remedied our autopilot electrical and mechanical problems with speed, creativity, honesty and above all competence.

4-2022 SV Kolea I didn't have time before I left FP, but want to put in a good word for Richard Neufeld in Raiatea for mechanical or electrical issues. He helped me on two separate occasions and dug right in for multiple days. His machine shop came in handy for multiple issues, including a frozen watermaker pump that he managed to get working again. His info is in the Compendium. But if you need it, PM me. Also, I had no problem working from the city dock, in at least 15 knots, and found it to be convenient. But it is bumpy from wakes, and you need good fenders set almost at waterline

4-2022 SV Turtle Blues I'd like to echo the comments about Richard. He is currently helping me with a couple of issues and i really appreciate his knowledge, experience, and work ethic!

He also knows all the tradesman in Raiatea and can recommend trusted individuals

8-2019 Just wanted everyone to know of a valuable cruisers' asset in Raiatea. Richard Neufeld is a Motorola-trained radio technician, marine electrician, font of general knowledge and all-around good guy. He rebuilt my autopilot linear drive unit for a third the price of a new one, and he also has a machine shop. If you need anything this side of Tahiti, you might drop him a line: Richard_neufeld@yahoo.com.

Sebastien

Island: Raiatea

Sebastien is highly recommended for electrical work, but also electronics repair (and not just to tell you it's broken and you need to buy a new one) (87380504)

[view in google maps](#)

Sin Tung Hing Marine is the official Lowrance, Simrad & Raymarine distributor.

STH Marine carries Lowrance radios (Lowrance, Simrad and B&G radios are mostly the same models sold under different brands)

10-2019 SV Panache

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

Location: Papeete

Refitting electrical installations (DC 12/24V; AC 110/220, 240V), trouble shooter for navigation systems and NMEA 2000 networks, Raymarine Specialist, autopilot repairs, complete refitting electrics and electronics after lightning strike, building lithium systems, installing and repairing all kind of electrical Charging and Distribution Systems, diesel engines repairing and maintaining.
Electrical/Electronic services

4-2024 SV Lola Rudy is the best! This guy is super knowledgeable and cares so much about quality workmanship. He is honest, professional, reliable, and extremely competent. He's also a great communicator, clearly explaining our problems and his solutions as well as showing us ways we can avoid similar problems in the future. His expertise with boat systems in general and with electronics, solar, batteries, electrical systems is fantastic. And he is also a super nice guy! We cannot recommend him enough.

Rudy is always able to quickly and accurately diagnose and solve our problems. He has worked on our

Victron Energy system, engine wiring, refrigeration wiring, and he even nursed one of our LIPO batteries back to health. He has also given us amazing advice on how to improve the operation of our system to get the most out of our solar lithium combination.

After having super experiences working with Rudy, we learned that he offers boat caretaking services. So we hired him to look after our boat in Papeete while we traveled back to the US for a few months. Our experience was amazing. Rudy exercised all the systems onboard and kept us informed about anything that wasn't working or needed attention. He communicated with us regularly to let us know that everything was ok. He is the only person we would trust to look after our boat when we are away. Bottom line, Rudy is absolutely the best. Highly highly recommended!

He is the only person we would trust to look after our boat when we are away. Bottom line, Rudy is absolutely the best. Highly highly recommended!

11-2023 SV Ziezo Another excellent job completed by Rudy from Sail the Way. He converted our 12v AGM system to a 24v Lithium setup. All functions including Air Conditioning can be run from solar. Unfortunately he had to spend some time diagnosing the "wacky" wiring that Fountaine Pajot and other parties had installed and streamlining the entire electrical system. I have found Rudy to be very conscientious and detailed in his work. I highly recommend him to anyone requiring any work on their boat. He is skilled in all electrical and mechanical Boatworks. Ask me how I know

8-2023 SV Pole Pole If you want to get any electrical, lithium or solar work done, engine and generator maintenance or fuel polishing and boat care, I can recommend Rudy - Technically strong, very good communications and good quality work

4-2023 S/V Moondance We started preparing for a battery upgrade in November of 2022. Friends of our suggested contacting Rudy, a marine electrician who is currently mooring in the airport anchorage. When I contacted Rudy he came by our boat to survey our existing electrical system. We discussed our present system and the changes that would be needed to accommodate lithium batteries. Rudy's experience was invaluable in tracing out existing wiring and determining the easiest way to modify our system.

We thoroughly enjoyed our Rudy experience and highly recommend him for your marine electrical needs!

1-2023,SV Auntie

Rudy is a valuable resource. Knowledgeable and helpful, worth waiting for his expertise.

7-2022 Silent Progression Recently I had the pleasure of meeting Rudy thru a mutual friend and being

a cruiser I had jobs and quickly took the opportunity to seek Rudy's help.

He is prompt,

He delivers what he promises,

Above all else he's a Professional and it's getting harder to find this type of service in today's day and age.

All my schedule was completed and I am happy once again..

6-2022 SV Alila Rudy is super helpful and reliable. The starter motor on our generator gave up. He came within 2 days and replaced our spare motor we had on board. It was a very difficult place to replace it, but Rudy didn't give up. We still had a lot of fun in the process. I was glad he helped so quickly because I was alone on board during that time and needed the generator to run the watermaker.

I can only highly recommend Rudy.

3-22 SV Full Monty If you're looking for someone who knows their way around electronics, Rudy's the guy! He has no ego and is only concerned with doing a fabulous job. (Don't let him tell you otherwise, but he is also exceptional at fiberglass repair work!) He has the mind & the knack for electronics. I have watched him work on other boats, and we have troubleshooted on mine. Highly impressive! Having been in Panama for a few years, he also has experience working with vessels struck by lightning. He's the type of repair person everyone hopes for & wish you'd found from the beginning.

2-22 SV CAPALL MARA I am writing to recommend Rudy of 'Sail The Way'.

He was mentioned to us by other cruisers after we had a near lightning strike. He came promptly to our boat to discuss our issues. He was knowledgeable and courteous. He inspected for lightning damage.

He tracked another complex but unrelated problem we had with a recent lithium battery installation.

We are thoroughly happy with his good work.

2-22 SV Matador I can thoroughly recommend Rudy for electronics and electrical work. I have witnessed his work over a couple of years and his knowledge and work has always been excellent. I believe you can have complete confidence in a professional and timely service.

.

1-22 SV Del Mar Rudy did some electrical work on our boat Del Mar while we were in Nuku Hiva French Polynesia. He did an amazing job at a very fair price.

We had had a persistent electrical issue (stray current) resulting in quickly deteriorating anodes on our folding props. Rudy had the specialist tools (SeaBis stray current detector), knowledge and patience to not only resolve the issue but he also took the time to make sure I understood the root cause and how to resolve similar issues in the future. Rudy is an extremely knowledgeable and experienced expert with a high level of genuinity. I very much recommend Rudy if you have any electrical, electronic or mechanical work you need completed on your vessel.

1-22 S/V Fleur Rudy did a first class job of sorting out an electrical problem on my boat, quicky and with no fuss. I highly recommend his services.

12-21 SV Mary Ann I want to send a recommendation regarding Sail The Way, both for electric/electronic work, and as a diesel mechanic.

He also worked on my boat to relocate a day tank and did a superb job.

Lastly, as we had to leave the boat while on the hard undergoing various jobs, Rudy took over the management of all contractors, and when I returned, all was done - and well done.

Rudy is a calm, organized and thorough man who knows what he's doing.

Very highly recommended.

7-21 SV Harmony - Outremer 5X - Rudy was an exceptional resource in working through our B&G Zeus

Ill system to solve and calibrate the auto-pilot system and failures to water ingress from a previous poor installation. A pleasure to work with and extraordinarily effective at troubleshooting and creative outside the box thinking. I would absolutely recommend Rudy to anyone for anything in this realm throughout French Polynesia. He will solve your problem, rest assured.

2-21 SV Spirit of Argo Rudy is one of those rare talented, methodical and efficient Ship Wright's. He can diagnosis and fix problems quickly. Finding someone like that is great, but Rudy offers something more. He is also a patient teacher, happy to train you to understand and fix your own boat.

Fortunately he anchored next to us in the Marquesas on his way to Tahiti.

Autopilot:. We had an intermittent fault we just could not diagnose despite immeasurable emails with the manufacturer. Rudy diagnosed the problem right away. A failing internal seal. He had the tools and patience to not only fix the problem, but train us to repair the hydraulic system ourselves should a seal fail again in the future. Invaluable knowledge!

Stray current:. How do stray currents pop up on an otherwise sound boat after a decade? Rudy taught us how! We were questioning why one section of standing rigging failed when Rudy came up with the suggestion to check for stray current on the boat. We had no idea where to start, let alone how to track it down. Rudy had all the tools to do a quick test of the hypothesis. Yes, we had a live stray current. He was so efficient at zeroing it in to some corrosion near a sea cock we would never have spotted under the engine. Probably saved our boat! This guy is good!

1-19 SV Rosa dos Ventos I (Edwin Bovill) am writing this email to give an assessment of work done by Rudy S'hut on our Brewer 44 Cutter (1989) Rosa dos Ventos in 2018 at Shelter Bay, Panama.

Electrical: Rudy S'hout installed a new Raymarine EV400 Sail Pilot system in our boat Rosa dos Ventos. Putting this state of the art system into our 28 year old boat was a challenge given the age of our boat and the complexity of the new system and fitting it together in an antiquated wiring system etc. Rudy S'hout did a superb job. He is incredibly knowledgeable about on board electrical systems. The system has performed flawlessly up to the present time. I give him my highest rating (5 out of 5) for the work he did for us and will point out that my rating was echoed by many other cruisers in Shelter Bay.

Mechanical: We also had some problems with our Onan 6KW generator with which he helped us. Again he did a superb job trouble shooting and fixing both mechanical and electrical systems (5 out of 5).

2018 SV Pavo Real I would highly recommend Rudy-Sail the Way for those in need of electrical, diesel and general boat repairs. When sailing in Panama my vessel, a Lagoon 410 catamaran, was struck by lightning. It was a direct hit to the mast and the electrical damage was extensive. Nearly all the electronics on the boat were damaged. Navigation, radar, radios, charger/inverter, vessel lighting, engine sensors and helm gages were fried. I hired Rudy of Sail the Way to do the repairs. He did an amazing job. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself. Most of the boat needed to be rewired. He discovered many wiring issues beyond just simple repair and reconstructed the entire system including the electrical panel and breakers. All my systems now work better than ever.

When we were hauled out he discovered some issues with through hull fittings and removed old no longer used valves and repaired the hull. Once back in the water he was able to get my two Yanmar diesel engine running in top shape. Rudy advised me to work together, to repair all the damage. The best way to learn about your boat and trouble shoot the things by yourself.

We were truly lucky to have Rudy available to do the work. He was very busy with repair work on other vessels, including removing and repairing a keel on a large sailboat that had run aground. Fortunately, he committed himself to our job and installed systems as he arrived in Panama from the US. He is now in Tahiti and sailors there are lucky to have such an amazing individual available to their vessels.

2017 SV Tavae ,Venezia 42 (1998) various seasons en Panama with some problems to solve or new installations. I never had enough confidence in the professionals I was presented till a day end 2017

when an english sailor presented me Rudy who just arrived Shelterbay as a very skillfull Dutch for electricity, electronic, mecanic.

Rudy changed all the système of refrigeration/freezer, took abt 1000 m.of useless cables put during all these years. Install solar panels which gave us full electricity independence (no more generator abt 6 hours a day just for the fridge and water maker).

Total service of the 2 Yanmar engines, changed the propellers, verify and change seals of saildrive. Checked the rigging, etc . He tried hard to teach me how to repair in case...

Rudy KNOWS and find out to solve and on top, a very nice fellow. Just meet him and use his tremendous skill.

5-2022

STH marine just got their certification to program and replace batteries for ACR ARTEX.

11-22 SV Hedonism UPDATE: Shortly after this was posted we took 3 ACR products in to take advantage of now having a battery replacement service available. They took the battery information for our units and advised that they would order the batteries for our units (1 EPIRB and 2 PLBs) once they had orders for 10. Of course, they would have to come by Ocean freight so add a month or two. At the end of August we went into the store to get an update and there was no-one to help us at that time. We were given an email address to contact the person responsible so we emailed him. We did get a "read receipt" but no answer. We went in yet again in October and the gentleman was there. He advised us that they still did not have the number of required batteries to order so the battery order had yet to be submitted to their supplier. He was going to advise us once the order was placed and as of today, nothing. So, if you want to get your recertification done at STH you probably need to plan a year or so ahead! Or order your own

batteries.

Carreira Industries

Sébastien Lutgen

Telephone 89 54 68 90

textech.distribution@gmail.com

Located: Taravao

Background: For many years Carreira was the go to store for Sunbrella and canvas supplies in Papeete. During the pandemic they closed down.

In Dec 2020 it was reported they moved. A cruiser obtained the new number and called them.

Anyway, I just spoke to Sébastien the guys that runs Carreira, which I think is under a different name. He gave his email, since they are in Taravao now, and he doesn't speak much english he prefers to deal with people by email with details or what they need rather than the phone...

When I called him I actually asked him if it was Carreira where i was calling and he said yes. I explained to him that, people were wondering if he was still in business and he said "yes" but now we are in Taravao " I said people have been trying to reach Carreira but the old number doesn't work, so he told me he will text me the new email with his name and telephone number and he did right away, hope that helps....

Biminis, dodgers, cushions, yacht interiors etc.

Wide stock of sunbrella, fasteners, webbing, thread, foam open cell and nonwater retaining foam. They will also reburish boat interiors. Mark Bland is best contact with reasonable English.

5-2023 SV Tengah Consider reaching out to Nicholas at Blue Composites in Tahiti. His English is decent but his foreman, Alex, has near impeccable English. Consider using DeepL when writing him. I find in FP that you get much faster responses if you write in French. They are the best fiberglass shop in all of FP and he's a boatbuilder also. I presume they can get a stainless shop to help with the stainless internals.

Christian Fuller Fiberglass repair

Island: Tahiti

87-79-06-06
email: chfuller@mail.pf

Recommended by the 2016/2017 Super Yacht Guide.

I just saw a spar he painted and it looked terrific (Jacaranda 2017)

Christian speaks some English.

Carpentry, Fiberglass & Spraying LP work

Fiberglass, Resins, Gelcoat

Island: Tahiti

Best stock in Tahiti Yacht Accessoire Marina Taina at Michel Balzer's or Sin Tung Hing but available at Ace, Nautisport, Siou Lee, Emile Vongue, Ocean 2000. See Marine Equipment

Luc Vacher Fiberglass work

Island: Tahiti

Luc Vacher Coponat
87737919

Best to read the reports about him in the refrigerator section. May want to stay clear based on his shoddy business practices and work ethic.

Repairs hulls, centerboards, rudders works with polyester and epoxy fiberglass, carbon, kevlar, foam, CP gel coat and paint.

2-2022 SV SV Luna I recently discovered a crack in one the stringers/lengthwise frame elements close to the keel I ended up hiring Luc Vaucher Coponat for the job. I am very happy about the whole process. Good work and good communication. I can definitely recommend him. For anyone interested.. The crack did not go into the stringer itself. It was the fiberglass bonding the stringer to the hull that had popped.

Ocean Sails Tahiti

Island: Tahiti

Michel 689-8771-1686 (oceansailstahiti@gmail.com)

11-18 Michel made a fiberglass exhaust pot for SV Little Wing that fit the previous exhaust cylinder exactly.

Joe highly recommends him

Peel Ply alternative

Island: Tahiti

Go to any fabric store and buy satin fabric, cheap and works exactly the same... Do not use plastic it will tear and you will tear your hair out picking it off... Have used satin fabric for 3 years in fiberglass workshop never any issues.

FIRE EXTINGUISHER

Incendie Moz Services

Island: **Mo'orea**

Incendie Moz Services
Christophe Collard
Vini (689) 87-32-01-01
christophe.collard@mail.pf

Usually every Saturday morning he is parked next to Marina Vairae. But he can also come to Cooks Bay or Oponuhu Bay to service your extinguishers.

He does not speak English but very willingly to work with Google Translate, etc.

Maybe much easier than trying to arrange service in Papeete.

10-2020: Sv Sugar Shack Several of our fire extinguishers needed to be replaced. Ocean 2000 had two 1kg extinguishers for 5800xpf which we bought. However, we needed two more. We contacted Christophe and were very pleased with his service. He was very responsive (French only) and offered 1kg extinguishers for 4800xpf. He met us at Marina Papeete with two new extinguishers and their certificates. In addition, he took our old extinguishers. Very nice, professional and willing to deliver to Marina Taina, Marina Papeete, Vaire Bay, Cooks Bay and Oponuhu Bay. – I'd highly recommend calling him first!

3-21 SV ZwerfCat We have been over half a year in Tikehau and at some point we really liked to get some stuff from Tahiti. I'm super happy with the person I found to do shopping. He is really helpful, fast AND has a Revolut bank account (you can open such an account in a breeze online yourself if you don't have one yet). So payment is instantly. He also accepts PayPal. If you use Signal or WhatsApp, he takes pictures to ask you which item you meant if it wasn't clear. And he uses a handy shopping list in which you can upload pictures of the item yourself. There is no cash machine in Tikehau and we wanted more cash, so he has been taking money several times for us and just put it in the groceries in an envelope. He also went twice to Gondrand to collect our packages we ordered and added them to the Dory as well. Easy because Gondrand only has local bank account so it's more difficult to pay them. I think he will do anything you want. Really helpful and nice. Speaks very well English. So I highly recommend him:

HMcoursier Personal Shopper

Island: Tahiti

- HMcoursier@gmail.com / 89 46 82 82

Very professional, organized and responsive service, in my experience the same price as Juliette.

3-2020 From Aline Tuamotu Kite School

Please note that they say they don't ship fresh or frozen products.

Juliette Personal Shopper

Island: Tahiti

Juliette

rairoaju@yahoo.fr

11-2020 Requires bank transfer for payments. Difficult if you do not have a FP bank account or in a location that does not have a bank.

7-2021 SV Stella Maris

Juliette is the best. Do it by boat shipping. Pick the right boat and 2 days later it is delivered!!!
We used her 3 times in the Tuamotus. She helps find the best boat for a quick transit time. Veggies and fruits still fresh! Some stuff in refrigerated. All was perfect every time .

8-2020 SV Ocean Blue

On Ocean Blue we can highly recommend Juliette who did a great job for us. Items were shipped to Fakarava.

3-2020 From Aline Tuamotu Kite School

Cruisers, especially those sailing in the Tuamotu atolls who are either avoiding or not allowed to go ashore for covid-19 related reasons:

There are many options for provisioning that do not require going ashore longer than to pick up a box from a cargo ship at the dock of an island of your choice!

It could cost you less* and include higher quality more diverse food options as well... (I'm on my 5th year here, this is how I do my shopping, then I give back the local populations in ways other than grocery shopping)

* less expensive, unless if you are looking to only purchase PPN « produit de primaire nécessité » simple imported food items like rice, beans, basic canned food, sugar, white flour and pasta, etc, which are the same gov't subsidized price at every island. You could also call the local shop and have them deliver to the dock.

Send your shopping list to a personal shopper on Tahiti:

- Juliette rairoajuju@yahoo.fr

2000 xpf per shopping mission (per shop you ask her to go to) plus freight costs. Less expensive per shop if you request many shops.

*really nice, she will even go to the papeete market early Sunday morning to buy local organic veggies for you and put it in refrigerated freight on a cargo ship Monday morning like the Cobia or Dory. (Cobia departs Tahiti Monday and arrives at Fakarava Wednesday morning, about 500-1000 xpf to send a medium sized box)

With any of these options, they will send it to you anywhere in FP via cargo (much less expensive) or Air Tahiti fret (\$\$ per kg). Refrigerator and freezer freight normally available with all options (unless it's broken)

Cargo ships

Call to order 200 liter drums of gas or diesel, 2 stroke oil, propane, etc.

-@navette cobia 3 FB page for a picture of their weekly schedule for the central Tuamotu atolls. 40 43 36 43

-Maris Stella FB page for their schedules, their boats visit almost all of the atolls, but less frequently. The Maris Stella sets up a food shop with fresh veggies and fruit at the dock when they visit most islands. SMS 89 40 06 10 to order food, including PPN options and even ice cream, or gas before they depart Tahiti, they will not respond but don't worry your order will be in.

-Dory cargo, email broken, call 40 42 30 55, weekly visits to NW Tuamotu atolls.

Most inhabited atolls have ships from Tahiti about once a week. I only have experience with cargo ships visiting the Tuamotu atolls.

If you contact Juliette or HM, Make a list of which items you want, organized by shop, for example a separate list for Carrefour and PT and a marine shop for some boat parts while you're at it.

Payment is normally by bank transfer.

Easy!!

** it will be even easier for your second order

Tamaamaitai!! (Bon appétit)

Maxi Tahiti Ordering by email

Island: Tahiti

Maxi

maxitahiti@mail.pf

Tel. No. 40430450

<https://www.facebook.com/maxitahiti/>

Info: For shipments to the islands, just send us your order either by emailing maxitahiti@mail.pf or directly on facebook by private message. You have the ability to visualize a large part of our products by heading to the " Photos " tab and then clicking on " Albums ". Prices are available here by clicking on the photos. Once your order is received, we will send you your pro-forma including the cost of freight. Then if you validate your pro-forma, you can pay either directly to MAXI or bank transfer. Once payment is received, we will deliver to the boat. For more information feel free to inbox or facebook message.

6-2019 Cruiser They have most of the same products and prices as PT, I have only worked with them once, a positive experience as well.

10-2020 SV Amilie I wanted to share an experience that I've recently had with Maxi in Papeete. In the past I've stocked up on bulk provisions such as nuts, dried fruit etc from Maxi and recently run out. The prices of small packs here in the Marquesas are astronomical, so it led me to do some research. Maxi offers a delivery service where ever you are in FPI. The minimum spend is \$150 to get the delivery which can be shared with others, although we had no problem in spending loads more. I contacted Maxi by email and they encouraged me to send in my order by messenger. Within an hour, the order, acceptance, bank transfer in euros and receipt had been completed. They packaged our goods, they called us to inform that the package was on the ship and the box arrived here intact yesterday on the Aranui V. The freight cost was \$15. Fantastic service, all in English and so easy. I would highly recommend this service and you don't require a postal address, a local number helps and an email address. I hope this information is helpful and certainly up to date. Keep safe and congratulations on becoming a grandparent, it is wonderful.

Before you do the money transaction, Maxi will inform you of what isn't in stock from your list, so there are no shenanigans of getting money refunded or disappointment.

It could cost you less* and include higher quality more diverse food options as well... (I'm on my 5th year here, this is how I do my shopping, then I give back the local populations in ways other than grocery shopping)

* less expensive, unless if you are looking to only purchase PPN « produit de primaire nécessité » simple imported food items like rice, beans, basic canned food, sugar, white flour and pasta, etc, which are the same gov't subsidized price at every island. You could also call the local shop and have them deliver to the dock.

With any of these options, they will send it to you anywhere in FP via cargo (much less expensive) or air tahiti fret (\$\$ per kg). Refrigerator and freezer freight normally available with all options (unless it's broken)

Cargo ships

Call to order 200 liter drums of gas or diesel, 2 stroke oil, propane, etc.

-@navette cobia 3 FB page for a picture of their weekly schedule for the central Tuamotu atolls. 40 43 36 43

-maris Stella FB page for their schedules, their boats visit almost all of the atolls, but less frequently. The Maris Stella sets up a food shop with fresh veggies and fruit at the dock when they visit most islands. SMS 89 40 06 10 to order food, including PPN options and even ice cream, or gas before they depart tahiti, they will not respond but don't worry your order will be in.

-Dory cargo, email broken, call 40 42 30 55, weekly visits to NW tuamotu atolls.

Most inhabited atolls have ships from tahiti about once a week. I only have experience with cargo ships visiting the Tuamotu atolls.

If you contact Juliette or HM, Make a list of which items you want, organized by shop, for example a separate list for Carrefour and PT and a marine shop for some boat parts while you're at it.

Payment is normally by bank transfer.

Easy!!

** it will be even easier for your second order

Tamaamaitai!! (Bon appétit)

Sipac Food Distributor / Delivery out islands

Island: Tahiti

8-21 SV Bella Marina +1 for Sipac!

11-2020 SV Kiapa Nui

We used SIPAC per seeing Jan's description. Super easy to use, can use cc which is a plus for us, and only additional charge was the Cobia of a high price of 4000 xpf. ;) The boxes were well packed as was my wine. :) If I was at the store myself I would have picked through the fresh and picked the best but I won't complain...well just a bit. They sent pretty moldy broccoli, 2.5 of the 6 red bell peppers were complete mush and I had to throw them away immediately, and about a third of the apples were pretty bruised. On the other hand, all the local grown produce looked great! They made a mistake which I did not notice as I ordered a shit load of food, but they forgot to send 3 packs of the Tiger Prawns. I ordered 3 other packs of shrimp as well so I can see why I missed it and them. :) I received an email the next day and an invoice showing the reimbursement to my cc "in progress". Good on them.

5-2020 SV Hanna

This company was recommended by the dive shop in Tikehau. They are a food importer and wholesaler. You can place an order with them and pay by CC. They will gather your order and place it on the ship to the island or atoll of your choice. You do not need to purchase case lots but can buy individual items.

It's a grocery importer / wholesaler which also sells retail to individuals, with some great pricing on some stuff I've seen. They deliver to the various islands with \$100 order. It might be something to look at, especially for long term provisioning. Most stuff is available by the piece, ie you don't have to buy a case of something, and lots of what they carry are regular retail portions. But if you want to buy a whole brie or 4 kg brick of Emmenthal, they've got that too!

I just placed an order with Sipac. I had a couple questions, starting with the shipping glitch mentioned

above. They didn't realize that glitch but fixed it right away. Then I had a couple other questions and they answered pretty quickly via Messenger. Website is really pretty good. Payment with US CC was no prob. Confirmation email right away, and they also confirmed via messenger once it went through. I will post about it on FP Cruisers page once I get delivery, a week from tomorrow.

See their webpage for cut off times to have your order in by ship name.

From their website

Sipac at your service! Food wholesaler since 1974 .

SIPAC imports and distributes nearly 2000 product references , sold at retail and divided into 4 categories :

- Grocery
- Fresh (Delicatessen, Cheese, dairy, meat, ...)
- Fruits & vegetables (imported and local)
- Fresh frozen

A complete range of products for professionals in all business sectors :

- Hotels & Restaurants
- Snacks & Trailers
- Pastries, Bakeries & Caterers
- GMS & Local shops
- Communities (Schools, Communes, Associations, Army, Summer camps...)

Follow up from SV Hanna

As a follow-up, they sent invoices and bill of lading the next day, .PDFs via email. There are 4 shopping categories on their site: fruit and vegetables, fresh, (refrigerated: cheese, butter, meat, yogurt etc) frozen, and grocery (dry goods) / hygiene / household products. I ordered in 3 of the 4 categories and each category gets its own invoice and bill of lading. The bill of lading also tells you how many boxes there will be. From my one experience using Juliette for shopping, that's standard for BoL.

FUEL INJECTORS / INJECTOR PUMPS (DIESEL)

Papeete

Northern Lights
Island: Tahiti

2-2024. SV Auntie

The inventory of Northern Lights parts available in French Polynesia is smaller than small.) Northern Lights parts come out of Seattle, Washington, but you cannot order direct from them. The quickest (and least expensive) way to get parts sent to French Polynesia from US is to order from Richard at Costal Marine. Costal Marine is right next door to Northern Lights in Seattle, they have a great working relationship, and most parts can be sent same day. Another bonus, Northern Lights - Costal Marine can ship directly to Tahiti (98713) using USPS International Priority which is considerably less expensive than DHL or FedEx, and takes the same amount of time. As usual, from Papeete, Tahiti Crew can pay customs and ship to any other island.

Costal Marine: +1 206 784-3703a

GETTING AROUND TAHITI
Walking in Papeete
Island: Tahiti

Walking in Papeete From the Papeete Marina to Fare Ute is 14 minutes at a steady pace. Ocean 2000 is twenty minutes as is Hyper Bricolage. Its similar from the bus stops if you're coming from the out lying areas. Champion is about 10 minutes from Marina Papeete.
If you are at Marina Papeete they have a loaner bicycle

GLASSES (PRESCRIPTION)

Cathedral Area

Island: Tahiti

See Opticians

There are two eye glass places bordering on the Cathedral square in city center.

One is directly across from the front next to Foodie's Market.

The second is across from Foodies and to the left before you get to Air Tahiti office.

For more complex prescriptions like bi-focal, no line, sensa gray etc the glasses have to be made in France. But for reading glasses and more straight fwd prescription they can be made in papeete.

Paint

Island: Tahiti

Ace can mix colours for oil and latex. Sin Tung Hing Marine carries several marine paints.

Linear Polyurethane is available at Polynesie Penturestel 40 53 17 53 in Fare Ute on Voie M. One of the staff speaks very good English. They can mix any colour. Assuming you are "roll and tip'ing" or foam brushing then avoid the fast hardener, best to use slow or normal also Be sure to get normal thinner not fast. They also have the very best price on zinc based primer by far. For foam brushes go to Ace but small mixing pots go to Sin Tung Hing Marine. Sin Tung Hing and Ace both carry respirators with organic filters. In the heat here any masking tape except 3m will leave a horrible messy glue residue Sin Tung Hing carry an assortment as does Nautisport and Ocean 2000.

1-2021 Email reply from Alfred Lau at Apataki Carenage: The max length for monohull is 50' or more and multihull is 55' depending the model of the boat. The max draft is 2 m no more.

Be sure to book flights WAY in advance as they are often booked out months in advance.

12-2019 An informative blog post by Bellamarina

http://svbellamarina.com/2019/08/07/cyclone-season-strategies-in-french-polynesia-hauling-out-at-apataki-carenage-in-the-tuamotus-archipelago/?fbclid=IwAR017qaTOVt7H0IXFHvECcSMqBL4MKsXs1zPaX8_yBscztjX9hhOaZN0eWQ

SV Oceans (added 12-19)

We were very disappointed. Our boat was filled with mold. The water line in our port hull showed a foot of water sat in there a long time. I turned off the bilge pumps since it was out of the water.(my guess they opened it up and forgot to close it up. They were to do regular inspections and send me email update. They checked it once. The list of repairs promised, never done. Crazy excuses. Then blamed me for everything. It was the worst marina experience in over 30 years of boating . Their documents state nothing is their fault and you have no recourse no matter what happens. It is a family business. The parents are very nice. The son is the weak link, very weak link.

Our boat is in excellent condition. I've never written such a review as this but I hope no one else to have such a experience.

Vincent Roche owner & mgr

Yard has space for about 50 boats. Haulout using a hydraulic trailer.
25tons 18m

1-2021 From Vincent the owner We can take catamarans and trimarans up to 57 feet. We are limited to 11 meters in width. For monohulls, we are limited to 2.5 draft. Boats should not exceed 20 tonnes.

4-2024 from FP Cruiser FB page replies about the yard

We HIGHLY recommend the boat yard in Hiva Oa! They are absolutely fantastic people and really do a great job to take care of you and your boat while you are there!

Highly recommended. Well run and secure yard. We have had boat there for large-scale work + storage.

Vincent runs a fantastic boatyard given the constraints of the remote location. Friendly professional secure when I was there a few years ago.

We HIGHLY recommend the boat yard in Hiva Oa! They are absolutely fantastic people and really do a great job to take care of you and your boat while you are there!

----- end comments -----

12-19 & 11-20 SV Lady Jane Our experience in the yard was excellent , the new toilets and showers were installed when we were there and that made a difference to us as we stayed on the boat for a week before we left and a week when we came back

Make sure you plug all your holes to stop cockroaches and put down boric acid on surfaces inside. Plug your holes as soon as you get hauled out. We did find some dead ones in the bilge when we got back after two months but that was all. They did some small patch up of the copper coat for us and anti fouled the waterline. They also serviced our outboards.

They have a travel lift, travel trailer, and railway platform. They can lift monohulls and multihulls (cats and trimarans) and general facilities.

In November 2020 they will receive a new 50-ton travel lift and a new 50-ton trailer. Dominique is the manager and fiberglass expert and is fluent in English.

Carenage has 3 ways to haul vessels: Travel lift, Trailer, Platform. They can haul cats as well as monohulls. They also perform most of the haul outs on the charter fleet in Raiatea. Haulout & long term dry storage

7-2021 SV Capall Mara

We have just finished a haulout at Raiatea Carenage. On the whole it went well. The staff and workers were good and helpful. Our Only complaint was that they were constantly called away to other jobs. As the time dragged on this became frustrating. I voiced my frustration in the office. The owner came in and became verbally abusive and quite aggressive. He slammed the door in my face then threatened to throw us out and blacklist us!

The next day he apologized to John. His behavior was extraordinary.

I will also add that from the outset Dominic did not like me having an opinion on a matter of dispute. I kept out of his way as much as possible. It is not the way we do things on our boat.

7-2021 SV Tintamarre Raiatea Carenage Services – the best service we have experienced in 5 years cruising

We were very lucky to be offered a place at this excellent full service boat yard in November 2020 for cyclone season storage. When we were hauled out they only had a 20 tonne lift but now they have a 50 tonne lift for Monohulls (width 5 metres) and a new self-propelled lift/tractor for hauling Cats (width

7.56 metres). They also have a railway system for short term stays for Cats (70 Tonnes, 11 metres) and motorboats that allows for very wide vessels.

On arrival we were concerned about how we would fit in the 20 Tonne lift as we have a high wind vane. We need not have been concerned, the yard staff and Dominique knew exactly what they were doing and took great care to haul us out, taking full responsibility for the extra work required to fit us into the lift. Tintamarre was stored on a full frame, not just individual supports, for the cyclone season. The yard installed the boat covers after we left as we had to leave earlier than expected to ensure we could travel ahead of an impending lockdown in Europe. We had regular reports while we were away, with photographs where appropriate. The boat was in good condition on our return. It is worth noting that the water provided is high quality drinking water and safe to store in water tanks. They support 110v and 220V power.

We had agreed a schedule of work with the yard for a planned arrival in March but Covid delayed our return until June. We had excellent support sourcing parts and working with the yard so that anything that could be done would be ready for us on our return. The rest of the work was planned for the few days between our return and when we splashed. They also took delivery of some critical components shipped from Europe ahead of our return.

All the work we had done, which included servicing the hydraulic auto-pilot, anti-fouling, full engine service including cooling system, outboard engine repair and service and a short notice request to fibre glass in a bulk head was carried out on time and to a high standard and for a reasonable cost. For the first time ever we splashed on the day we had requested with all work completed. The new 50 tonne lift making the process much easier.

After splashing we had a few problems relating to work done in the past. All our requests have been dealt with in a friendly and professional manner. We found Dominique to be very knowledgeable and helpful. Without exception we have found the staff to be friendly and always willing to go the extra mile to support us. A particular shout out to the office staff for sourcing parts for us at short notice and to the engineers for the high quality of work.

9-2020 SV Sugar Shack

We had an amazing experience at RC specifically because of Dominique. He was extremely helpful, courteous, professional and beyond fair with us. I handled all of the communications directly with Dominique and was super pleased with his management skills. He worked hard and operated almost all the equipment himself at any given time. Never asking his staff to do anything he wouldn't do himself.

2-2020 s/v Alia Vita

We hauled out there in early 2020 and had the audacity to question something. The Boss (Dominique?) became extremely aggressive and dismissive. The biggest issue at that yard is that all the staff are terrified of him. We certainly wouldn't haul there again.

12-2019 SV Leonara

We had a reservation for hauling out our boat in December 2019. We arrived 2 weeks earlier in Raiatea and confirmed if everything was okay with the reservation. We didn't want to live too long in the Carenage (they have terrible bathrooms and showers there) so we planned around 4 days between the hauling out and our flights. Surprise surprise... the hauling out day came and they decided to tell us that they don't have the cradles for us. Dominique promised us the cradles will be done before our flights. Until now we had a good relationship with him and we trusted him. We left Raiatea when SY Leonora was out in the belts of the lift. We didn't complain and still good relationship. We came back 3 months later... we had an appointment to splash again. The Carenage had a smaller travel lift than now and we had to take off the forestay. When the boat was splashing in the locker again we had some problems to put the forestay back (and some others small issues). All that took us like one hour. We told them "we won't leave until we are done and we probably need like 30 minutes". Dominique came very aggressive, rude and disrespectful. He said he will cut our lines if we don't leave now. I was scared and terrified with the situation. We almost lost our flights because his delay with the cradles but then we needed one hour and he wanted to cut our lines. Not very fair. He has a toxic behavior with the clients and his employees as well.

2017 SV Rumpus

Our boat has been at Raiatea carenage since 2017 and we have hauled out and splashed several times. We intended to sail west and then home to NZ in 2020, but... now it's on the hard and we are stuck in NZ (Covid19- no passenger ✈️). We have found Dominique and his team to be courteous, reliable, friendly and generally excellent. We have done our own antifouling work and they are helpful. Both my husband and I deal with the management. I find it easier to speak French with them than English and they are tolerant of my bêtises (silly mistakes). Dominique can be flirty but that's easy to cope with; a few well-chosen words. There are many times they have gone above and beyond to help us

Yvan - 87 74 85 60

SV Larka 2017

Have just completed 12 day haul out for bottom paint etc.

Can highly recommend Yvan and his team (87 74 85 60). Very careful with haulout on hydraulic propped trailer (no boat hoist)

Also excellent engineer - Patrick Heintre 87 300 625
(multi-meca@mail.pf) has lathe facilities and spares for Perkins engines.

Supermarket 2k away, chandlers 3k, with v large Ace hardware store another 1k.

Best to buy requirements from Michel B at Tiana Marina (87 74 10 02)
and/or in Papeete and arrive there fully stocked.

It rains there occasionally!

Technmarine

Island: Tahiti

TechniMarine

Address is the end of Fare Ute but to haul out you must approach from the pass east of Papeete due to the low bridge between Fare Ute and Muto Uta. Email: exploitation@technimarine.pf tel 689 40 43 02 22.

Manager speaks english.

Use VHF channel 09 when approaching lifts

For places to stay off the boat close to the yard see Hostels / Hotels

Have two travel lifts one is 75 metric tonnes, the other 300 metric tonnes. The smaller may not be appropriate for the width of some cats.

You can do any amount of the work yourself you wish. It is very convenient to all marine suppliers available in FP.

Electric and water are metered. But a few years ago they started charging a daily surcharge for vendors that are not supplied by the yard.

They have welders including TIG and MIG welding. They can spray in the yard (depending of wind conditions) including polyurethane. Staff are friendly and the facilities looked good for toilet and shower blocks.

6-2023 SV Kiapa Nui We just finished an 11 day stay at Technimarine, our 7th time there, and can happily report that under the new ownership and current management, the yard is orders of magnitude better than it was been in the past. Unlike before, the yard's focus is now clearly on cruising yachts. They reorganized the parking layout to allow more space, and the preferred upwind locations, for "our" boats and to keep ample separation from any fishing boats they may also be servicing.

The two operation managers are Teama (logistics) and Matahi (yard operations). Both speak excellent English, are professional, responsive, and experienced. The yard director is Sebastien. He speaks fair English, is extremely experienced, and now personally drives the travel lifts to ensure the best possible operation.

All managers repeatedly came aboard to inspect the quality of work. At one point Sebastien directed a small army of workers to redo a project we were not 100% satisfied with. There was no additional cost to us. Despite it being late on a Friday afternoon, the workers kept at it literally as we were being launched, and for a few hours after while we were moored in the ways, to make sure we left the yard satisfied and on schedule.

We had the yard remove our old bottom paint, do some glass work, and to some cosmetic painting, amongst other projects. They were careful while sanding the bottom, following our specs and instructions, and at one point had 5 workers on our boat. The workers were friendly, focused, productive, and were careful to always leave the area clean when they finished.

The glasswork and cosmetic painting was world class. I say that as someone with prior work experience on super yachts. Victor is especially skilled and meticulous at this kind of work. If he is on your project you may pay for a few more hours than if someone else were doing the work, but he's worth it.

Some of the work was done on quote and some on hours/materials. They reviewed the bill with us in the middle of our stay and of course at the end. The bill was detailed, organized, in English, and while expensive, we found the rates fair for the quality of work.

One negative are the facilities for those of us that live aboard while working. The bathrooms are frankly horrible. Not dirty in a "gross" way, but dirty in a boat-yard dirt way, full of roaches, and the toilet seat was broken. Sometimes there was no toilet paper nor soap. The showers are cold water only. If these are primary concerns of yours you will not like the yard, or at least not like staying there, but we were there to work so as long as the toilets flushed and the showers had water we were ok.

In summary, the yard finished the work on time and within budget. The quality was excellent, the staff friendly, and they clearly value us as customers. Based on some past experiences, we originally had plans to go to a different yard, but after a frank discussion with Teama, we hesitantly chose Technimarine. Now we're glad we did. I strongly recommend Technimarine.

8-22 They carry PropSpeed coating for propellers.

8-2022 SV Jamala We've just had many layers of antifoul sanded off, the water line raised, red and white stripe repainted. Prop speed added. Excellent, professional work and service provided at Technimarine

in Tahiti.

1-2021 SV Barracuda of Islay

We lifted out at Technimarine in January 2021 to do some technical work and antifoul the boat. Florent is the point contact for yachts wanting to lift out. He speaks excellent english. They provided clear written instructions for lifting out. On our lift day we arrived early and were immediately lifted out by an extremely professional team. The boat blocked off exactly as we needed it and within an hour of arriving we were at work. We were provided with an english speaking point of contact called Teama for anything we needed. We did our own antifouling but we did need help with repairing a hydraulic ram. Teama found the necessary part and had another manufactured at Polyindustries and then arranged the welding and testing. They kept to the planned schedule and had us back in the water on time. They wanted to ensure our experience was good and found solutions to help us. This is a highly professional boat yard and we have no reservations recommending them.

10-2020 Numerous reports in the FP FB group with warnings for Catamarans hauling out that needed to repair damaged keel or bottom. This has to do with how the Cats are blocked

Comment #1

FYI they had an incident with an FP or Lagoon (I forgot which) in May/June 2019 while we were there. They needed to repair the forward corner of a keel so they only blocked the aft 2/3. That resulted in the aft edge of the keel being forced up through the hull causing significant damage. I assume that's partly why they want the plans now but regardless hopefully this info helps prevent a similar problem for you if

you're facing a similar repair... and they dinged that boat's bow with the travel lift while moving another yacht.

Comment #2 I was hauled at the same time as well. Good size crack and what was worse, the owner had to leave the country right away after it happened

Comment #3

They cracked the hull of the cat next to us in April.... similar situation

#4 Yard is requiring a document from Lagoon in how to block a Lagoon that needs to repair damaged keel area.

5-2019 SV Nehenehe

We worked with Teama at Technimarine. We had our waterline raised, light sanding with new bottom paint, and struts painted with LP paint. This is a difficult review to write because everyone at Technimarine worked hard to complete the work nearly on time; including a full day over the weekend which is highly unusual to have done by this yard. While I truly liked Teama as a person VERY much.... He proved to be completely inept at his job as project manager, (he is new to his job). I would strongly recommend that you work with someone else. The long story is the following.... Teama did not track well with any of the project details, he either forgot things or got things mixed up. He said that supplies were ordered but they had not, he said the exact same bottom paint had been found and seemed to say that it had arrived on site, it had not. When I stopped by a week before the start of work... he said he had still forgotten to order the supplies! He then scrambled to try and find bottom paint, eventually found some, when it arrived it was not a paint we could use. Then just before work started....he still had forgotten the epoxy primer.... This process went on, and on.... They failed to haul the boat on time, they delayed three times, one of which was with 30 minutes notice and we were already underway in the pass when Teama called to cancel. When we finally arrived for the haul out we had to motor up and drift back down the river for three hours while we waited. After we discovered the incorrect bottom paint.... It was forced on me to make four trips and ten hours' time trying to personally return the bottom paint to their supplier. There are a lot more aspects to our difficulties at Technimarine than I wish to bore you with. In short it seemed that everyone else there was competent at their jobs and worked overtime to make up for Teama's numerous mistakes. All the other employees were efficient and made the effort to make us satisfied. While they easily could have been much better; I must rate this business a 5 out of 10

They failed to haul the boat on time, they delayed three times, one of which was with 30 minutes notice and we were already underway in the pass when Teama called to cancel. When we finally arrived for the haul out we had to motor up and drift back down the river for three hours while we waited. After we discovered the incorrect bottom paint.... It was forced on me to make four trips and ten hours' time trying to personally return the bottom paint to their supplier. There are a lot more aspects to our difficulties at Technimarine than I wish to bore you with. In short it seemed that everyone else there was competent at their jobs and worked overtime to make up for Teama's numerous mistakes. All the other employees were efficient and made the effort to make us satisfied. While they easily could have been much better; I must rate this business a 5 out of 10

HEAT EXCHANGER REPAIRS

Heat Exchanger info

Island: Tahiti

Info Passed on by Adrian

Diesel-Clinic owner Adrian Pataki Engineering Technician

(+689) 87 28 60 83

svattila@gmail.com

There is no shop which specializes in Cupro-nickel heat-exchanger repair. To effect temporary repairs until your new heat-exchanger arrives, there are various radiator-shops in town, in the Titioro area, they are able to solder the damaged heat-exchanger using hard-solder, but i prefer to do it myself, so i don't have an address or phone number. If the fault is not in the tube-stack, but in the cast-aluminium header-tank, there is a welder in valley of Tipearui, right after the Karcher-shop, (Norbert-87747093, speaks fluent French :))

Kalei & Manu,
87 27 10 00 and 87 20 12 01.
west.coast.easycar@hotmail.com

When hauled out at either of the Carenages in Raiatea, there is an amazing 3-room bungalow about a 10 minute walk away. I didnt find it until after I splashed, but it would have made haulout sooo much nicer. The cost is about \$100 USD/day. It is a beautiful little property with a pool and a dock, and they even have a rental car available (lowest cost I've found on island) should you want to supply/explore/dine out.

They also have a single rental came with a good price. They are lovely, so is their place!

O' Orion

Island: Raiatea

orion.raiatea@gmail.com
Nicolas 87709901

Canvas, sails, laundry: O' Orion opposite of the boat yards in Raiatea does good work. He is also putting the last touches to his bungalows that will be for rent (nice size, swimming pool, about 60 m from the 2 shipyards.

SV Mary Ann

Raiatea Location

Island: Raiatea

From SV Cinnbar One of the car rental agencies, Raiatea Location, also rents bungalows. I think they have 4, two with kitchenettes and no A/C, 2 with A/C and no kitchenettes (but of course they have the electric kettle). They are pretty rustic.

3-21 I heard back from Laurence's Bungalows, Fare Blue Lagoon, under new mgmt and ownership. Maybe direct through air bnb is the way.

5-2020 Also recommended by Kit Griffin

SV Mary Ann - Stayed there 3 weeks while recovering from a broken wrist
Laurence has a lovely Polynesia home on the lagoon just south of Marina Taina. She has a dingy dock easily accessible from the marina area or it's an easy 10 minute walk. The area is walled with an electric gate. The bedroom is air conditioned. You have full access to her kitchen and she provides the ingredients for a do-it-yourself breakfast. She is a very kind and generous hostess who speaks French and English. There is a pool, several friendly dogs, a cat and sitting in the garden you get a lovely view of Moorea. The Papeete bus stops near her place. She can also be booked via Air B&B.

40-50-35-30 hotelsarahnui@gmail.com

Located 5 blocks from central Papeete and is the closest hotel to Techni Marine (4 blocks). Fare Uti.

It runs about 8000-10,000 a night depending on season. They do NOT have a kitchenette in the rooms but can supply electric kettle. Rooms have a mini fridge. There is a microwave downstairs that is for guests

We checked booking.com and then went and spoke to the hotel mgr. He gave us a 20% discount as we were planning on staying a week or more

8-2022 SV Jamala We stayed for over 2 weeks and it is the same as everyone says on Tripadvisor, the staff are wonderful and friendly and some of the hotel rooms have been refurbished and some haven't. The male housekeepers were better than the ladies. If you book on Booking.com then you can get breakfast included. Served from 6-9am not a minute after 9!

There is a microwave in the lounge area that you can use. There's also a coffee machine and you can buy coffee pods at reception.

They will happily store your bags for you.

We had two different rooms whilst we were there and both had a fridge and coffee making facilities. Bottles of water were provided daily. So near to Technimarine if your boat is in the yard.

12-2021 SV Cream Puff During a recent unexpected haulout at Technimarine, we stayed at a studio apartment owned by Stephanie Betz. She is involved with the Tahiti Pearl Regatta.

Stephanie is one of the nicest hosts we have met staying at AirBnBs. We reserved on short notice and she worked things out for our schedule. The communication was prompt and courteous. Stephanie speaks excellent English. The studio is off Prince Hanoi near Boulangerie Firmin. It is well priced for Tahiti.

The studio is very clean, well equipped and comfortable. There is one large room that contains a queen size bed, table for eating and small kitchen area. A second room houses a large shower with great hot water and very good water pressure. There is also a washing machine. This is one of the few rentals that had extra supplies for our stay. Nearby is everything you need; Easy Market, a pharmacy, convenience store and bakery. Oceans 2000 is around the block, 5 minute walk. Technimarine is a 15 minute walk through a neighborhood.

Vaekehu

WhatsApp contact numbers: 87700870 and 89791198

10-2021. FP FB "Eve"

Planes flying into/from Papeete from other islands rarely align time-wise with international arrivals/departures. I found a small bungalow (run by an awesome Tahitian woman) about two minutes from the airport. She comes and picks up you and your luggage from the airport, takes you to her airconditioned bungalow where you can shower and re-organize (she has free Wifi too) and then she takes you and your luggage back to the airport the following day, or whenever your flight is. All this shuffling of people and luggage is included in the cost of the bungalow, which was around 100 USD for 1 night.

S/V Notre Reve 12-18

We bought a new Icom radio (An IC-M330 not the model we wanted, but it works fine and they had it in stock). Matt offered to order the model we wanted, but it would have taken longer than we wanted to wait.

It is quite difficult to find as it is in a residential neighborhood. You basically have to have a car to get there. Here are the GPS coordinates:

17 degs 32.312 mins S, 149 degs 32.814 mins W

Matt was quite helpful. He speaks some English, but it takes some encouragement and a few words of French to get him started. They have radio test and repair equipment and are able to test and repair radios, but they don't have many spare parts on hand.

12-18 Jacaranda

When contacted by email about troubleshooting or repairing Icom HF radios (M802)

Hello, Unfortunately no ! We can only service equipment with RED CE 53 / EU / 2014 standard Local legislation prohibits us from importing replacement cards for non-CE equipment, even for passing ships, on temporary admission. Only the IC-M801E BLU is CE. Cordially

Top Sail Insurance

3-22 SV Grace
One issue to check with any Topsail quote is the policy on reducing payout amounts (on a sliding scale) on equipment over 10 years old. It sound perfectly reasonable but I asked whether it also applied to the spars (mast, boom, poles) and was told that it does. Which might make a claim following a dismasting on a, for example, 30 year old boat almost not worth making. I'm not sure what the actual reductions would look like but it was enough to make me stay with our current insurer. We use Pantaenius (uk). It's usually a higher premium but there's no reduction for older kit - we pay a little extra and have new for old cover.

Cybernesia

Island: Tahiti

Cybernesia is the cyber-space/internet cafe on the 1st floor in the Vaima centre, opposite Marina de Papeete. It has space for you to use their wifi on your own device, or you can use their computers. You get a wifi code for 1-4 hours access; 4 hours costs 1,000 xpf. You can only use their wifi during their office hours. They can also do your printing, laminating, scanning etc, and they sell computer supplies (cables, data cards, printer inks etc). Internet speeds are faster than we've found elsewhere. Open M-F 0800 - 1630, Sat 0830 - 1200

Internet Options

Island: Tahiti

Option A. Vini is one of two phone providers and they partner with OPT. Once in the Societies most of the islands have 3g with some 4g. If you plan to stay over four months getting a one year phone contract opens you to relatively cheap 3g data. One year phone contract costs you (as of 2/2017) \$82.28 (in US dollars.) The contract then gives to a phone number for 1 year with 30 minutes of phone time per month and 20 SMS messages. This also allows you to buy any of the following data packages: 1gigabyte for 1500xpf; 2 gigabytes/ month for \$25; 5 gigabytes/mo \$42. These work with most smart phones. The phone plan is one year but the data is only in three months blocks during which time you can increase your data plan but not reduce it. So you can also reduce or drop your data after you been at the same rate for three months. For instance if you go back to the Tuomotus, where there is only GSM (there paying the per megabyte rates might work out cheaper given such low bandwidth) you would not likely be able to benefit from a plan with more than 1Gigabyte a month. You can purchase the payment cards at Vini shops or the post office or at many magazines. If you go to vini with you exit papers or you ticket out of FP and a letter stating you are leaving the territory the contract can be terminated. PLEASE DON'T JUST SKIP OUT AS THIS MAY AFFECT FELLOW CRUISERS BEING ABLE TO GET THESE CONTRACTS IN THE FUTURE!

Option B: Vini also has a Data Only plan available for your smart phone or you can get a 3g router for 1xpf (not a typo.) The rates are the same as above and also have 10 gigabytes a month for 5000xpf. The contract is one year after 3 months you can reduce you plan and you can increase it any time. The least you can pay is 1500xpf for 1gigabyte /month.

To get a Vini contract you must get a letter from a marina saying you live at the Marina. The Yatch club provided the same for Mary Ann II such a letter (even though we only paid for the dingy dock privledge.)

Marina Papeete has provided the same for others. You need the letter, boat papers, possibly insurance papers and passport. BE SURE THE ACCOUNT IS LOCKED; otherwise, if you run over, the per megabyte charges are very high. Install the Vini app to track your usage and any charges. One cruiser bought a Vini box and it used his allotted data in about a day, he returned the box and told Vini he was terminating the contract. Mary Ann II has had two months on the 2gig plan without any problems with data usage.

Vodafone operates 3g based service in Tahiti, Moorea, and Bora Bora only. They have a standard prepay card which for 1500xpf will give you 84 megabytes (fine for emails not much for web based activities like facebook) They also have a prepay plan now TRAVEL SIM for 4200xpf you get 30 mins international calls OR 30 minutes local calls OR 1 gigabyte of internet.

Option C: Buy a Vini Wi-Fi prepaid card. Cost are not by the megabyte but by the hour and bandwidth can be very narrow. Cost are \$5 per hour for one hour and drop to around a dollar an hour for 100 hours. Nearly everyone who has used the hourly Wi-Fi system have seen glitches where chunks of time vanish from their account. In fact from about May 16 to October 16 a one hour Vini WIFI card never expired (those were the days!). In Papeete there are easily accessible Vini shops with English speaking staff, here buying the 100 hour cards is a surer bet. There is also a system WDG which is an alternative

hourly WIFI system which seems to work well.

Other Options: At the Vaima Centre across from the Marina on second floor (first for Brits) there's an internet cafe with very good bandwidth.

5-20 SV Cream Puff

Based on a recommendation from the webpage of SV Jacaranda and their Tahiti Cruisers Guide we contacted Tahiti Wi-Fi for a router. It rocks! We now have excellent 4G service. The owner of the business, Jerome, is very accommodating and speaks French and English fluently. His office is at the airport but he met me at the marina. He lives in the area. It took just a few minutes to set me up. There is no charge for the router, we pay for just the data each month. The fees are reasonable. The router works in most FP islands. There is a coverage map on their site which is in French and English: <https://www.tahitiwifi.com/home.htm>

5-19 S/V "Nehenehe

Tahiti WIFI: We found them at the airport next to the rental car area; they rent routers on their system for a standard cost of 13000 francs for 45 days with 10GB of data at up to 4G speed. They have worked anywhere that we can pick up a cell phone signal. They handle 5 devices at a time and can be topped off later on line if you need more data at a discounted price (if you negotiate with the 'boss'). The internet speed is fantastic and I highly recommend them. You seem to be forced into returning the router at the airport but I suppose this could also be negotiable? So far...I would rate them a 10 out of 10.

LEDS AND LIGHTING

Fare Lumiere LED

Island: Tahiti

"Fare Lumiere LED, 6 Avenue Prince Hinoi, Cell phone: 87 72 62 62, tel: 49 93 68 36. Serge Leroy, serge@farelumiere.comwww.farelumiere.com

We got made led light strips with cable for the engine room and for under the spreaders at The Led Shop in Avenue Prince Hinoi, just across the streets from the Shell Station and Hotel Tahiti Nui. Owner speaks English. It was not expensive – about 2000 xpf for a 50cm long light strip with cable, made the same day or the day after. He was a bit sloppy on the gluing, but everything works fine, so the only problem was esthetically. Had to pay cash.

They are in Arue 40436460

Email: spm@spm.pf

<https://www.big-ce.pf/partenaires/societe-polynesienne-de-miroiterie>

Carry acrylic -Plexiglass, Glass & Mirrors. Can custom cut, drill etc

They make mirrors and all things (Lexan). Will cut to size, round the corners and drill but their charges for drilling are outrageous.

Reported to carry Lexan(polycarbonate) but not sure. If you have purchased Lexan from this shop please let me know.

Nice comparison between Lexan and Acrylic: <https://coloradoplastics.com/polycarbonate-lexan-vs-acrylic-lucite/?fbclid=IwAR2ww64wTkmJ7Yed2RQnALd...>

7-2022 SV Auntie I had a temporary acrylic port lite made. David speaks English and was helpful, turn around time for a simple piece was quick, I gave them my pattern piece late Wednesday afternoon, finished piece was ready on Friday morning. I found the prices to be reasonable with the exception being the price for drilling holes is high. The material selection is a bit limited, for example the thickest glass for a mirror is 6 mm.

5-2022 SV Tiama Excellent Service

Nautisport have a big life raft and dinghy service centre. It's 6km from the marina. Station de Survie Nautisport, Servitude Vaimoana Rd, Arue. They service and certify life rafts for aircraft commercial boats as well as yachts.

Nautisport has a dedicated team for life rafts. Not cheap.

3-2022 SV Sugar Shack
Terangi and Aldo
+689 40 45 48 85
survie@nautisport.pf

From downtown, take the main road toward (Arue/Point Venus). Just past Brassier (B3) turn right. Take this road to Arue. Once in Arue, you will see a SHELL gas station, then a Tahiti Pas Cher on your right. (It is across from the monument "Tomb of King Pomaver V"). Turn right on the dirt road (immediately past Tahiti Pas Cher). The dirt road dead ends into a warehouse, turn left and then make an immediate right. Station de Survie Nautisport will be on the right. On GoogleMaps it is listed as "Station de Survie Nautisport".

We rented a car and drove our life raft to Nautisport. Terangi is really nice and speaks excellent English! He unloaded our life raft and immediately set to the inspection/servicing. We watched him inflate, make all checks and walk us through the life raft (it was new to us). We stayed about an hour and then left as he was testing air pressure and we did not need to see that. Two hours later we paid our bill \$690 for our Viking 8-man offshore life raft service and certificate. The cylinder did not need to be replaced. Then we picked up our life raft. It was a very interesting and pleasant experience.

Nautisport will pick up and deliver the life raft if requested for an additional 3000f-4000f. It is totally worth seeing the process and the life raft inflated. I highly recommend renting a car (Eco car was \$44/day).

Used for shipping items via ship down to Tahiti from vanguard in LA

Generalities

Island: Tahiti

Replacement of broken parts for a foreign "yachts in transit" is duty free but two customs applications are required: one when the item arrives and another when the yacht leave FP. This "duty free" exemption does not apply to any new items on your vessel only replacement parts, therefore you need to be ready to prove "replacement" when you leave FP although by keeping the old part (I doubt this is rigorously enforced.) This double customs applications also double the charges of the customs brokerage. We have heard of yachts having to pay a customs agent to come to the boat and observe replaced sails being destroyed. On the other the other hand we personally know two yachts who recieved new sails without any hassles.

You are allowed to receive goods valued up to \$200, including the shipping cost, duty free without requiring any duty or application to customs. Putting your yacht name on the parcel will insure you will not recieve the item without expensive customs agent fees. Using an address which is not a marina may also help avoid having to pay for an agent. We have recieved two parcels this way without requiring an agent.

Gondrand Transit & Voyages

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.541653

Longitude: -149.56863

[view in google maps](#)

Michael Lichon at Gondrand 68940543164 was very efficient, speaks good English and works closely with UPS. They are just behind the Mc Donalds near Marina Papeete. We received a package from Defender in the USA weighing approximately 10lb value \$760, shipping cost with UPS was \$82, shipping time just prior to Christmas was about eight days including customs time here and the customs agent fee was \$120 (2x \$60 which include clearance out of FP when the time comes.) He also allowed us to receive a new passport there at no charge.

10-2022 SV Auntie

AVOID!! Complete fail on Gondrand, largely because of their US partners, I.L.S. Bottom paint I use not available here any longer so bought 8 gallons in Miami and had Gondrand handle all shipping. In the US, I.L.S. lost 4 gallons, and damaged the remaining 4 gallons beyond use. They did not communicate this, had I not repeatedly asked for updates I would still not know. Gondrand's insurance would not cover because it never reached the dock. AVOID!!

Postal Service

Island: Tahiti

We have shipped several packages to the UK with OPT which arrived in approx. 10 days; cost for t-shirt sized packages was around \$14. After getting several quotes in the \$400 range to courier our radio to a repair centre in the USA we decided to ship via OPT, FP mail system. The cost was \$63, it was tracked and signed for but only up to the US border. The package took about 4 weeks to arrive in Florida. We also received a very small mailbag from the UK which took 5 weeks to arrive in Papeete. We used Marina Tahina as our receiving address invariably you must pick up packages from the OPT office after receiving notice of their arrival there was no fee for part which came free of customs charges but might have had a value of perhaps \$100. If receiving parcels to Marinas best to put your name without the vessel name.

marinataina@mail.pf

Modern well equipped marina, 10 miles out of town. It is close to a large Carrefour and has both coin operated laundry and free showers. Michel's Chandlery is in the compound. Friendly staff, diesel and water available for those on moorings. as of 2017 For us pedestrian class yachts under 60 feet the high season (1st March to 30th Sept) rate in the marina is \$1.00 per foot per day and one half that in the low season. Mooring are \$1.84 per foot per month year round for monohulls and \$2.76 for multihulls. Better protection than Marina Papeete in a north-westerly.

In the low season leaving your yacht for the "cyclone" season generally requires a reservation for you by June/July. The manager noted that during the only cyclone to ever come close to Tahiti, the marina lost two cleats with little damage to boats. Beware that agents have been known to claim that only

they can secure a reservation, which the manager insisted is not true. The area does not usually require dehumidifier in the rainy season generally.

9-2019 Coral Trekker It is a good spot to be reaching all suppliers in Papeete town. Be careful they have dirty power !! Though European 220V they run on American 60 Cs. So many electric motors on European machines won't work.

9-2018

Hello all,

Just so that Papeete Marina is not singled out as the sole source of crime on Tahiti, be aware that my Hans Christian 43 ketch was broken into and robbed while in the anchorage off Marina Taina. The suspicion is that young people swam out from the beach next to the Intercontinental and broke in. Stupid things were stolen, including the ships papers, while other more valuable things were ignored or missed. A very old Raytheon VHF hand held, prior to the creation of Raymarine, was stolen and yet a new Standard Horizon hand held was skipped. A portable Olympus camera was taken while a more expensive Nikon SLR was left. The old Asus Atom laptop being used as the navigation computer was taken and a newer, more valuable Lenovo laptop was left.

I have heard from Philippe, the manager at Marina Taina, that there have been other break-ins in the anchorage as well, some with much more damage than was done to my boat.

So beware.

Mark

There are no reservations except for the ARC.

Just come in and pick and empty slip and then walk up to the office to register

This modern marina with floating docks is very affordable in the, summer months 1st November to 31st March. The cost for a 10 meter vessel (they use your registered length so bowsprits don't count) is \$81 a week. A 12 meter boat is 9763xpf in 2017. Winter rates 1 April to 1 Nov are 2.4 times higher (10 meter boat \$195 a week.) Slips in the winter are not always available. The electric and water are metered with modern prepaid card (240 volt only.) In the heart of the city it has security and of course hot showers and laundry. Best of all in the summer months an air-conditioned lounge with free Wifi. Staff are very friendly and helpful. In a strong westerly the swell through the marina requires vigilance with fenders

speakers, laptops, etc.). All three boats were monos moored bow to the dock. We are always locked and have had no problems. The marina staff basically say it's not their problem. The "security guard" does not carry a VHF. The police say there is not much they can do.

SV Panache

11-18

Another robbery where the vessels main door was closed but the adjacent window was open for air. Thief reached thru the window and unlocked the door. Items stolen: unknown

12-18

Reported a vessel was boarded while a young couple with 2 children were sleeping and a number of items were taken. The boat was NOT locked up while the family was sleeping.

This seems to be a common occurrence with this marina. Fenced and guarded does not mean safe. Multiple thefts over the past 3 years. **Please always lock up when leaving the boat and while sleeping.**

09-19 SV CAPALL MARA

We anchored close to the yacht club on arrival from the Tuomotos, but in the bay outside the channel. We dinghied in and tied up to their dinghy dock and found the office to pay for the dinghy. The manager, Jesse Besson, politely told us that this is no longer possible. We were able to take a mooring for 5 days which gave us the dinghy access and security. There is no anchoring in the yacht club environs as the

area is very busy with small boats and canoes. The other area where there is a skate park is not secure to leave your dinghy - a "black spot" Jesse said.

Berths maybe available if a member is away. There are no visitors berths or moorings.

The anchorage around Tahiti Yacht club is generally in the twenty meter range. The club charges 1500xpf a week for the dingy dock and access to their hot water showers. They also have good clothes washing facilities. Carrefour is close and several food trucks come every night. Their moorings are rarely available and cost is high. You can take diesel but not water there but the maneuvering room is very tight (wouldn't recommend for a full keel boat for sure.) You can occasionally get an end tie for a day or two on one of their docks. WiFi is available from adjacent cafe from the WDG pay-as-you-go cards.

Check out the Tahiti Cruisers Guide for who might carry what boat part you need. Remember Papeete shops supply the whole of French Polynesia so shipping to other Archipelagos is everyday business for them. So if you need something and don't want to pay extra to an agent then: 1) get a prepaid land phone card from OPT, 2) phone one of the shops in Papeete if they have your item, 3) give them your name, boat name and harbor you'll be at, 4) they can either email you their payment info or give it to you on the phone. A small item cost us 1000xpf (\$10) for the shipping, 4) go to post office with the email and pay (in cash) the invoice into their account, 5) they give the package to the freighter company and you go to the dock and retrieve it when it arrives. Be sure to bring your identification although you probably won't need it.

5 minutes from Marina Papeete. Previously Marine Elec

Co-Owned by Thomas and Alex.

Alex services Simrad, Lowrance, B&G, Garmin, Raymarine.

He can also work on sat phone issues.

Alex is the Raymarine warranty service / dealer for French Polynesia

SWR meter to check vhf and vhf antenna.

Very quick to answer emails in English

Catalog here >>> <https://marinesupplies.fr/catalogue/>

11-2023 SV Flyer I have a great recommendation for an electrician(s) in Tahiti. Thomas Dumont and Alex Bono of Marine Supplies in Papeete just completed the installation of a Victron lithium battery upgrade on our 2007 Outbound 46, "Flyer." It was an extensive electrical refit and they discovered several problems with the factory wiring which explains why we were having so many problems in charging our 600 ah array of AGMs on the crossing from Mexico to French Polynesia.

Not only does the new system charge more efficiently, but now with the installation of a Victron isolation transformer, we can connect to the 230 v shore power system which is a great convenience.

Most importantly, Thomas took the time to explain to me the details of the job every step of the way and he will be providing me a detailed diagram of the new system.

10-2023 SV Elvira We had work done by Marine supplies through both Thomas L and Alex. They are close by the Marina and did a professionals and fast work. They seem to be heavily booked, so try to make a reservation two weeks ahead. The shop has some really good stuff and are professionals in testing your marine electronics, such as Raymarine. We also found some good sheets to a good price there. They can also order Mastervolt parts

3-22 SV Swan In March of 2022, while I was at Papeete Marina, I noticed my neighbour was having a RADAR installed. Out of curiosity and need, I approached the electrician, Thomas, tentatively as he was obviously busy. He was very helpful and responsive to my request providing good advice.

Weeks later, I returned from sailing and asked Thomas for help with trouble-shooting. Even though he was busy, he still made time to answer my questions and then recommended his colleague Alex from MarinElec (phone number +689 87374715). I was very pleased with this help, and I would recommend Thomas DuMont, although be aware he is quite popular, so he might not be available immediately.

01-21 SV Cyrolia I bought Cyrolia, a 2010 Jeanneau 53 in December 2020. Starting in January, 2021, I have been working with Thomas who has been an excellent installer, upgrader and has been able to fix just about any electrical problem I have encountered. He has installed a new GEL battery bank, replaced my charger and inverter with a Victron system, is gradually replacing all my Raymarine with B&G electronics, installed my AIS, GPS and Iridium systems. And we are redesigning and creating a new electrical panel. Because he is good, professional, reliable and fair, he is busy and should be scheduled so that you can design the systems from a bigger picture perspective as much as possible vs being reactive with fixes and installs. I highly recommend Thomas and he will continue to be my electrician so long as I am in French Polynesia.

4-23 SV Freydis we found them to be very helpful giving good advice about new nav lights. Unfortunately the trilight we purchased was faulty but they refunded our money as they didn't have another in stock.

12-2022 SV Reva Reva

Had trouble with our watermaker in Tuamotos, and we contacted Alex. He was very helpfull, and knew what he was talking about. He helped us solve the problem over Whatsapp. For remote guidance on

electronics, this is the guy to call.

10-22 SV ProfAsea Knowledgeable, Reliable, and there when you need him!

Recommended and installed charging system after trouble shooting charging issues. (Solar, batteries, charger, etc.).

Raymarine expert: bench tested and repaired our wind transducer saving us replacement costs.

On call: our autopilot quit functioning while crossing from Moorea to Taiatea. We called Alex and he diagnosed the problem over the phone (short in Linear drive clutch wiring), and explained to us, step by step, how to repair. With Alex's help, our auto pilot was again working and we were able to return to Tahiti with a fully functioning auto pilot!

Thank you Alex for all you do!!!

2-2022 SV Isis First time at leaving a review for someone but felt compelled to inform people of my experience. I contacted Marine Electric to install our additional solar panels and victron controller. Alex was both efficient and tidy in his work manner and exceeded expectations. We then had an issue with our engine, we contacted Marine Electric again and Alex was immediately on hand to help out. When after an hour he informed us that the starter motor needed replacement there was no charge and he gave us great advice on who to contact to help with the issue. Marine Electric supply a great service and are highly knowledgeable Re yachts. I can highly recommend them if you have any electrical requirements.

2-22 SV CAPALL MARA After much deliberation and with a heavy heart, I must revise my entry on Alex of Marine Elec

He did a major Lithium Installation for us in October 2020. We went to the Tuomotos shortly after. Alex answered various questions of mine happily.

Early in 2021 I was ordering items from the US, I asked Alex to help me and offered to pay him for his time.

When it came time to install the electronics, it was like a different Alex. He was curt and distracted. His new trainee made several errors. The upshot was that his actions damaged our vhf. I managed to get replacement from the manufacturers but Alex became uncommunicative. He started only answering my texts in French.

There were ongoing questions I had about the Lithium installation so we employed another person who found several wiring mistakes ,that could have damaged the lithium batteries.

I can no longer endorse Alex of Marinelec,.

9-21 SV Nuwam2

I would recommend Alex Marine Elec. Alex is currently installing a range of electronics on our boat. Alex is professional and his work is very good.

9-2021 SV Ipanema Very please with Marine Elec!

12-2020 SV September AM

Alex was able to attend to our navigation electronics problem at short notice, after another appointment was postponed.

He diagnosed quickly and was able to communicate in English. Professional.

11-2020 SV Sea Bear

We recently decided to change from our AGM/generator set up to solar panels and lithium batteries such that we could be totally off the grid and rarely rely on our generator. Alex from Marine Electric installed 5 x 330w solar panels, 3 x 200Ah lithium batteries and all of the monitoring equipment that goes with it. His work was carried out with utmost care to detail, and very professionally. We were so impressed with his work ethic and the quality of installation. When we have had a few questions after the installation was complete, he's always been very responsive and helpful. We love our new set up and would highly recommend Alex if anyone is considering upgrading as we did!

5-20 SV Notorious

Very competent, meeting stable, speaks good English and is mega fair.

5-20 SV Capall Mara

Alex is excellent

10-19 SV Counting Stars

Alexandre at Marine Elec in PPT fixed my generator wiring. He shows up on time, makes everything perfect and extremely fair with pricing.

Samedi : 8:00-11:00

Dimanche : Fermé

Far and away best general chandlery for sailing boats. Stocks engines, mounts, some shafts, couplings, engine instruments, exhaust parts, hoses, lighting, electric parts, line, plumbing parts. Most staff speak English. Be aware the free French Polynesia Guide has the shop in the correct street but it is approx. 500 meters further east on Chef Vairaatoa. Owner is somewhat reticent about placing special orders which may be due to his not being able to compete with duty-free prices. (Yacht guide to FP map of location is off 500 meters)

Parts for Perkins, Hyundai, Isuzu, Sweden Marine Diesel, Kohler, Cummings.

The store owner was able to find a fitting hollow screw for my Volvo engine whereas Nautisport (the official Volvo distributor) was unable to find the part

Have a reasonable stock of electrical cable, fittings, breakers and lights.

Some SS fasteners on the side wall.

Ocean 2000 carries Racor filters and housing. They also carry Dahl Filters

6-2020 reported they had Inox BBQ's for sale

5-19 S/V Nehenehe

Very well stocked, helpful owner with a wife that is less so. Very good English is spoken. It seems like they had the most varied selection of general chandlery items of all four marine stores that I went to. Note that they have a 24 hour return policy that if exceeded becomes difficult to use; they tried to deducted 50% of the cost after 24 hours. Apparently.... It is all in French at the bottom of their invoice. I would rate this store a 8 out of 10.

Christian Koan Sales Dept email is now:

vendeur1.bmr@sthmarine.com

10-2019 SV Panache

STH Marine did the 1,000-hour service on our Yanmar diesel engines. The mechanics were good, but their manager gave them the wrong manual and then interpreted it incorrectly. They set my valves incorrectly. It took me weeks to convince them that they were wrong. They finally relented, agreed I was correct and fixed their mistake. I wonder how many boats in Tahiti are operating with the wrong valve settings

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

Sopom

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

[view in google maps](#)

Tahiti Yacht Accessoire
Michele Baltzer
689-87-74-10-02
tyaccessoire@yahoo.fr
Marina Taina

Best stock of line, webbing, chain, carries West Systems in bulk and dispenses at very reasonable price. Lots of stock which is less than obvious so be sure to ask. Is a wealth of knowledge about sourcing things. Speaks good English.

Michel has a surprising lot of electrical components in his small store. Good place to start your search

Michele often has Victron equipment / invertors

Stocks Danfoss compressors has the 35 and the 80 model. In 3/17 he stocked a keel cooler type condensor.

In 3/17 stocked 5 Lofran windlasses and a large stock of gypsies.

10-2019 SV Panache

Michel Baltzer owns a chandlery at Marina Taina. He has high quality products and is very knowledgeable. He focuses on ropes, rigging hardware, chain, anchors, plumbing, fiberglass supplies, wiring, and some electrical parts. He doesn't handle boat maintenance supplies (polish, soap, oil, paint, etc.) For those products got to Sin Tung Hing Marine or Oceans 2000.

5-19 S/V Nehenehe

Tahiti Yacht Accessories: Excellent and highly knowledgeable business. Kind, helpful, and generous. Extremely well stocked for the size business. More parts for high performance boats than anywhere else. Excellent selection of cordage for our boat. I am left with the impression that the owner would sell the shirt off his back to help you out. I would rate them a 10 out of 10.

Tavaroa next to McDonalds

Titora

Mo'orea

2/2023 SV Tavae We bought a firm 15cm foam with a cover from Tahiti Matelas a year ago. I thought we have the foam for a year, and went to the shop to complain. They said to me to try with buying a memory foam topper... Then she said that foam should last for about a year. I gave up. But few days ago I was looking for something and found our bill where actually we saw that foam lost its shape much earlier – it lasted about 9 months.

Cover was not tight around the foam as I think it should be. Maybe that was the reason that foam just lost the shape very quickly.

The cover is beautiful but very quickly start to form some fabric balls all over the surface. Not nice on touch.

The price was about \$300 for one Queen size bed.

11/21 SV Aldebaran We actually just picked up our custom mattress from Moerani today and I have to say it's nothing but a block of foam no better than the one we had before.

6-21 Tahiti Matelas is a mattress store with 6 locations, including one on Mo'orea. They say their mattresses are "factory direct pricing" and made in Fenua. So if someone wanted a box spring mattress it might be worth talking to them to see if they do custom sizes. Also they sell memory foam toppers and, rare in this part of the world, US "king size" pillows.

Sin Tung Hing Marine is the local distributor for Simrad products

10-2019 SV Panache

(I know this is a Raymarine report but also applies to STH in general)

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

Notarize

Island: Tahiti

<https://www.notarize.com/>

12/20 Submitted to the FP Cruiser FB page

If anyone ever needs a US document notarized, you can do it online now. Earlier, I had to make an appointment at a US Embassy, have my shoes, ears and underwear checked for bombs (half joking) and pay \$50 per signature. One document had 12 signatures - you do the math. With this service, you just need a webcam and a somewhat decent internet connection, which admittedly is hard here. There are other companies and I have no connection to this one, but point is you don't need to go to the US Embassy for this nowadays.

NUTS, BOLTS, SCREWS, FASTENERS

Nuatisport Outboard Service (SAV) 689-4053-3070 They are an authorized Suzuki dealer. We needed a two year service on our outboard and I don't like to change engine and lower gear oil over the water (the outboard is pretty much permanently connected to the dinghy – centre console). They came over and dropped off one of their staff who got in the dinghy with me to travel across the harbor (Papeete) to a boat ramp on the other side and they had a truck and trailer there to pull me out and take it to

their service department. They then drove me back to Papeete Marine. The next day they delivered the dinghy back to Papeete marina and I then took them back to the boat ramp where we paid the bill. We tried to tip them but they refused. They are pretty much French only, so unless you speak French, find someone does to book your appointment. We got Franko at the marina to do that for us. Great service.

contact@comptoirpolynesien.pf

Facebook: Comptoir Polynesien – Yamaha Tahiti

NOTE: 10-23 SV Auntie Jerome is not longer with Comptoir Polynesian but self employed see his contact info under outboard repair

Jerome on WhatsApp +689 54 82 92

3-2022 SV Auntie in the small print is a recommendations for Jerome who I think is a service manager. I didn't notice that, and just took my outboard to Yamaha dealers without asking for Jerome. It was returned a week later with 3 parts damaged/broken that were not that way when I gave it to them. I contacted Jerome at the Yamaha place, he took charge, had the men come get it again, and had everything fixed. Jerome is a 'must' when using Yamaha dealers/service in Papeete!

11- 2021: SV Sugar Shack Our Enduro 25hp outboard stopped shifting in reverse. Matt diagnosed the

problem which was a lost, broken or damaged cotter pin on the shifting mechanism. Unfortunately, you had to completely take off the entire motor/powerhead to get to this part.

We stopped by the Yamaha Repair location (next to Nautisport and just down the road from the Yamaha dealership) and spoke to Jerome (he speaks English). They said it would take a long while to get the parts (due to covid), so we ordered them and had them brought in with a guest. Jerome picked up our outboard from Marina Taina (in front of the Fluid Dive center), had it repaired and returned to us within 2 days. In addition, they replaced our spark plugs and changed the oil.

The labor was a little more than we anticipated and the pickup/delivery was 7000xpf. We could have dinghied from Marina Taina to their shop, but then would have had no way to get it to their shop on land.

Overall, very pleased with their service, turnaround, and work. Super friendly, easy to work with, and they do what they say they are going to do!

Linear Polyurethane is available at Polynesie Pentures tel 40 53 17 53 in Fare Ute on Voie M. Natalie speaks very good English. They can mix any colour.

Two blocks from Ace hardware. Walk up the oneway diagonal street across from Ace past the Yamaha building on the corner and the next block on the left

Assuming you are "roll and tip'ing" or foam brushing then avoid the fast hardener, best to use slow or normal also Be sure to get normal thinner not fast. They also have the very best price on zinc based primer by far. For foam brushes go to Ace but small mixing pots go to Sin Tung Hing Marine. Sin Tung Hing and Ace both carry respirators with organic filters.

In the heat here any masking tape except 3m will leave a horrible messy glue residue Sin Tung Hing carry an assortment as does Nautisport and Ocean 2000.

Tahiti Ocean Mega Yacht agent

+689 40 42 80 31

Steve just discovered a closet in the mega yacht agent office at Taina and they sell all Epifanes products. Its right by Raiatea yacht

Ace Hardware

They are now carrying a French brand in a square can. We used this a number of times. Went on really nicely, slow drying so it spread easily thinned with mineral spirits . BUT any place we varnished that had high traffic hands touching it or arms resting on it was terrible. It became all gummy and took a big effort to remove it with a razor blade as we could not sand it off. With that said we will not use it again.

PERSONAL TAHITI GUIDES

Corinne Mc Kittick

Island: Tahiti

Corinne Mc Kittrick

87-75-91-56

makanalani56@yahoo.fr

SV Jacaranda We can highly recommend Corine for a personal tour of Tahiti. She will pick you up and take you all around the island. Her knowledge of all things Polynesian is amazing. She has a PHD in Polynesian Languages & Civilization. She is fluent in English

06-20 SV Cream Puff

Excellent personalized tour covering the entire island of Tahiti. Corinne is very knowledgeable and loves to share her vast knowledge in a very personable tour. The tour is maximum of 4 people because that is how many fit into her car. J Corrine is an absolutely lovely lady born in Tahiti. She has good humor and speaks excellent English. Corinne will tailor the trip to your needs. Some of the highlights: waterfalls, a

cave, gardens, ancient temple, Polynesian stories, different plants and their medicinal uses, beaches and more. The tour is relaxing and not rushed.

Our tour started at 8:00am and ended around 5:30pm (we were back around 6:00pm). Corinne included a bottle of water for each of us. Lunch was at a local restaurant and was fabulous and reasonably priced (not included in fee). Part of the fun was that Corinne added a few personal stops along the way; a veggie stand that she likes, a chocolate shop and a local artisan trinket store near the restaurant. If you book directly through Corinne the fee is a bit lower than booking through other sources. We highly recommend this tour.

A Cooking Gas Overview - How to get a loaner bottle

Island: Tahiti

Starting during the Pandemic Tahiti Gaz refused to allow the service stations to loan out bottles of cooking gaz so the yachties could refill their tanks. Due to the hoarding by the locals they were afraid they would run out of bottles.

Now in 2023 the rule still applies. If you want to obtain a gaz bottle you need to get permission by Tahiti Gaz.

now you need to contact Tahiti Gaz and obtain permission

below is the contact info for Tahiti gaz that I was given at the Mobil station in Taravao. Initially I sent an email to enquire about joining the gas bottle exchange here in Tahiti, however, they require a phone call to ask questions about why you need the bottle. It is all conducted in French. They want to know why you need the bottle, how long you will be staying, and that you promise to return the bottle before leaving. That doesn't guarantee a tank, it just let's them know you are interested and they will call you when you are approved. (Note: this is our recent experience, called Nov. 2022 received bottle Jan 2023)

Campgaz Cooking Bottles

Island: Tahiti

We have had a number of folks looking for the larger blue bottles called Campgaz. After much searching including going to the Gaz plant in Fare Ute they were unable to find ones for sale.

Please let me know if you find these for sale. See picture

9-21 According to SV Capall Mara Ace Hardware in Papeete has all the fittings to fill your own bottles But NOT the larger tanks..

We tried to buy one in Tahiti even visiting Tahiti Gas but couldn't get one. You can get them refilled in

Tahiti but be aware if considered too rusty they won't do it. We haven't been able to get the Camping Gaz refilled in Hauhine or Bora Bora. Purchased 13kg bottle instead and have decanted into our three Camping Gaz bottles. Good luck

98714 Papeete

They are in Tipaerui Valley on the leftside as you drive up and 100 m before Polynois.

SV Coral Trekker

I spoke to the owner they are on facebook :

techpol.outuloutout

They sell new Kärcher machines both for private use and commercial.

They have all Accessoires and chemicals needed. Also the hoses and connectors.

They do after sales service on all Kärcher equipment.

They also rent out commercial Kärcher units (grey color not the private yellow ones) They ask a deposit for the the rental refundable upon return.

Best regards

Robert

STH Marine carries Lowrance radios (Lowrance, Simrad and B&G radios are mostly the same models sold under different brands)

10-2019

STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month.

STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in NZ.

8-2023 SV Auntie I found a 'new to us' refer repair man in Raiatea. He's really good

Capable, professional, and really good. He found a persistent small leak on low pressure side which others had missed. Fluent in English. Boat owner himself. Has all the equipment, battery operated so no need to worry about AC voltage match. Good explanations while he is doing the work. He's quite busy, but he understands weather windows and does his best to fit you in. Highly recommended.

Lago - Multiservice Nautique

Island: Tahiti

Lago - Multiservice Nautique

Lagodiciaccio@gmail.com

+689 8926 4364 (Whats App)

Close to Taina marina

9-21 SV Ipanema He is a young French guy who lives in Puna'auia, next to Taina Marina. He speaks a bit of English, he was very responsive to my calls and WhatsApp questions, he was very kind answering all my questions and doubts about my problem and he fixed my refrigerator for exactly half of the price of the main guy here.

But more important than the price, it was a pleasant experience. He seems to be eager to get more work.

I know it is just one good experience, but maybe it is another option since when I asked around, everyone I talked to felt really trapped by the alternative for this type of work

Luc Vacher-Coponat

Island: Tahiti

Luc does refrigeration repairs:

Tel: 87 73 79 19

Recent reports have been awful on this guy. Shoddy work, refusing to stand behind his work

Beware this is not a reputable refer guy!!

12-18 La Mizu

Would never recommend or use Luc again. VERY unhappy and disappointed with his work.

From the SV Bear 9-17

I can't recommend him. He showed up without a flashlight which gave me hesitation. He stared at the machines for quite awhile (3 hours), before adding refrigerant. My AC side of units compressor after his repair ran at 185 degrees and heated my engine room, obviously over charged, and I hope it did not damage the compressor. I saw him the next day and asked him to stop by, a no show along with 3 phone calls. We paid him \$150.00.

The engine driven side does not freeze.

Bear later reported that they had their fridge serviced in Raiatea and were able to resolve the issues created by Luc

Marine Refrigeration Mike Campbell

Island: Tahiti

Mike Campbell

Refrigeration and Air Conditioning - Installation - Maintenance - Repair

689 8964 3260

mikecamalila@gmail.com

Located in Taina on a mooring opposite the super yacht key on board Alila, an Irwin 54

This is the first fridge business that we know that solely specializes in Yachts.

10-2023 SV Hilsen

We just had Mike on board the other day and what a joy! He is absolutely a wonderful person with nice attitude and much humor. Beside that he is very skilled at he's work. We had a leaking pipe from the compressor to the fridge. He solved it right on the spot. It only took 2 hours and the price was very fair. I only have good things to say. 5 star service ?????

01-2023 SV Auntie

I recommend Mike Campbel for refer repair. He knows his business, has the right equipment, and gets it done. Worth waiting for his expertise.

10-22 SV Malaika Just wanted to share our amazing experience with Mike Campbell. Our water cooling fridge died the other day and we called Mike to have a look. He came and found the problem and the very next day he was changing our system to air cooling one. He was so fast and efficient!! We are so happy with our new silent fridge and it even takes less power now!! So if you have a fridge problem team Malaika highly recommends Mike for the job!! You'll get excellent service and funny jokes 🤪

10-22 SV Hedonism Just wanted to share our amazing experience with Mike Campbell ❤️ Our water cooling fridge died the other day and we called Mike to have a look. He came and found the problem and the very next day he was changing our system to air cooling one 🤪 He was so fast and efficient!! We are so happy with our new silent fridge and it even takes less power now!! So if you have a fridge problem team Malaika highly recommends Mike for the job!! You'll get excellent service and funny jokes

7-2022 SV KONBREGO Just wanted to recommend Mike Campbell for anything refrigeration!! My fridge was working 'ok' after a 1 year lay-up but I felt it could be better. Mike was quick to investigate and found a small leak in the pipe connectors. He cut these out, made welded joins, regassed and my system performed 100% better – running less, saving power and keeping the rum perfect temperature! I've recently consulted him again to change from water cooled to air cooled as part of an upgrade I'm planning in NZ. As a superyacht captain I've had a lot to do with so called fridge expert's many who don't really understand small boat systems. But Mike's depth of experience on vessels of all sizes shows, his advice and logic is very sound as is his workmanship. I am happy to recommend him as fantastic resource for the cruising community.

1-22 SV Hedonsim Mike Campbell, our friend and also the "go to" refrigeration guy came by to finish installing our new Danfoss BD50 compressor today. Mike needed to use his big 230 VAC vacuum pump to purge the system so the best way was just to "raft" with us for a few hours. It is very rare for a BD50 to fail but ours did after 16+ years. Mike actually had a new BD50 "in stock" on his boat!! Our new install also includes an air condenser in series with our Keel Cooler so should be pretty efficient and we will be able to run the fridge while "on the hard". Thanks Mike!

12-21 SV Cyrolia- Mike Campbell just installed a new Vitrifrigo freezer unit on my sailboat. Super happy with Mike, the quality of his service and work, and his British sense of humor!

And Mike: if you see this... my four tubs of ice cream are rock solid frozen!

7-21 Jacaranda - We returned to the boat in Mo'orea after an absence of two years and the fridge did not start. After conducting some tests at Mike's suggestion I contacted Mike with the results of these tests and Mike gave me a 95% probable rate that it was the controller. I replaced the controller and fridge is working now. Mike is a good guy!

7-21 SV Lilikoi Introduction: We bought our FP Lipar1 41 in Marina Taina in March 2020, then locked-down in Hawaii until this week. Finally got to our boat and the fridge didn't work. Looked for info on your guide and found Mike Campbell under Refrigeration repair.

Mike dinghies over the day after I asked him for help by email. He assessed the situation, went back to his boat for tools and materials, returned 2 hours later, trouble-shooted it to isolate the controller as the issue, replaced the controller and we have a cold fridge again.

Mike is prompt, courteous and professional, as well as a fun-loving guy with a great sense of humor. Highly recommend Mike in the Marina Taina area, and thank you for providing and maintaining your guide for cruisers.

1-21 SV Barracuda Mike came round shortly after we contacted him. He was quick to spot the problem (a change in our power management) and give advice. Definitely knows his stuff and is friendly, responsive and helpful.

12-2020 I first came across Mike Campbell in Palma de Mallorca in 2006 when I was the Captain of a 112 ft Swan called Song of the Sea.

He installed a second freezer for us as we were just about to start a Circumnavigation via Tahiti ! Imagine my surprise when in 2020 I was Captain of a Swan 90 in Tahiti with refrigeration problems and bumped into Mike !!! The problem had haunted us all the way from the Canaries without anyone be able to solve the problem. Mike managed to find the problem, which was basically a design error and got the system working better than when the boat was built up in Finland.

3 yrs later and close to 50,000 nm it's still running strong.

In fact whilst back at Nautor last year for a major refit we didn't need to touch the refrigeration and after discussing the fix Mike had carried out Nautor " took it onboard " and are now retrofitting it to vessels that come in for service and I believe new vessels will have it as standard.

So apart from his terrible sense of humour , unusual for a Liverpool Lad , myself being one as well, I can highly recommend Mike as a professional and experienced engineer who works hard and is honest.

Fair Winds and Smooth Seas

Guy Spencer

RYA Yachtmaster Ocean CE.

11-2020 SV SV Mat-Lau III Mike has repaired and serviced our fridges twice now, latest Oct 2020. He knows what he's doing, and will also tell you if he's unsure if a particular fix will work, unless tried (in our case we took the chance - it worked). He has replaced copper tubing, bled and re - adjusted pressures, and also given us instruction on testing ourselves, if any future issues may arise. He always returns within a day or so, to ensure things are still working ok. Our fridges are now running perfectly. He does answer calls or emails, and will come within a time span he has indicated. Also has a good sense of humor.

8-2020 SV Sugar Shack We thought we had a slow leak in our fridge. Mike came by to do an initial assessment and scheduled to come back with his tools and Freon. He walked Matt through testing different things to diagnose future issues, filled her up with Freon and gave us many laughs and giggles along the way. Even though he came for two visits and stayed a little more than an hour he only charged us for one hour. He is very professional, kind, and courteous.

Pacific Froid

Located Taina

5-2021, Sv Marauder - helped a friend organize a rig-survey with fenua rigging. These guys were on time, nice guys, and they were thorough! Got the survey back within 3 days. I'd recommend them for another survey.

10-2020 SV Nuwam2 Emilien from Fenua Rigging fitted rigging on our boat and very happy with his work?????. They turned up at agreed times for quote and fitting. You can get them to fit your supplied wire or they can manufacture what you require..
French speaking but via email works well and on-site his partner speaks English.

9-2020 Fenua Rigging – our Experience, sv HEDONISM

I have been holding back on saying too much about Fenua Rigging as I am not one to go and say negative things about someone or a company however, I feel obligated to speak up so other cruisers are aware of the issues that we had so they can be aware that they MUST be supervised closely!

Our background: We have had Hedonism for over 15 years. We have un-stepped the mast a total of 9 times since new and have rigged it ourselves the last 2. (always been present for the other occasions)

We needed to do a complete standing rigging change. I contacted the OEM supplier of our rigging and got a complete list of the rigging as it was originally installed on our boat. The order was placed in June in the USA for a complete set of rigging including all turnbuckles, toggles, mast head toggles, back stay with SSB and so on. We have a Genoa and a Solent headstay.

I have been dealing with a health issue here since February and have been recovering so I decided to enlist the services of Fenua Rigging to do the heavy work, especially changing both forestays with the furling rigs. They quoted a labor rate of \$75 per hour (times the two of them so \$150 per hour) and the hours expected were reasonable.

When the rigging arrived, they arrived at the appointed time and commenced the work here at Marina Taina. Both Laurie and I were present there to assist as laborers and to observe.

They worked very quickly; too quickly in fact so they were prone to making mistakes and taking shortcuts. I am summarizing at the bottom but in one instance, a pin on the Solent stay was not only NOT secured with a split (cotter) pin, it had worked itself out to where the end was flush with the toggle. This was partially hidden by the furling drum that had been dropped into place. It was only that night when I suggested to Laurie to take a closer look, that I disassembled the furler enough so that we could raise the drum assembly up the foils to inspect. It was only then that we realized the significance of the poor workmanship.

After that, we had a meeting with Fenua to discuss the issues. Things improved somewhat after that meeting; see bullets below.

When we got to installing our new Lower shrouds, they announced that the Terminal end fittings did not fit the mast back plates. After checking the Intermediates and Cap shrouds they advised that the Intermediates did fit but the Cap shrouds did not either.

The new shroud terminal fittings were manufactured by Hayn and the original ones by Gibb which is no longer in business. I was advised that I would need to order all new back plates from Hayn. Fenua supplied me with the part numbers that I would need and in fact, sent them to my rigging supplier. I arrange for air shipment and they arrived fairly quickly BUT when they did, I took them to check that the Hayn shroud terminal fittings would fit the new Hayn back plates; they didn't. I got a hold of Fenua to come and take a look which they did promptly. They agreed that they did not fit and offered that perhaps they could arrange a machinist to machine about 2mm off the outside elbow of the fitting. Well, "NOT on my boat" I advised.

I knew something was not right so I climbed the mast later and removed a stay to compare against the new Hayne terminal shrouds. Upon inspection it was obvious that the radius of the elbow was not correct when compared to the old one, the Intermediates and to the ones depicted in the Hayne catalog. I took detailed photos and forwarded them to the company that supplied the rigging. Their initial answer was that "Hayn terminals should fit Hayn back plates"! No kidding.... I pressed the company to send my detailed photos to Hayn which they did. Within an hour I got an email back saying that after viewing my information Hayn agreed there had been a manufacturing defect my terminals. (and others perhaps?) Hayn themselves built us a new set of Lowers and Caps and shipped them Air Freight to LAX and then prepaid my Air shipping cost to Tahiti. I was very happy even though the mistake cost us significantly, new back plates were NOT needed (Hayn's were identical to the original Gibb plates), delays, shipping, import fees and so on.

Why I am putting this information in a report on Fenua Rigging? Fenua should have seen the defect at the beginning (they are the riggers?) and should not have suggested that we needed new back plates or to "shave 2mm off" the fittings. (I also note that the QA at Hayn and the company that built the stays

should have ALSO noticed the defect as well)

I have summarized the issues in point form below.

First episode:

- Solent Stay pin not secured with split pin and in fact, worked $\frac{3}{4}$ of the way out, still at the dock!
- Dragging shrouds on deck and the boom leaving large marks on the Gel coat and in the case of the boom, permanent marks on the paint. The Gelcoat was brought back only with 3M Imperial compound a lot of labor.
- Walked on our Hard Dodger without asking if it was okay to do so. Laurie had to stop him and brief him where he could and could not walk.
- Paint chips on the mast where stays and shackles were allowed to bang against the mast
- Furling lines on the headstays were not loaded back on the drums
- After installing the backstay, they were about to leave and I asked them why they did not re-install the SSB cable that they removed. They were not familiar with how to do it but tried. In doing so he just walked out on the boom but still could not quite reach. I was standing right there as he stepped onto out Solar Panel rails. We both yelled to stop but it was too late. We now have a bent tube that we still need to repair. And, he still did not do it correctly so I ended up redoing it myself later in a chair down the backstay.
- The Genoa luff feeder was installed upside down
- It took two full days to get the boat back in shape

Second episode:

- After the new back plates arrived and determining the terminals still not fit, I decided to proceed to have them install the new back plates so as to save time later. This involved removing all of the stays one by one. PRIOR to going up the mast I asked as to "how" he was going to prevent the "old" backplate from falling down inside the mast. He had made up this little "tool" to go in the socket of the plate but never used it. We decided instead to tie a string through a rivet hole and back out the socket. The first back plate had 5 rivets to drill out to remove the back plate. He proceeded to drill out all 5 at the same time and then used a punch to punch out the remaining rivet parts. On the first use of the punch the whole backplate dropped down inside of the mast where it remains... I asked why he did not attach the safety string after drilling the first hole? Pretty simple, drill one hole, punch it out, install the string and then do the remaining 4 rivets. They did NOT want to that. I insisted, so they did. It was that point that I almost escorted them off the boat.
- Once finished with the back plates they tensioned and tuned the stays. When I went to feel the Cap shrouds, they were unbelievably tight. I laid down on the boom to eye the mast track and it looked pretty much like a hockey stick. I acknowledge that we still had the Lowers and Caps to install BUT I had instructed them to tune the rig to "go to sea" as at that point I did not know when the new replacement stays would be arriving. We ended up re-tuning the rig ourselves.

Other than that, they were better on the second visit. They took time and care to not drag stays on the deck, covered shroud fittings and shackles when raising and lowering them and so on. This was only after the "meeting" where I pointed out NOT to rush, I was paying them by the hour and close supervision.

In closing suffice it to say, I would not recommend Fenua Rigging, especially if you are not completely familiar with the rigging process. If you choose to do so, hopefully this report will give you an idea on what to watch out for. Other than the serious issues noted, I would summarize that they had no respect for our boat at all. It was almost as though they had always worked on older boats that perhaps, did not care.

BTW; We subsequently installed the new Lower and Cap shrouds ourselves when they arrived.

Bob + Laurie Mackie

9-2020 SV Takamoana Just wanted to give Fenua Rigging our appreciation. They provided a detailed

quote to replace our standing rigging and delivered as and when they said. Follow up support was prompt and we are very happy. All European and Australian standard fittings and wire.

SAILS

Maintenance Marquises Autona

Island: Hiva 'Oa

Maintenance Marquises

4-2023 we had our mainsail repaired where it ripped from leech to luff in two separate areas below both the first and second reefing points along the seam. We also had our Gennaker repaired, a small repair. Both were done by the sail loft at Maintenance marquises, Hiva Oa. That was almost a year ago and repairs have held so far. We did have to be very specific about what we wanted and how we wanted it done. We also had to point out a few things that were not done before we left and the sail maker completed those. It's was pretty good value and they have a proper loft and machine. The attitude of everyone there was very nice.

3-2023 I recommend MMS in Hava Oa. We had a ripped off Genoa sheet eye (consequence of a storm) and we got a perfekt repair. You may need time, as the sailmaker there is very busy (the burdon of a good reputation)

8-2020 SV Avatar The guy who does the sewing at Maintenance Marquises boat yard name is Tino. It is one of their many services. He allowed us to help with by cutting & pulling the old stitching & he was very fair on his sewing time charged.

Contact for boatyard is Maria.roche@maintenancemarquises.com

Regine is located in Apooiti Marina and primarily works for the charter companies. But in her spare time she will do canvas work for cruisers.

4-2022: Sugar Shack: Our large 200/sq.m spinnaker blew out during a bad gust. She was really bad with a tear all the way across the center and down the side seam. Plus she had several weak spots. We took our sail to Regine who laid it all out on her large floor while examining the amount of work. She asked if we wanted to color match the sail and we said no as it is a 20+ year old sail and the colors are all faded. We just wanted it to work and did not care if it was pretty.

She said it would take 4/5 days and would cost \$800 plus material. We were heading to the states and told her we did not need it for 2 weeks. But she called us 5 days later stating it was done and the cost was \$850. When we picked it up she laid it all out again and showed us her work. The next day we flew her and we were super happy with the repairs. The shape remained the same, the weak spots patched and the tears all repaired. I would highly recommend Regine! She was polite, professional, on time and reasonably priced!!

Ocean Sails Tahiti

Island: Tahiti

Michel 689-8771-1686 (oceansailstahiti@gmail.com)

9-2019 SV Sugar Shack

We had Oceans Sails (Michel Pegart Maitre Voilier) do repair work on our sail bag and he did not do a good job. After visiting his sail loft and speaking to him about types of threads used and process, we felt confident he'd do good work. We asked him to quote the repairs on our sail bag (strengthen and reinforce) and small spinnaker (we blew out clew). The sail bag was the priority as we had a backup spinnaker.

With the sail bag we asked him to patch the small holes, reinforce all stitching, reinforce the batten sleeves, and re-attach our name flap which came off. He said it would be "no problem, easy job, and could be done in a few weeks at very little money." Several weeks later, my husband went to pick it up and paid \$600 (more than a little money to us, but our bad for not getting an exact quote first). When my husband went to install the sail bag, he noticed several areas had the new stitching already coming out (Michel failed to lock stitch the beginning and ends). In addition, in several places the stitching was crooked when it should have been straight. Unfortunately, we had guests coming and needed the sail bag up. So, my husband finished with the install before we had to leave.

In addition, with the spinnaker he said it would cost well over \$1,000 to repair or he would have to cut it down and charge a little less. This is an 18-year-old spinnaker so it was not worth the cost to repair. We took it back.

We were very disappointed in the work from Ocean Sails. We had higher expectations since he had several good reviews, the loft was professional and he "said all the right things." **Very poor craftsmanship and work.**

6-2019 SV Panache

There are at least two sail makers in Tahiti. Michel owns OST and does first class work. He is not inexpensive, but you get what you pay for. He speaks excellent English. We know several cruisers who used him and they were all pleased. He is located near

<https://www.facebook.com/Tahiti-Sails-La-voilerie-de-Tahiti-1565124503784879/>

Very nice guys. See examples of their work on their facebook page. They do most of the mega yacht repairs.

4-2023 Report sent in I am a former sailing professional (former owner of a sail shop in France for 15 years). For my part, this sail shop is simply bad, last year a friend had a Code D style sail made, it was very bad in the sense that we do not make a genaker in cross cut but in tri-radial. Also while talking with Mado in Taravao, she told me that she regularly resumed repairs made in Tahiti Sail because they were so badly done.

11-2020 SV Tintamarre

We asked Sebastien and Guillaume to quote and advise for repairing our genoa and mainsail. They are not cheap; but they were happy to take time to discuss the repairs in detail in their loft, didn't mind that we declined to repair the mainsail (opting instead to replace using Zoom Sails) and collected and returned the sails to us promptly. We liked their service.

Oct. 2020: SV Sugar Shack

: Our main sail needed to be repaired and re-stitched. It is made of double layer dacron and weighs in at almost 300lbs. We decided to hire Tahiti Sails to help us with the repairs as we did not think our little Baby Lock sewing machine could handle the material. Guillaume (Marina Papeete) +689 87 33 73 33 (g.jestin@gmail.com). Guillaume usually picks up and drops off on Tuesdays and Thursday in Marina Papeete. We showed him the work that needed to be done which was mostly re-stitching and creating new covers for the head, clew, tack, and baton pockets. He said it could be done in a week at a cost of 40000/50000xpf (about 5/6 hours of work). He picked up the sail on Friday, had a quote to us on Tuesday, and the sail back by Thursday. At the shop, he tested all the thread to ensure it would not fail, added new tail tails, covered a few weak spots we did not notice and completed all of our original requested work. He was very professional, did what he said he was going to do and stayed in communication with us throughout the process. In the end the cost was 35595xpf. We are very pleased and highly recommend Tahiti Sails.

9-1-2020 SV Tourterelle

We used Tahiti Sails to fix our gennaker and were very happy with the result

6-2020 SV Cream Puff

We contacted Tahiti Sails for a quote for our two spinnakers. One of the sails had two small tears but the Mizzen Ballooner had a major blow out along the seam. Guillaume responded quickly to my email and an appointment was set for two days later. Guillaume arrived on time with a friendly smile. He took the sails to his shop so he could get a better idea of what needed to be done. The quote was reasonable. The repairs were made and the sails returned within a week. We were very pleased with the repairs and would recommend Tahiti Sails.

5-19 S/V Nehenehe

We worked with Guillaume Jestin <<mailto:g.jestin@gmail.com>> at Tahiti Sails. We have a DP Hydranet mainsail which is a difficult fabric to resew. We had him raise the clew, move the tack back, and repair significant damage to all seven full batten pockets. His knowledge, workmanship, and skill level were exceptionally high. I rate the business as excellent. He showed up exactly on time and completed the work . He replied to our emails very quickly and he is fluent in his English speech. I am highly impressed given that he was under the added strain of having an entire ARC fleet in town and they were all clamoring for his attention. He worked over a holiday to complete the work at the promised time. I would rate their business a 10 out of 10

10-18

Tahiti Sails were helpful for the sliders we needed for the sails, and offered also to bring them down to Marina Taina for us

6-18 SV Jacaranda

We did not use them. After obtaining a crazy high quote to make a square window cover for our dodger. Told them to forget it. We had the cover made by another company 90% less than their quote!!!

4-17 SV Liward

We wanted to let everyone know about an excellent sail loft in Tahiti. They just did some repairs for Liward and we were very happy. Prompt, Professional, and Reasonable. They speak english.

6-18 SV Minyga

I would recommend Tahiti Sails - quick response from email sent to contact@tahitisails.com came to Taina Marina looked at job, provided quote by email and then job done and delivered promptly. No credit card - cash payment only.

Taina SV DouDou

Sail repairs, upholstery, Canvas, dinghy chaps.

I live since two year in Tahiti, on my boat « Doudou » at Taina. I'm working directly on the boat for small work/repairs and in my house for bigger work. Working on my own most of the time but also working oftenly for Scott (Tahiti crew).

10-2019 SV Panache

We were at Marina Taina for 5 months. It's offers much better protection than Marina Papeete at that time of year. The downside is that it is not near downtown and the bus system is irregular/undependable, at best. We purchased new 50cc Peugeot scooter from Bamboo for 300,000XPF, including 2 helmets, a rear storage box and two chain-locks. Vincent speaks excellent English and is very helpful. You don't need a special licence for scooters of 50cc or less. We purchased insurance at a store in the Carrefour

Puna'auia complex. The scooter was a FANTASTIC idea and provided us with complete freedom while we were in Tahiti. It was easy to sell, and it ended up costing us about 600XPF per day. The cost to rent one is 3000XPF per day.

Célestin Sewing Machine Repair

Tel 87 31 70 53

It is located on Faa'a at St Hilaire at the water castle.

7-23 reported he is no longer in business.

Access: road before Batipol, continue until after the 5th speed bump, 2nd path on the right, up to a yellow house, there take the middle path, along a rounded wall, it is a house with an upper floor on the left.

He does not deal with electronic sewing machines

0202022. SV Auntie GREAT SEWING MACHINE REPAIR! Had my 60 year old Pfaff sewing machine repaired and serviced yesterday by a wonderful man. I highly recommend Celstine for non-electronic sewing machine repair. Call the phone number in the Tahiti Cruising Guide (not the one posted here several weeks ago), and he will come meet you at the Faa'a airport and take you to his house which is place of repair. He is a master!

The coordinates may be accurate, but the neighborhood is complicated, best win is to call and follow him.

11-2021 SV Freevol It is really perfect, fast, and explains everything he does and why, tells you about all your maintenance faults and the remedies to be taken. It is not expensive at all !!! He repairs all brands of sewing machines, including professional ones.

Soda Stream Notes

Island: Tahiti

4-22 submitted to FP FB page by Emilie

* SODASTREAM FP mystery **

Good morning all 🙌

We share with you the solution of the SodaStream mystery in Polynesia 😊

After 2 years of confusion between different bottles, we understood that you can find both standards

in Polynesia !

In the Super U stores (validated in Raiatea & Huahine, to be check in Tahiti), they sell the bottle model with thick thread (European standard / picture on the right) and in the other supermarkets (Champion, Carrefour...), they sell the bottles with thin thread (Australia & New Zealand standard/ picture on the left).

So ... Don't throw away your EU/USA SodaStream equipments !!

See photo of different thread types

1-2021

The valves for soda stream bottles and machines are of one type in North America, and of a different type in the pacific. This means that no store in FP will accept your 60L CO2 bottles for refill or supply you with new ones that will fit your North American bought soda stream machine. The only solution is to fill your bottles yourself with dry ice, or buy a new machine and bottles. You might save some money by ordering the brass bottle valves used in the pacific in advance (I found them online at a brewers supply store in Australia) and swap them yourself on your 60L CO2 bottles so at least you can reuse those.

Carrefour next to Marina Taina sells a range of FP soda stream machines, and the CO2 bottles to go with them cheaper than at the official distributor of soda stream (O'pure).

Soda Stream Refilling Yourself

Island: Tahiti

Sodastream Refilling yourself

If SDA is unable to fill your bottle due to not being able to match the thread type. There is a shop that carries the adapter from Australian to USA thread located directly across from Marina Papeete and located next door to Boutique Nespresso.

[https://www.amazon.com/dp/](https://www.amazon.com/dp/B08L795VRB?starsLeft=1&ref_=cm_sw_r_cso_cp_apin_dp_BR8HFT2A5ZASNS6MNGM0&fbclid=IwAR2vMqgzF-_ZNFjvaodTSfhhBR3R3vO9FDu7h5pX7cLjGJSWz2nq7T4w_B0)

[B08L795VRB?starsLeft=1&ref_=cm_sw_r_cso_cp_apin_dp_BR8HFT2A5ZASNS6MNGM0&fbclid=IwAR2vMqgzF-_ZNFjvaodTSfhhBR3R3vO9FDu7h5pX7cLjGJSWz2nq7T4w_B0](https://www.amazon.com/dp/B08L795VRB?starsLeft=1&ref_=cm_sw_r_cso_cp_apin_dp_BR8HFT2A5ZASNS6MNGM0&fbclid=IwAR2vMqgzF-_ZNFjvaodTSfhhBR3R3vO9FDu7h5pX7cLjGJSWz2nq7T4w_B0)

If your sodastream thread is non standard to those in FP it has been noted by numerous cruisers that you can refill it yourself.

Purchasing dry ice by weight that matches what is on your bottle label. Unscrew the threads and fill with dry ice.

You can buy dry ice from Gazpac

See CO2 refills for details

SOLAR PANELS

Doenergy

3-20-2024 SV Tavae They always have a good stock and can deliver in few days. One what they have now is about 440 watt. They have all mounting material.

12-21 SV FreeVol Excellent price (20,000 francs per 320 watt panel), free Taina delivery, perfect reception. They don't sell solar panels smaller than 320 watts

8-21 SV Hedonism
just bought 2 each, 340 watt panels from Ace's Solar store. I forget their name but they are part of the STH group. Just moved their store front to where the little restaurant used to be right on the corner between Ace Paint store and Ace Hardware. I priced the panels at Sunzil as well but the STH store was \$155 each or about 100 bucks cheaper (each) than Sunzil. The panels are the newer "split design" that reduces the partial shading issues, Yingli Solar. FREE delivery to the working dock at Taina included.

[view in google maps](#)

Sunzil Papeete

Fare Ute, Papeete

Martial Oberli (speaks English)

87-70-82-94 m.oberli@sunzil.com

There are very few 12V panels most are 24-48V for residential or commercial. But stock is constantly rotating so be sure to check it out

11-2020 SV Mat-Lau III Sunzil is a large commercial installer of solar systems in French Polynesia. They will also supply top quality batteries, solar panels and solar controllers to the boating community at reasonable prices. Sunzil supplied 9 off CsPower HTL 12-150 AH Gel Batteries to Mat-Lau III at a very competitive price in June 2019. We are very happy with the performance of these batteries. In September 2020, Sunzil supplied 4 off Jinko 340 watt solar panels, and assisted us with the importation of a Victron SmartSolar MPPT 250/100 Controller. Sunzil will not fabricate Inox frames for the panels, so after a hugely frustrating experience with every marine stainless steel fabricator on Tahiti, we finally found Metali'nox who fabricated the frame to our detailed drawings. Sunzil co-ordinated with Metali'nox to ensure the panels would fit.

The staff at Sunzil are very knowledgeable, and the proprietor Jimmy Wong and his Sales Manager Martial Oberli, were very helpful - both speak English.

We are 100% satisfied with our solar panels - what a difference it makes to have power to burn.

10- 2019 (S/V Moskito Valiente) At the end we bought with Sunzil and we're very happy with it in overall!
:)

2017-2018 (SV Jacaranda) We have purchased a few different panels from Sunzil and have been very happy with the service and price. Martial even dropped them off after work at the Papeete Marina. Martial also shipped a panel to us in the Marquesas as well. Highly recommend them

Longitude: -149.571348

[view in google maps](#)

Inov inox

Tel 87 78 83 99 They have a very high end plasma cutter which can make chain plates or tangs. They recently made a set of titanium tangs for a customer who provided the plate material.

They are in the Tipaerui Valley.

10-2020 SV Clair de Lune I used this service to manufacture new 316L stainless chain plates. They are a high end decorative metal fab shop and they use a water jet cutting table which can pattern. So they just chucked up my old chain plates, turned on the cutter and manufactured new plates with thicker stainless. The jet cutting was so good, I didn't even have to touch any of the eleven plates with a file. They just dropped right in. Everything happened as they said it would. I was very satisfied.

11-2019 SV Maluhia Here's the info on Inov Inox.

Brought SS bar stock from the US. Went to Inov Inox in the Tipaerui Valley on Monday. Showed them the original chain plates which had a slight bend at the top and had two welded washers, one on each side to increase bearing surface for the rigging pin.

They said it was no problem to make, would be done by the end of the week. On Thursday I called and left a message. Friday I called again and left another message. On the following Monday I went to the

shop and was told that it would be ready maybe Wednesday. On Wednesday I called and was told maybe Thursday. On Thursday I went to the shop, and they said it would be done that afternoon and that they would deliver them to the fishing harbor near the airport as I was anchored near there. I said that would be great and to call me and I would meet them at the harbor.

At 3:00 pm I called and left a message. No return call was ever made. The next morning I went to the shop. Yes, here were the chain plates. When I asked why they didn't come or call they said they were busy and couldn't make it.

Unfortunately the mounting holes did not line up with the originals. The material I brought was now wasted. They apologized and said that they would make new ones and have them ready that afternoon. They had the correct material and said they would deliver them. Not trusting this I said no, I would come back to pick them up.

I came back in the afternoon. The plates were done. The mounting holes were aligned. Unfortunately the hole for the rigging pin was oblong and too big. They apologized and said it was difficult to find good workers. I was finished with Inov Inox and left with the plates but they did not charge me.

www.metali-nox.com

Specialize in Stainless steel railings and balastrades but can also fabricate binini and dodger frames. Owner is Stephane Wong speaks good english. They have MIG and TIG and a pipe bender. They are aprox 1.5 km up the road which goes north from the Pirea Marie. Be sure to call before you go. It is accessible via the small Hamuta or Arue bus. Get off at the Pirea Marie then walk to Intermat. It is the building behind Intermat.

11-2020 SV Moggy We had Metalinox manufacture a 1.5 metre long swim ladder from 42.4mm x 2mm wall, 316 stainless steel tube.

We supplied drawings and had phone conversations with Dan about the manufacture and in particular the bends required.

Overall we are happy with the result and we recommend Metalinox.

Potential customers should have realistic expectations.

Efficiency 5 out of 5

He got back to us in a very timely manner and answered all emails and phone calls promptly.

Speed of Manufacture 5 out of 5

It was to be finished with a time frame for delivery to us in the Tuomotus and he met that schedule easily.

Materials Used 5 out of 5

Exactly as requested

Welds 3 out of 5

The welds are strong but are rough. Many are undercut so Dave cannot polish them out. We understand that other people have asked for them to be tidied up and he has done this willingly. Unfortunately we did not collect the ladder ourselves and did not have this opportunity.

Bends 2 out of 5

These are a disappointing result. This could be due to communication error, but they are not in accordance with the drawings or our understanding of subsequent conversations.

Overall finish 3 out of 5

We knew when we ordered that he would not polish the ladder. To polish to mirror finish, a weld needs to be proud rather than undercut. As a result we cannot achieve a result that is commensurate with other stainless finishes on the boat.

Value for money 3 out of 5

It was a very expensive job for a strong, functional finish. If you want something pretty, this is not the guy.

We did ask him to quote for hinge fittings and the quote was around US\$90. We decided to import hinges from the USA for \$14

We understand that he is probably the best welder of this type in Tahiti. He is also very easy to deal with.

11-2020 SV SV Mat-Lau III Metali'nox are commercial and industrial fabricators specialising in sheet metal and stainless steel. They do a lot of decorative stainless steel fabrications for buildings and houses, but very little work in the marine industry.

We had Metali'nox fabricate a stainless steel frame for the installation of 4 x 340 watt solar panels across the stern of our Lagoon 500. The end result was very impressive and we are 100% satisfied with their work.

I should stress that we supplied very detailed fabrication drawings, and Metali'nox followed them exactly as specified - they got it right the first time and we had no rework. They delivered the frame to the boat and even helped with the installation at no additional cost.

Metali'nox will not polish stainless steel to a polished mirror finish, but their 320 grit polished finish is very pleasing to the eye.

The Manager, Dan, speaks English and communicates by email with the assistance of Google Translate. He is a very likeable and helpful young man.

Techinmarine

Island: Tahiti

Technimarine

address is the end of Fare Ute but to haul out you must approach from the pass east of Papeete due to the low bridge between Fare Ute and Muto Uta. Email: technimarine@mail.pf tel 689 40 43 02 22. Manager speaks english.

Have two travel lifts one is 75 metric tonnes, the other 300 metric tonnes. The smaller may not be appropriate for the width of some cats. The haul-out price for our 32 ft sail boat including the power wash was 39276xpf (\$353.48). Lay days were 6473xpf (\$58.25). Not sure if the per foot rate is different for the larger travel lift. You can do any amount of the work yourself you wish. It is very convenient to all marine suppliers available in FP. Electric and water are metered.

They have welders including TIG and MIG welding. They can spray in the yard (depending of wind conditions) including polyurethane. Staff are friendly and the facilities looked good for toilet and shower blocks.

9-18 - Portable welding can be arranged. Danish boat Lady A had some work done in Papeete marina

SURVEYOR

Christophe Citeau

Island: Raiatea

Christophe Citeau

Phone: 87796381

E-mail:chrisciteau@mail.pf

9-2022 SV Reva Reva

Bought a multihull sy Reva Reva unseen on Tahiti. I used Christophe Citeau as surveyor. He is not to be trusted. A couple of main things he overlooked on the boat was the following: One engine was toast. (Knocking and blue smoke), 200 liter of saltwater in the hull, windlass had broken of alot of pieces so its impossible to use. And the list goes on.

5-2021 SV Capella I used Christophe Citeau on Raiatea to survey the hull of a 45ft catamaran I subsequently purchased sight unseen from NZ. Be wary of this guy, he classed my rudders and keels as good condition. The keels were full of water and diesel and delaminated on the bottom and the port rudder also had bad water ingress and severe corrosion on the post. 15k NZD + to remedy. Cut keels off, cut tops of diesel tanks out for access, grind most of rudder away. Huge jobs he could have warned me about if he had done his job

10-2020 SV Sugar Shack We are an American boat that required a SAMS/NAMS surveyor for our insurance. However, we got an exemption after we obtained a "sample survey" from Christophe Citeau. Our insurance approved him and we did an out of water survey at Raiatea Carenage 6 weeks ago on our Catana 471.

He was very thorough visiting twice. Once for out of water and once in water spending a total of 4 hours on the boat. He said 95% of the boat was in "good" shape which is true and great. The only options are "good" "satisfactory" or "unsatisfactory".

We try to be meticulous with our 20 year old gal and he was impressed by her condition. The only gripe I have is that he was unyielding on the value of the boat - even after I sent comparisons showing similar values. He was very unreasonable. Considering it was only an insurance survey. But the report itself was good other than the overall value.

He is based in Taha'a and will travel to other islands (at your expen.pfse). He charged us \$700 for our 47' catamaran.

3-2020 SV Malaika

Our boat was surveyed by Christophe Citeau in March in Raiatea and he was good.

12-2019 SV Nuwam2

We used Christophe when purchasing our boat in Raiatea and found him to be professional and thorough and reasonably priced compared to others. He required out of water as well as in-water tests/ inspections and produced a in-depth report on completion.Highly recommended.

Excellent English and very dependable. She also does airport pickups as well. No What's App but does text.

3/23 Comments from a recent FP FB request for taxi drivers:

She speaks English and knows Taina well. She's dependable and will arrange your ride in advance.

Another vote for Emelie. Awesome chick

We use Taxi Emillie as well. Highly recommend

Yes she is great and we would always book a pickup by her when we departed even if it was months later. Never was late or missed a pickup.

July 2021: SV Sugar Shack

Emilie is lovely, professional, friendly, and courteous. She showed up on time, has competitive rates (2000xpf +100xpf per bag from Marina Taina to airport). She greets you at the airport with a sign and a smile. You can reach her by phone or text. She is not on email or WhatsApp. She has a large gray van that can easily accommodate 5/6 people and all of their luggage.

We scheduled her to pick us up (2 weeks before) at the airport at 00:45. She was waiting for us with a big smile.

Highly recommend her! (Jacaranda)

Loick Jeanneteau Taxi (Large Van)

Phone for his wife Celine: 87 36 59 91

<https://www.dolphinsandwhalespiritadventure.com/en/>

If you want to swim with the whales in Mo'orea Heifara's company is the very best. We call him the whale whisper.

We usually get enough people to rent the entire boat and he will come to your anchorage and pick you up. Much better as then you know everyone is a strong swimmer and you won't have to deal with inexperienced water people

Moorea Experience

Island: Mo'orea

Moorea Experience

(previously known as Moorea Safari Tours)

Phone: 87 72 84 87

Email: info@moorea-experience.com

<https://www.facebook.com/MooreaExperience/>

07/2015 SV Beyond Reach, Teare Back in 2015 my crew and I went on a tour with these guys. At the time the business was known as Moorea Safari Tours. It was a great tour, took all day. They picked us up at the dock and drove us all around Moorea and through the mountains. We stopped at several scenic places to take pictures, and our favorite stop was the distillery. Our favorite was the ginger liquor. Our driver/tour guide spoke english and was very friendly.

10/2020 SV Marauder, Teare & Martin We met up with this business again in October 2020. They are no longer called Moorea Safari Tours, though they still do their island safari tours. They've also added quads and horseback riding to their tours. We haven't tried the other tours yet but may look into it and update this later.

Temarama Tour

Island: Nuku Hiva

Richard Dean

<http://www.temarama.fr/>

We can recommend Richard as a local tour guide. He is extremely knowledgeable about not only the history and culture but also the plants of the island. SV Jacaranda

Excursion Bleu

Island: Tahaa

We took this tour for an overview via boat of the island of Taha'a, which is directly across from Raiatea, and accessible only by private boat or little commuter ferries. We wanted to see all the highlights all at once before picking what areas we would re-explore at our own pace on Shindig.

There are many tour companies listed online for Taha'a - this one stood out by its referral from another cruising catamaran, Panache, who had just finished the tour with a party of six. We jumped at the opportunity to try it ourselves. Would give the day a 10/10!

Excursion Bleu: Motorized outrigger with shade gives you access to shallow lagoons. They can pick you up in the anchorage outside downtown Uturoa, Raiatea. Timeframe is 830 - 5PM. Cost 110,000 xpf per person. Email: exb@mail.pf or excursionbleue@tahaa.net Bruno was our contact - good email communication. We booked two days in advance.

The following activities were included: swimming with sting rays and black tipped sharks in open water, guided tour of Vanilla Farm with full process of growing and harvesting explained, snorkeling in the 1st of 2 Coral Gardens, buffet lunch in very pleasant setting, lagoon side at a local families home, guided tour of the Pearl Farm "Chan", 2nd Coral Garden snorkeling through very shallow areas with coral and fish, Tour of the Taha'a Rum distillery and transportation back to boat.

The highlights were having plenty of time in the water (3 different sessions), great pace of activities, conversational tour guide and driver, having guided tour in the 2nd Coral Garden, where we went single file following the leader through the maze of Coral. In addition to lunch, there were snacks, including rum punch provided, and at the end of the day, cold Hinano beers. The group had a total of 10 participants, we were the only cruisers, English speaking and the oldest (!). It was a fabulous day spent as tourists, and highly recommended!

Vanilla Tours

Island: Tahaa

Vanilla Tours
Moe
Phone: +689 87 35 86 39
Baie de Hurepiti, Tahaa

Moe has a few bouts that are free of charge if you take his tour. We have recommended him to a number of people and all have been pleased. The tour takes about 3-4 hours and highly educational. I never knew vanilla required so much dedication

5-2022 SV SY COLON Look for the three big Polynesian canoes. Black hose where your own key or wrench needed to open. Drinking water and nice. Spring water.

Possible to anchor the boat on 20-30mide the reef and take the dinghy in last couple of 100m to fill up Jerry cans. Or take the dinghy all the way from phanteons anchorage/moorings

I asked about in the marina here in Phanteon and some local Lady from the sail school said i should use that one. So I did :

WATER PUMP

Adrian Pataki

Island: Tahiti

Adrian Pataki
svattila@gmail.com
689 87 28 60 83

You may want to start with Adrian to begin with

He does Diesels diagnostics, repair, maintenance
But also just about everything else. He helped Steve with the autopilot
yesterday and its fixed. Found lots of gunk in the fluid. And he also
does xantrex inverter/chargers and water makers.
He's a good place to start!

2-2020 SV Avatar We would like to give a reference for Adrian Pataki. We have been in FP for 4 1/2 years.
We have used Adrian in several capacities over this time. We have had him watch our sailboat, Avatar,
when away on a trip to the US. also several mechanical projects, repairs and a gen-set replacement as
he is the Beta Dealer for FP. Adrian has always been on time, does what he says he will do. And one of
the few Marine Mechanics that I have been in contact with that does not overbook himself. I was in the
Auto repair business for over 15 years and have known good technicians and Adrian in my opinion is
good, honest, fair and knowledgeable. Shelly and I whole heartedly recommend him.

Sail The Way – Rudy

Island: Tahiti

Sail The Way – Rudy
Cell Phone: 87 300 864
email: rudy@sailtheway.com
languages: English, Dutch, German
Location: Papeete

9-2022 SV ZIEZO

I have needed help on my water maker for years with persistent issues since it's installation by Fountaine Pajot and even after professional dealers assessing and "fixing it".

Rudy, helped me solve that problem as well as educating me on the issues.

We also had issues on our battery charging system. He took the time to slowly and thoroughly diagnose the problem, then resolve it, and then educated us in a manner that was easy to understand and not at all condescending. His calm reassuring manner made us feel at ease and encouraged us to ask questions so that we could fully understand the issues so that we could prevent further problems and maintain our system properly.

I would highly recommend him for all boat issues, from electrical to mechanical and everything in between.

For more information, see **Electronics (Marine)**

Spom - Carries some water maker pre-filters and EU watermakers

Sopom also sells waterpumps (e.g. for watermakers) and have knowledge about watermakers. They do also have a repair shop.

12-2020 It was reported to carry storage solution

Just to give you guys an update SOPOM did have an antifreeze gel that they sell for their Aqua-base watermakers

9-2019 Coral Trekker They are the agents for aqua base water maker from SCLE. They also represent Cummins-Onan generators and stock a big variety of Fleetguard filters. Awesome guy's excellent service and very professional people.

9-2019 SV Panache

Sopom is a sister company to STH Marine. My water maker had a slow leak at the one of the ferrules and was only operating at 2/3 capacity. The Sopom "specialist" came to work on our watermaker and told me that he couldn't fix the leak and that we would need to order a number of new SS parts. He also said that we had to chemically clean our membranes to improve production. I was able to fix the leak myself with fine wet/dry sandpaper and rubbing compound. I did 2 types of chemical cleaning with chemicals I purchased from them. No change. The problem was with the high-pressure pump, which I rebuilt and reinstalled. The system is now 100%. They were of no help whatsoever

Vini: 87296105/87279024

E-mail: giraultph@yahoo.fr

Located near Marina Tiana

12-2017 Irene

We had a crack in the combined bimini support and wind generator mast, which needed welding by TIG in situ. When we were moored at Marina Taina last December I asked advice from the Taina's director Philippe Olite on a suitable welder and a place where the welding could be done. He recommended Father Son team Philippe and Damien Girault and the work dock of Marina Taina.

Philippe Olite was kind enough to call the Girault brothers as I was afraid that I will have communication difficulties. We had to wait a few days because of very wet weather, and then took Irene to the work dock. Philippe Girault came as agreed with a van where he had the argon gas tank with a long enough hose to reach the work dock from the parking lot. Electricity was readily available from the work dock. The crack in the wind generator mast was quickly welded and Philippe repaired also our swimming ladders. He did not speak any English, but we had no communication problems. We were very satisfied

with the quality of the work and price.

7-2018 Kyory

Franz also reported excellent results from some SS welding and polishing he had from Girault. We called them and they came down to Tiana marina to pick up the items to be welded. They were returned all welded & polished.

8-2018 Avatar

Communication was no problem as Phillips had a translator on his phone. On time did a great job in two hours covering multiple cracks at joints in the arch for solar and davits. Would absolutely recommend them and use them again. Painless job at the work dock at the Marina. Marina charged \$2000 francs for the dock which was fair App: Girault charged 7500F per hour

Inov inox

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

[view in google maps](#)

Inov inox

Tel 87 78 83 99 They have a very high end plasma cutter which can make chain plates or tangs. They recently made a set of titanium tangs for a customer who provided the plate material.

They are in the Tipaerui Valley.

10-2020 SV Clair de Lune I used this service to manufacture new 316L stainless chain plates. They are a high end decorative metal fab shop and they use a water jet cutting table which can pattern. So they just chucked up my old chain plates, turned on the cutter and manufactured new plates with thicker stainless. The jet cutting was so good, I didn't even have to touch any of the eleven plates with a file. They just dropped right in. Everything happened as they said it would. I was very satisfied.

11-2019 SV Maluhia Here's the info on Inov Inox.

Brought SS bar stock from the US. Went to Inov Inox in the Tipaerui Valley on Monday. Showed them the original chain plates which had a slight bend at the top and had two welded washers, one on each side to increase bearing surface for the rigging pin.

They said it was no problem to make, would be done by the end of the week. On Thursday I called and left a message. Friday I called again and left another message. On the following Monday I went to the shop and was told that it would be ready maybe Wednesday. On Wednesday I called and was told maybe Thursday. On Thursday I went to the shop, and they said it would be done that afternoon and that they would deliver them to the fishing harbor near the airport as I was anchored near there. I said that would be great and to call me and I would meet them at the harbor.

At 3:00 pm I called and left a message. No return call was ever made. The next morning I went to the shop. Yes, here were the chain plates. When I asked why they didn't come or call they said they were busy and couldn't make it.

Unfortunately the mounting holes did not line up with the originals. The material I brought was now wasted. They apologized and said that they would make new ones and have them ready that afternoon. They had the correct material and said they would deliver them. Not trusting this I said no, I would come back to pick them up.

I came back in the afternoon. The plates were done. The mounting holes were aligned. Unfortunately

the hole for the rigging pin was oblong and too big. They apologized and said it was difficult to find good workers. I was finished with Inov Inox and left with the plates but they did not charge me. For more information, see [Stainless Steel – Fabrication and Welding](#)

Metalinox

Island: Tahiti

GPS Coordinates (Latitude/Longitude in decimal degrees):

Latitude: -17.552167

Longitude: -149.544409

[view in google maps](#)

Tel 87 77 02 77 Specialize in Stainless steel railings and balastrades but can also fabricate bimini and dodger frames. Owner is Stephane Wong speaks good english. They have MIG and TIG and a pipe bender. They are aprox 1.5 km up the road which goes north from the Pirae Maria. Be sure to call before you go. It is accessible via the small Hamuta or Arue bus. Get off at the Pirea Marie then walk to Intermat. It is the building behind Intermat.

11-2020 SV Moggy We had Metalinox manufacture a 1.5 metre long swim ladder from 42.4mm x 2mm wall, 316 stainless steel tube.

We supplied drawings and had phone conversations with Dan about the manufacture and in particular the bends required.

Overall we are happy with the result and we recommend Metalinox.

Potential customers should have realistic expectations.

Efficiency 5 out of 5

He got back to us in a very timely manner and answered all emails and phone calls promptly.

Speed of Manufacture 5 out of 5

It was to be finished with a time frame for delivery to us in the Tuomotus and he met that schedule easily.

Materials Used 5 out of 5

Exactly as requested

Welds 3 out of 5

The welds are strong but are rough. Many are undercut so Dave cannot polish them out. We understand that other people have asked for them to be tidied up and he has done this willingly. Unfortunately we did not collect the ladder ourselves and did not have this opportunity.

Bends 2 out of 5

These are a disappointing result. This could be due to communication error, but they are not in accordance with the drawings or our understanding of subsequent conversations.

Overall finish 3 out of 5

We knew when we ordered that he would not polish the ladder. To polish to mirror finish, a weld needs to be proud rather than undercut. As a result we cannot achieve a result that is commensurate with other stainless finishes on the boat.

Value for money 3 out of 5

It was a very expensive job for a strong, functional finish. If you want something pretty, this is not the guy.

We did ask him to quote for hinge fittings and the quote was around US\$90. We decided to import

hinges from the USA for \$14

We understand that he is probably the best welder of this type in Tahiti. He is also very easy to deal with.

11-2020 SV SV Mat-Lau III Metali'nox are commercial and industrial fabricators specialising in sheet metal and stainless steel. They do a lot of decorative stainless steel fabrications for buildings and houses, but very little work in the marine industry.

We had Metali'nox fabricate a stainless steel frame for the installation of 4 x 340 watt solar panels across the stern of our Lagoon 500. The end result was very impressive and we are 100% satisfied with their work.

I should stress that we supplied very detailed fabrication drawings, and Metali'nox followed them exactly as specified - they got it right the first time and we had no rework. They delivered the frame to the boat and even helped with the installation at no additional cost.

Metali'nox will not polish stainless steel to a polished mirror finish, but their 320 grit polished finish is very pleasing to the eye.

The Manager, Dan, speaks English and communicates by email with the assistance of Google Translate. He is a very likeable and helpful young man.

Recommended by the 2016/2017 Super Yacht Guide.

I just saw a spar he painted and it looked terrific (Jacaranda 2017)

Christian speaks some English.

Carpentry, Fiberglass & Spraying LP work

12-2022 SV Auntie

I had Christian make a small panel and he did a beautiful job. The teak matched my teak, the craftsmanship was excellent. He was quick too! I definitely recommend Christian.

8-21 SV Airborne We have had Christian do a couple of jobs for us in the last four months. The first was to cut a new nav panel with all the holes for radios, and MFD pre-cut. He knew we were going to do a carbon wrap so he finished it so there were no surface imperfections that would show through the wrap. The workmanship was perfect and was on time. The second was a set of teak bow pulpit seats on our catamaran. Again, the workmanship was excellent.

He is not cheap, but the products delivered are excellent and on time.

I highly recommend him"

Polynesia Yacht Services (PYS)
Laurent Bernaert
Tel:(689)87 77 12 30
polynesia.yacht.services@gmail.com

Excellent reports from numerous yachts that have used Laurent. Speaks English

10-2019 SV Amilie We first used PYS when Oyster retained him as yacht agent for the 2013/4 Oyster World Rally

We contacted him, again, when in Mexico before departing for Nuka Hiva last Spring 2018

PYS use Kevin (NHYS) in Nuka Hiva and our Fuel Duty Free Certificate were available on arrival, together with Kevin sorting out the paperwork for our entry in FP

Marina Taina seems to be pretty well booked up whatever time of year & we've met many cruisers who've been denied berths and moorings because fully booked. PYS have arranged our bookings and we've always been allocated a berth.

We were recommended Matt Rigging Services when in Marina Taina, again he seemed constantly booked up, when we contacted PYS we were on the schedule and it was worth the 10% fee charged for going through Laurent.

We've had occasion to import spares, new sails & a new generator over the past 18 months, each time PYS have sorted clearance at Customs and delivery to Marina Taina within 24 hours of goods arriving in Papeete Airport.

As an avid cigar smoker I found myself ordering cigars through PYS to fly them to Rangiroa. They were bought at wholesale, not retail, and even including the 10% buyers fee and freight to Rangiroa they were 30% cheaper than the shop in Papeete.

If you want to enjoy cruising these beautiful islands & minimise the time waiting for spares & services we highly recommend using PYS."

Handles the Oyster Rally when it comes thru.

2-2022 SV Siyeza We recently replaced our Starboard Yanmar engine on our Leopard 46, in Tahiti. Just a heads up to the agents at STH Marine. They were great to work with and very knowledgeable. Their mechanic Bryan is now permanently stationed at Marina Taina just behind the STH Marina retail shop. The Chief Technician based in Town is Florian, Very experienced and lots of knowledge

10-2019 SV Panache

STH Marine did the 1,000-hour service on our Yanmar diesel engines. The mechanics were good, but their manager gave them the wrong manual and then interpreted it incorrectly. They set my valves incorrectly. It took me weeks to convince them that they were wrong. They finally relented, agreed I was correct and fixed their mistake. I wonder how many boats in Tahiti are operating with the wrong valve settings.
